## 17.6 Accounting for Opening Service Tax Credit

The pending Service Tax payables and available Input Credit on Service Tax can be transferred from the previous financial year to the current financial year in Tally.ERP 9.

**On 30-4-09, FirstC Services decided to pay Service Tax to the government. Information pertaining to the Previous year is given below:**

- ❑ **Input Service Tax Credit for Rs. 1,030** on 10,000 bill value
- ❑ **Service Tax payable of Rs. 2,060** on 20,000 bill value

### Setup :

Create the following ledgers:

- ❑ **BSNL** under Sundry Debtors. Set Is Service Tax applicable to Yes.
- ❑ **Service Tax Credit** under Duties and Taxes with an opening balance of Rs. **1030**. Select the Type of Duty/Tax as Others.

- The completed **Service Tax Payable** ledger creation screen appears as shown below:

Figure 17.33 Ledger Creation — Service Tax Payable

- ### Step 1: Create Journal Voucher

1. Press **F2** and change the date to **1-4-2009**.
2. Select **Input ST-Telephone Charges** in the Debit field and enter the amount as Rs. 1030 for **Telephone Services**.
3. In the Service Tax Bill Details for **Input ST-Telephone CHRG**, select **New Ref** and type the Name as **Jrnl/11**.
4. Enter the **amount** Rs. 1,030

### Points to Remember

- ❑ Service Tax is an indirect tax levied on certain categories of services provided by a person, firm, agency etc
- ❑ Avail of the input credit on Service Tax paid on purchases by deducting the Service Tax payable.
- ❑ Service Tax is calculated on the assessable value but is payable on the value realised on the invoice.
- ❑ Tally.ERP 9 calculates the Service Tax payable and the Input Credit on each bill by tracking it bill-wise.
- ❑ The Statutory Masters in Tally.ERP 9 maintain a category-wise information on Service Tax.
- ❑ Tally.ERP 9 gives you the option to bill for services as an item.
- ❑ Account for Service Tax on the receipt of advance and make adjustments when an invoice is raised.
- ❑ Transfer the Service Tax balance payable and input credit from previous year to current year. The Service Tax Payable report displays the net Service Tax payable, after availing the input credit.
- ❑ Print the Form GAR-7 Challan from Tally.ERP 9 to pay your Service Tax.
- ❑ Print and File Statutory Reports from Tally.ERP 9, for the half-yearly filing of returns with details in Form ST3 and the Input Credit Form.

## Lesson 18: Tax Deducted at Source

### Lesson Objectives

On completion of this lesson, you will learn how to

- ❑ Configure Tax Deducted at Source in Tally.ERP 9
- ❑ Record TDS Transactions
- ❑ Generate TDS Reports and Challans

Tax deducted at source is one of the modes of collecting Income-tax from the assesseees. Such collection of tax is effected at the source when income arises or accrues. Hence, where any specified type of income arises or accrues to any one, the Income-tax Act enjoins on the payer of such income to deduct a stipulated percentage of such income by way of Income-tax and pay only the balance amount to the recipient of such income.

The tax so deducted at source by the payer has to be deposited in the Government treasury to the credit of Central Government within the specified time. The tax so deducted from the income of the recipient is deemed to be payment of Income-tax by the recipient at the time of his assessment.

The person responsible for deducting Tax at source is liable to issue a certificate to the person from whom the tax is deducted, so that the person can submit the same to Income Tax authorities.

### 18.1 Basic concepts of TDS

It is important to understand some of the terminologies & concepts of TDS :

#### Scope and Applicability

At present, incomes from several sources are subjected to tax deduction at source. Some of such income which are subject to T.D.S. are :

