

6.4.3 Institutional strategies for mobilization of funds and the optimal utilization of resources

The utilization of funds is monitored by the Governing Body in consultation with the Principal. The institution has its accounts audited every year by external auditor K.S. BOTHRA CO. (Chartered Accountants). The last audit was done for the year 2020-21. There has been no audit objection in the audit reports so far.

Mobilization of funds

- The process depends on various expenses that need to be made under various heads like:
 - i. Academic facilities (classes, seminar, books, upgradation of laboratories, student support etc.)
 - ii. Physical facilities (repairs and renewals, maintenance, printing and stationaries internet etc.)
 - iii. Infrastructure augmentation (computers, furniture, CCTV camera, electrical appliances, water pumps, drinking water, fire safety features etc.)
- A budget is prepared for various heads based on the requirement for purchase of laboratory equipment, chemicals, library books, conducting seminars/workshops and other necessary items for conducting classes and other security features.
- The Secretary, Principal and the Accounts department ensures that the various recurring and non-recurring expenditures under each head lies within the allotted budget. The intervention of Management is required if expenses exceed the budget.

Optimal utilization of Resources (funds)

- The departmental heads give list of equipment, chemicals and other necessary items that need to be purchased for the session.
- The librarian prepares a list of books that need to be purchased, based on curriculum and demands.
- Institution has provision for release of funds for all academic developments such as arranging seminars, conferences, basic research, special lecture sessions and development programs of students.
- Travel grants are given to teachers (if claimed) for participation in FDP, seminar or workshops.
- Transparency is maintained in the entire process to ensure optimal utilization of available funds.

Optimal utilization of Physical Resources

Qualified laboratory technicians have been appointed who takes care of all equipment and other necessary items.

As the classes runs in two shifts (morning and day), the resources (classroom, computer laboratories, library, canteen and other facilities are properly utilized with no space crisis.

However, due to pandemic and college closure, all classes and activities were held online. Classes and internal exams were held through G-Suite Education. All notices, class schedule, study materials, exam schedule, exam instructions and university question paper were shared through Google classroom and emails.

Steps against Harassment to online classes

In the midst of the Coronavirus pandemic and the subsequent lockdown, when our college is conducting online classes to continue smooth teaching learning process, it is very unfortunate that some students directly or indirectly are continuously trying to harass and create nuisance in the learning Process. The matter has already been communicated to the Cyber Crime Department, Lalbazar. If any student of our college is found to be involved in the crime a strict action against him /her will be taken.
