1.4.1. Institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders: 1) Students 2) Teachers 3) Employers 4) Alumni

The institution collects feedback from Students, Teachers, and Alumni on curriculum and its transactions. The feedback is collected through Learning Management System (maintained by Right Brains Technology). The feedback link is available at the college website and the stakeholders login with their user-Id and password. The automated report is generated and downloaded for further analysis by Principal and IQAC members.
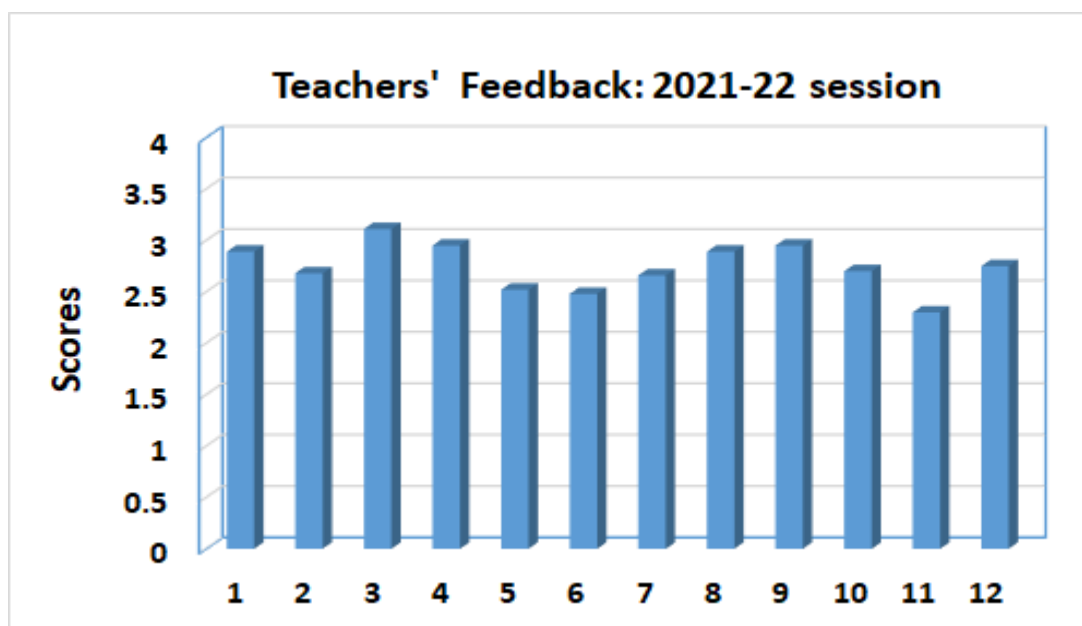

The feedback reports are as follows:

Analysis on the curriculum and its transaction at the institution from the following stakeholders:

- **Teachers**
- **Alumni**
- **Students**

Overall rating of all the questions on the feedback:

Category	Scores (out of 4)	Percentage (%)
Teacher	2.74	68.5
Alumni	3.24	81
Students	3.14	78.5

Following are the observations from the feedback:

Teachers:

The syllabus is:

- Quite extensive and is difficult to complete the vast syllabus of some of the papers within the span available of each semester. A strategic planning needs to be done for effective completion of the courses
- More textbooks as per curriculum needs to be added in the library

Alumni

- The syllabus to be more job-oriented and helpful in qualifying state/national level entrance examinations at the PG level. The college must take initiative to arrange textbooks/organize classes which may benefit students for various state/national entrance examinations

Students:
The syllabus needs to be:
- More helpful in job employability and qualifying entrance level examinations after graduation
- There is enough scope of arranging student exchange, industry/field visit, internship opportunities for improving their skill. The college must take more initiatives to arrange all such visits as a part of effective experiential learning
- More flexibility in choice of subjects as per CBCS pattern