- ❑ Salary
- ❑ Interest on securities, Debentures

- ❑ Deemed Dividend
- ❑ Interest other than interest on securities
- ❑ Winnings from Lottery or Crossword Puzzles
- ❑ Winnings from horse races
- ❑ Payment to contractors (Other than Advertisement)
- ❑ Payment to contractors (Advertisement Contractors)
- ❑ Payment to Sub-contractors
- ❑ Payments to non-residents
- ❑ Payment to non-resident Sportsmen or Sports Association
- ❑ Payment in respect of deposit under NSS
- ❑ Payment on Account of Re-purchase of Units by Mutual Fund or UTI
- ❑ Payments in Respect of Units to an Offshore Fund
- ❑ Payment of Compensation on Acquisition of Immovable Property
- ❑ Insurance Commission
- ❑ Commission etc. on sale of Lottery tickets
- ❑ Commission, brokerage etc
- ❑ Rent of Land, Building or Furniture
- ❑ Rent of Plant, Machinery or Equipment
- ❑ Royalty Agreement is Made on Or After June 1, 2005
- ❑ Short-Term Capital Gains U/s 111A
- ❑ Fees for professional or technical services
- ❑ Fees for Tech. Services Agreement is Made on Or After June 1, 2005
- ❑ Income in Respect of Units of Non-Residents
- ❑ Income from foreign currency bonds or shares of Indian company
- ❑ Income of Foreign Institutional Investors From Securities
- ❑ Income From Foreign Exchange Assets Payable to an Indian Citizen
- ❑ Income by Way of Long Term Capital Gains Referred to in Section 115E
- ❑ Any other Interest on Securities
- ❑ Interest on 8% Savings (Taxable) Bonds, 2003

### What is TAN?

TAN is the Tax Deduction Account Number issued by the Income-tax Department to all persons deducting tax at source. TAN has to be quoted in all relevant challans, tax deduction certificates, TDS returns and other notified documents. To obtain TAN, all persons or organisations are required to apply in Form 49B to the TIN Facilitation Centres of NSDL.

### **Who has to Deduct Tax ?**

Any person making the payments to third parties as specified in scope and applicability section are required to deduct tax at source.

### **Who is a Deductee ?**

As per Income Tax Act, the Tax will be deducted at source based on the prescribed rate on payments made to the third parties, who are Assesseees (includes individual & HUF as covered U/S 44AB) carrying on business of following types.

Such Tax will be deducted at time of payment or credit, whichever is earlier.

- ❑ Individual
- ❑ Hindu undivided Family (HUF)
- ❑ Body of Individual (BOI)
- ❑ Association of person (AOP)
- ❑ Co-Operative society
- ❑ Local Authority
- ❑ Partnership firm
- ❑ Domestic company (Indian company)
- ❑ Foreign company
- ❑ Artificial Judicial Person

## **18.2 Configuring TDS in Tally.ERP 9**

The TDS module in Tally.ERP 9 is integrated with financial accounts and takes care of all the TDS and eTDS requirements of your business, right from voucher entry to report generation. Tally.ERP 9 completely automates your TDS management and accurately computes Tax to be deducted at source & TDS payable amount, TDS payment challans, TDS Certificates, Statutory Returns and other related MIS reports.

Its eTDS features further assist you to file your mandatory tax returns in electronic format as specified by the Income Tax Department. It helps in minimizing error-prone entry of information, incorrect remittances and also provides accounting for interest & penalties (if any) for smooth & effective functioning of your business.

### **Features of TDS compliant Tally.ERP 9**

Tally.ERP 9 comprises of comprehensive features to ensure accurate & automatic computation of Tax Deductible at Source for Non-Salaried deductees according to the provisions stipulated in the Income Tax Act.

The TDS functionality in Tally.ERP 9 encompasses the following salient features:

- ❑ Simple & User friendly
- ❑ Easy and quick to setup & implement

- ❑ Maintains complete tracking of each transaction from Booking, deduction till payment
- ❑ Allows deduction of TDS at the time of Booking expenses in the same voucher or separately at a later date
- ❑ Allows deduction of TDS at Lower / Zero Rate
- ❑ Allows deduction of TDS on multiple expenses of single nature of payment type in a single voucher.
- ❑ Allows computation of TDS on Expenses partly subject to tax
- ❑ Allows TDS calculation on advance payments
- ❑ Provides facility to compute TDS with/without considering Surcharge Exemption Limits for parties
- ❑ Provides retrospective surcharge calculations for prior / current period
- ❑ Allows partial / full payment of Tax deducted at source
- ❑ Provides automatic computation of TDS amount for each nature of payment
- ❑ Generates TDS payment Challan ITNS 283 (for Corporates & Non-Corporates)
- ❑ Generates TDS Certificates, TDS Outstanding report and various other TDS related MIS Reports
- ❑ Facilitates automatic generation of Quarterly as well as Annual eTDS returns in the physical as well as eReturns formats.
- ❑ Allows Challan reconciliation facility to keep track of issue of TDS certificates and remittance through challans.
- ❑ Comprises of all required provisions for TDS as specified by Income Tax Department
- ❑ Also generates consolidated TDS Certificates, Challan and Annual Returns for statutory and tax audit purpose.

### 18.2.1 Enabling TDS in Tally.ERP 9

It takes a one-time configuration in Tally.ERP 9 for TDS features to be activated. Follow the steps given below to enable TDS in Tally.ERP 9 for a new company, M/s. National Enterprises

***M/s. National Enterprises, is a domestic company engaged in manufacturing cement and other water proofing components.***

The first step is to create a Company as shown below :

#### Step 1: Company Setup

In the **Company Creation** Screen,

- ❑ Select **India** in the **Statutory Compliance for** field
- ❑ Specify **State, Pin code, Telephone, Mobile, E-mail** details
- ❑ Specify **01/04/09** in the **Financial Year from** field

- Specify **01/04/09** in the **Books beginning from** field

| Company Creation                     |                                                       | Ctrl + M                                                                        |                           |
|--------------------------------------|-------------------------------------------------------|---------------------------------------------------------------------------------|---------------------------|
| Directory                            | : C:\Tally.ERP9\Data                                  |                                                                                 |                           |
| N a m e                              | : National Enterprises                                |                                                                                 |                           |
| <b>Mailing &amp; Contact Details</b> |                                                       | <b>Company Details</b>                                                          |                           |
| Mailing Name                         | : National Enterprises                                | Currency Symbol                                                                 | : Rs.                     |
| Address                              | : 178, 3rd Phase<br>1st Cross, Jayanagar<br>Bangalore | Maintain                                                                        | : Accounts with Inventory |
|                                      |                                                       | Financial Year from                                                             | : 1-4-2009                |

Figure 18.9 Deductee Types

## 18.3 Creation of Masters

Once you have enabled the company for TDS, create necessary Expenses ledger, Party ledgers and TDS ledger masters. The TDS option would now be available in each type of ledger masters.

### 18.3.1 Expenses Ledger Accounts

Create the following expense ledger accounts :

| Ledger                 | Under             | Inventory Values are affected | Is TDS Applicable | Default Nature of Payment                          |
|------------------------|-------------------|-------------------------------|-------------------|----------------------------------------------------|
| Consultancy Charges    | Indirect Expenses | No                            | Yes               | Fees for Professional Or Technical Services        |
| Advertisement Expenses | Indirect Expenses | No                            | Yes               | Payment to Contractors (Advertisement Contractors) |
| Rent                   | Indirect Expenses | No                            | Yes               | Rent of Land, Building Or Furniture                |
| Commission Charges     | Indirect Expenses | No                            | Yes               | Commission or Brokerage                            |

Go to **Gateway of Tally > Accounts Info. > Ledgers> Create**

- ❑ Type **Consultancy Charges** as the **Ledger Name**
- ❑ Select **Indirect Expenses** in the **Under** field
- ❑ Set **Use for Assessable Value Calculation** to **No**
- ❑ Set **Is TDS Applicable** to **Yes**
- ❑ In **Default Nature of Payment** filed, select **Fees for Professional Or Technical Services** from the **List of TDS Nature of Pymt.**

| Ledger Creation                                                                |               | National Enterprises                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  | Ctrl + M |

## 18.4 Processing Transactions

As discussed earlier, Tax Deducted at Source on incomes specified by Income Tax department is affected at source when income arises/ accrues or paid whichever is earlier. Let us consider the following transactions to illustrate the TDS functionality in Tally.ERP 9.

### 18.4.1 Booking Expenses and Deducting TDS

#### Example 1:

*On 01/04/09, M/s. National Enterprises received a Bill (Vide No. ECS/001/09-10) from Evergreen Consulting Services, for Rs. 27,000/- towards Consultancy Charges.*

*Consultancy Charges is subject to TDS under 'Fees for Professional or Technical Services' Nature of Payments. The applicable Income tax rates for payment of 'Fees for Professional or Technical Services' to 'Company Resident Deductee' Type is given below :*

| Particulars | Rate |
|-------------|------|
| TDS         | 10%  |
| Surcharge   | -    |

## Create Journal Voucher

Go to Gateway of Tally > Accounting Vouchers > Press F7: Journal

1. Press **F2** and change the date to **01-04-2009**
2. Select **Consultancy Charges** in the **Debit** field and press **Enter**
3. Enter **27,000** in the **Amount** field.

The **Expense Allocation** screen is displayed as shown

- Press **Enter** to accept the **TDS helper** screen
- 4. The **Bank** selected in the **TDS Helper** screen is defaulted automatically in the **Account** field.
- 5. Set **Provide Details** to **Yes**, to view the **TDS Payment Details**
- 6. In the **Payment Details** screen
  - Enter the periodicity of the payment of TDS amount in the **From Date** and **To Date** field respectively
  - Enter the **Cheque/DD No** details
  - Select the **Bank** in the **Name of Bank** field
  - Enter the **Branch Account Number**
  - Enter the **Bank Branch name**
  - Enter the **BSR code** of the branch
  - Enter the **Challan No.** and **Challan Date**

The completed **Payment Details** screen is displayed as shown

## 18.5 TDS Reports

Tally.ERP 9 provides the facility to generate various TDS reports, Challans and forms in the prescribed format viz., TDS Computation Report, TDS Challan and TDS Statutory Returns for a month, quarter, year or any given period.

To view the TDS Reports,

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports**

Figure 18.91 TDS Reports

### 18.5.1 Computation

The TDS Computation report displays information about TDS transactions. It includes information about the total expenses and advances on which TDS is applicable, TDS amount deducted, balance TDS amount deductible, TDS amount paid and TDS amount pending for payment.

To view **TDS Computation** report,

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > Computation**

### 18.5.2 Challan Reconciliation

As per Income Tax Act, the details of payment of Tax Deducted at Source are required to be furnished in the TDS certificate issued to the deductee. For this purpose, the Challan details containing the information in respect of Bank Challan No. & Date, Bank Name, BSR Code etc., are required to be specified. Tally.ERP 9 allows to enter all the required information as specified by the statutes, by using the Challan Reconciliation facility.

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > Challan Reconciliation >**

- Press **F5: Challan Reconcile**

The **Challan Reconciliation** report is displayed as shown

| TDS Challan Reconciliation |                               |               |              |              |               |          |             |              |              |

### 18.5.3 Return

Corporate & Non- Corporate entities (deductors) responsible for making payments (specified under Income Tax Act) to third parties (deductees) and deducting tax at source at the prescribed rates on such payments are required to furnish TDS returns containing details of deductee(s) and the payment details relating to the deposit of such tax to Income tax department.

The following statutory returns have to be filed by the tax deductors :

| Form    | Nature of Payment                                                     | Periodicity |
|---------|-----------------------------------------------------------------------|-------------|
| Form 24 | Annual return of 'Salaries' under Section 206 of Income Tax Act, 1961 | Annual      |

| Form     | Nature of Payment                                                                                                                             | Periodicity |
|----------|-----------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Form 26  | Annual return of deduction of tax under section 206 of Income Tax Act, 1961 in respect of all payments other than 'Salaries'.                 | Annual      |
| Form 27  | Statement of deduction of tax from interest, dividend or any other sum payable to persons specified under Rule 37A of Income Tax Rules, 1962. | Quarterly   |
| Form 24Q | Quarterly statement for tax deducted at source from 'Salaries'.                                                                               | Quarterly   |
| Form 26Q | Quarterly statement of tax deducted at source in respect of all payments other than 'Salaries'.                                               | Quarterly   |
| Form 27Q | Quarterly statement of deduction of tax from interest, dividend or any other sum payable to non-residents.                                    | Quarterly   |
| Form 27A | to be filed in physical form with each return.                                                                                                |             |

Tally.ERP 9 allows you to generate and print statutory Returns in physical as well as uploadable formats as prescribed by the government. In Tally.ERP 9, you can generate the following Quarterly/Annual Returns

- ❑ Form 16A
- ❑ Form 26Q
- ❑ Annexure to 26Q
- ❑ Form 27Q
- ❑ Annexure to 27Q
- ❑ Form 26
- ❑ Annexure to 26
- ❑ Form 27
- ❑ Annexure to 27

### Form 16A

Every person deducting tax at source from payments (as specified in the Income Tax Act) other than salaries, is required to furnish a certificate in Form 16A to the person on whose account such tax is paid to the credit of Central Government within the prescribed time and specifying the amount so deducted, the rate at which the tax has been deducted and any other particulars as may be prescribed.

## Print Form 16A

**Form 16A** is a certificate in evidence of deduction of tax at source by the deductor and payment of the same into credit of the government. Form 16A is essential to claim credit of tax by the deductor in his Income Tax returns.

To print **Form 16A**

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > Return > Print Form 16A**

- In **Select Item** screen, select **Silverplus Enterprises** from the **List of TDS Party Ledgers**

Figure 18.102 Select Item Screen

- In **Printing TDS Form 16A** screen, enter the details as shown

- Press **Enter** to print

*In our examples, we have not considered payments made to Non-residents. Hence, the **Form 27Q**, **Form 27** and **Annexure to Form 27Q** will appear blank.*

### 18.5.4 eTDS Returns

With the automation of collection, compilation and processing of TDS returns, ITD notified Electronic Filing of Returns of Tax Deducted at Source Scheme 2003. Under this scheme :

- It is mandatory (w.e.f. June 1, 2003) for corporate deductors to furnish their TDS returns in electronic form (e-TDS return).
- From F.Y. 2004-2005 onwards furnishing TDS returns in electronic form is also mandatory for government deductors in addition to corporate deductors.
- Deductors (other than government and corporates) may file TDS return in electronic or physical form.
- National Securities Depository Ltd. (NSDL) is the e-TDS Intermediary (appointed by ITD) to receive the e-TDS returns from the deductors, on behalf of ITD.

Deductors furnishing e-TDS returns are required to furnish a control chart - Form 27A in physical form along with the e-TDS return furnished in CD/floppy. Form 27A is a summary of TDS return (Form 24, 26 or 27), which contains control totals of **Amount Paid** and **Income tax deducted at source**. The control totals mentioned on Form 27A should match with the corresponding control totals in e-TDS return file. Form 27A is required to be furnished separately for each TDS return (Form 24, 26 or 27).

The deductors / collectors preparing e-TDS returns are required to validate their returns with the File Validation Utility (a freely downloadable utility developed by NSDL), to conform to the prescribed format.

In Tally.ERP 9, the **eReturn** menu displays the eTDS Quarterly/ Annual Forms, which can be exported and validated with the File Validation Utility.

To view the **E-TDS Forms**

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > E-Return > E-TDS**

Figure 18.115 E-TDS Forms

### Form 26Q

**Form 26Q** is a **Quarterly** return for deduction of tax in respect of payments made to residents other than salary. To export **Form 26Q**

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > E-Return > E-TDS > Form 26Q**

- In **Exporting eTDS Form**, press **Backspace** and enter the following details
  - By default, the **Language** and **Format** is preset as **Restricted (ASCII Only)** and **SDF (Fixed Width)** respectively.
  - In **Export Location** field enter the details of the path to where the txt file to be exported.
  - In the **Output File Name** field specify the file name as **Form 26Q.txt**
  - Press **Enter** to accept the **Person Responsible Details** (The Address details are automatically defaulted from the Company masters in the Person Responsible Details column)
  - Select **Yes** or **No** as applicable, in **Is Change in Address since last Return** field.
  - Under **Other Details**, In **Category (deductor/Collector)** field select the **Deductor Category** and specify the applicable date in the **From** and **To** fields
  - Specify **30-06-2009** in the **Challan Date Till** field (i.e., Challan date to be considered for TDS payments made for the respective quarter/period)
  - In **Form Name** field, **Form 26Q** is defaulted
  - Specify the **Place** and **Date** of Filing Returns

The **Exporting eTDS Forms** configuration screen appears as shown

NOTE : Validate the exported file through the NSDL's File Validation Utility before sub

Figure 18.116 Exporting eTDS Forms

- Press **Enter** to Export **Quarterly Return in 26Q**

The exported file is placed in the Tally.ERP 9 Directory with the file name as specified above.

Figure 18.117 Exported Form 26Q in Tally.ERP 9 Directory

The exported file (Form 26Q) is required to be validated with the File Validation Utility (*a freely downloadable utility from NSDL website*) and after validation, the returns should be submitted to the department in CD along with **Form 27A** in Physical Form.

- ❑ *It is mandatory to validate the **TDS returns** with **File Validation Utility** to confirm to the requirements as prescribed by the Income tax department. In case of any errors in exported file (Returns), the **FVU** prompts a error message with error code, the assessee may correct the same and revalidate the returns (The **File Validation Utility** is available for **Quarterly** and **Annual returns** separately).*
- ❑ *Tally.ERP 9 exports both **Form 26Q** & **Form 27Q** in the **text (.txt)** format as prescribed by **NSDL**.*

### Print Form 27A

Form 27A is a summary of TDS return which contains control totals of **Amount paid** and **Income tax deducted at source**. Form 27A is to be filed in physical form with each return i.e., Form 26Q, Form 27 Q, Form 26 and Form 27.

In case of returns submitted in the paper form, form 27A need not be attached. Follow the steps given below to print Form 27A

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > E-Return > Print Form 27A**

In the **Printing TDS Form 27A** screen,

- ❑ Press **Enter** to accept the **Person Responsible Details**
- ❑ Under **Other Details**, specify the following
  - Select the **Deductor Category** in **Category (deductor/Collector)** field.
  - Enter the applicable date in the **From** and **To** fields
  - Specify **30-06-2009** in the **Challan Date Till** field
  - Select the **Enclosed Form Type** as **Form 26Q**
  - Specify **Previous Receipt No.**, if any
  - Specify **1** in the **No. of Annexures** enclosed field
  - Specify **Other Information**, if any
  - Specify the **Place** and **Date** of filing returns

The completed Printing **TDS Form 27A configuration screen** is displayed as shown.

- To Print **TDS Payables report**, press **Alt+P** from the above screen.

### 18.5.6 Exception Reports

In Tally.ERP 9, you can generate various TDS exception reports to help track and rectify any discrepancies in TDS entries. Tally.ERP 9 allows you to generate exception reports to track Migrated Vouchers, Migrated Bills, TDS Masters with advanced configuration, Migrates TDS Vouchers, TDS Masters without PAN Details and TDS Masters without deductee Type.

To view **TDS Exception Reports**

Go to **Gateway of Tally > Display> Statutory Reports > TDS Reports > Exception Reports**

Figure 18.131 Exception Reports

### **PAN Not Available**

The **PAN Not Available** report displays all the Party Ledgers for whom the PAN details is not available. To view the **PAN Not Available** report.

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > Exception Reports > PAN Not Available**

For eg., create ledger **Nikhil Computers** without providing **PAN / IT No..** The **PAN Not Available** report will appear as shown :

PAN Not Available

National Enterprises

Ctrl + M

List of All Ledger Masters  
(Where PAN Details Are Not Entered)

| Supplier Ledger Name | Deductee Type             | Contact Person | Contact Number | PAN / IT No. |
|----------------------|---------------------------|----------------|----------------|--------------|
| Nikhil Computers     | Individual/HUF - Resident |                |                |              |

Figure 18.132 PAN Not Available

You can also update the PAN Details of the Party from the above screen. This report is useful in tracking the party ledgers for which the PAN Details are not available before filing the e-returns.

### Unknown Deductee Type

The **Unknown Deductee Type** report displays all the Party Ledgers for whom the Deductee Type is not defined.

To view the Unknown Deductee Type report

Go to **Gateway of Tally > Display > Statutory Reports > TDS Reports > Exception Reports > Unknown Deductee Type**

For eg., create ledger **Somitel Communication** without selecting **Deductee Type**

| Unknown Deductee Type                                             |               | National Enterprises |                | Ctrl + M     |
|-------------------------------------------------------------------|---------------|----------------------|----------------|--------------|
| List of All Ledger Masters<br>(Where Deductee Type Is Not Proper) |               |                      |                |              |
| Supplier Ledger Name                                              | Deductee Type | Contact Person       | Contact Number | PAN / IT No. |
| Somitel Communication                                             | Unknown       |                      |                | ABVPP8470M   |

Figure 18.133 Unknown Deductee Type

You can also update the Deductee Type Details of the Party from the above screen. This report is useful in tracking the party ledgers for which the Deductee Type Details are not available before filing the e-returns.

## Migrate Tool

The Migrate Tool comprises of the following reports

- ❑ **Track Migrate Voucher** : The **Track Migrate Vouchers** reports displays Date-wise Migrated and Non-migrated vouchers. Tally.ERP 9 displays the Non Migrated vouchers' Amount in Bold for easy identification.
- ❑ **Track Migrate Bills** : The **Track Migrate Bills** report displays Tax bill name wise migrated and non-migrated voucher. In this report, you can identify migrated/non- migrated vouchers by comparing the previous deduction amount and new deduction amount and previous payment amount and new payment amount are same. If the Deduction Amounts (Previous and New) and Payment Amounts (Previous and New) are same then, it is understood that

the vouchers are successfully migrated. On the other hand, if the Deduction Amounts (Previous and New) and Payment Amounts (Previous and New) are not same then it is understood that the vouchers are not migrated.

- **Track Masters** : The **Track Masters Report** displays TDS Ledger wise Lower Deduction, Zero Deduction and IT Exemption details.
- **Re-Migrate** : The Re-Migrate option, first un-migrates all the TDS vouchers and then re-migrates all the vouchers. If the migration is not complete then the application displays the message - **TDS Migration did not complete successfully**. If the migration is complete you can continue to record TDS transactions and generate required reports.

### Points to Remember

- ❑ Tax Deducted at Source is one of the modes of collecting income tax.
- ❑ The buyer/service and receiver/payer of income files annual returns electronically or in physical form.
- ❑ Tax Assessment Number is a ten-digit alphanumeric number issued by the Income Tax Department to the deductor.
- ❑ The Statutory Masters are of two types Deductee Type and Nature of Payments.
- ❑ Tally gives you the option of booking of expenses either using a journal voucher or a purchase voucher.
- ❑ Tax transactions for a particular party providing services is recorded in a journal voucher using the TDS Deduction button.
- ❑ TDS payment is done in two ways - Manual bill selection and Auto-fill selection (using TDS Helper).
- ❑ TDS payment voucher is printed as a TDS Challan.
- ❑ The TDS amount on advance payments is adjusted only when the final settlement of accounts for a contract is made.
- ❑ The TDS Computation Report provides you with a list of party and TDS Ledger names for which the TDS bills are deducted.
- ❑ TDS Payables Report gives the status of TDS payable (pending) amounts for a particular TDS Ledger account.
- ❑ Ledger Outstandings Report is used to find out the outstanding status of a particular tax ledger account.
- ❑ The reconciliation of challan payments made to the Bank for TDS accounts is done in the Ledger Voucher Report.

## Lesson 19: Tax Collected at Source

### Lesson Objectives

On completion of this lesson, you will be able to understand

- ❑ Enable TCS in Tally.ERP 9
- ❑ Create masters necessary for TCS transactions.
- ❑ Record TCS transactions
- ❑ Generate TCS reports and challans in Tally.ERP 9

Tax Collected at Source means tax being collected from the source by the seller (collector) from the buyer (collectee/ payee) for goods traded u/s 206C (1) of the Income Tax Act, 1961. It is collected when accrued or when paid whichever occurs earlier. It is prescribed for any business or trade dealing with alcoholic liquor, forest produce, scrap, etc. It also includes lease, license or contract related to parking lots, toll plaza, mines and quarry, etc., as defined in Section 206C of the Income Tax Act, 1961. The following brief description covers the applicability of Act.

### 19.1 Basic Concepts of TCS

#### 19.1.1 TCS Nature of Goods

The following table describes the Nature of Goods covered under TCS and the rate applied thereon.

| S.No | Nature of Goods                                             | %   |
|------|-------------------------------------------------------------|-----|
| 1    | Alcoholic liquor for human consumption                      | 1   |
| 2    | Tendu leaves                                                | 5   |
| 3    | Timber obtained under a forest lease                        | 2.5 |
| 4    | Timber obtained by any mode other than under a forest lease | 2.5 |

|   |                                                            |     |
|---|------------------------------------------------------------|-----|
| 5 | Any other forest product apart from timber or Tendu leaves | 2.5 |
| 6 | *Scrap                                                     | 1   |

**\*Scrap** means waste. These are damaged materials obtained from manufacturing units that are of no further use.

### **Seller**

A seller can refer to any one of the following:

- ❑ The Central Government.
- ❑ A State Government.
- ❑ Any Local Authority.
- ❑ Corporation or Authority established by or under a Central, State or Provincial Act.
- ❑ Any Company.
- ❑ Firm.
- ❑ Co-operative Society.

It also includes Individuals or Hindu Undivided Family (HUF) running businesses or professions. The total sales, or turnovers of these businesses must exceed the monetary limits specified under Clause (a) or Clause (b) of Section 44AB of Tax Audit of Income Tax Act, 1961 . This must be done during the financial year immediately preceding the financial year in which the goods of the nature specified above are sold.

### **Buyer**

A Buyer is a person who has the right to receive or obtain goods specified above by means of a sale, auction, tender, or any other mode. The buyer does not include:

- ❑ A public sector company, the central government, a state government, an embassy, a high commission, legation, commission, consulate and the trade representation of a foreign state and a club; or
- ❑ A buyer in the retail sale of such goods purchased by him for personal consumption.

### **19.1.2 TCS on Contracts, License and Leases**

According to Sec 206C (1C), Other than a public sector company (licensee or lessee), every person while dealing with another person for business, in whole or in part, either:

- ❑ grants a lease or license
- ❑ enters into a contract
- ❑ transfers any right or interest

The TCS is collected from the licensee at the rates specified in the following table:

| S.No | Nature of contract, license, lease, etc. | % |
|------|------------------------------------------|---|
| 1    | Parking Lot                              | 2 |
| 2    | Toll Plaza                               | 2 |
| 3    | Mining or Quarrying                      | 2 |

### 19.1.3 Time and Mode of Payment of TCS to the Government Account

The total amount collected is paid to the Central Government within a week from the last day of the month. The collection when made by or on behalf of the Government, results in the amount being credited without the production of a challan.

### 19.1.4 Credit for Tax Collected at Source

The amount collected on behalf of a person and paid under Section 206C(3) to the Central Government, and specified in the second provision to sub-section (5) shall be deemed as payment of tax. Credit shall be given for that amount, for the assessment year in which such income is assessable without the production of a certificate.

### 19.1.5 The Issue of a TCS Certificate

The person collecting tax, issues a certificate (Form No. 27D) to the buyer stating the tax collected at source. This is issued within a month of the amount being debited to the account of the buyer or the payment received from the buyer subject to the clauses listed below:

- ❑ Provided that no certificate is furnished for the tax collected on or after 1-4-2005
- ❑ Provided that the income-tax authority or the authorised person issues Form No. 26AS specifying the amount of tax collected to the buyer or to the licensee or lessee, within the prescribed time (i.e. 15th June) at the end of each financial year.

The annual statement Form No. 26AS is issued for the tax deducted and collected at source from the financial year 2005-06 onwards.

### 19.1.6 The Issue of a Consolidated Certificate

Some times, a buyer requires multiple certificates as proof of the tax collected at source for the period ending on 30th September and 31st March, in each financial year. In such cases, the person collecting the tax, can on request, issue a consolidated certificate (Form No. 27D) within a month.

### 19.1.7 TCS Returns

To ensure proper checks on the collections (TCS) and subsequent credit taken by the collectee/ payee, the collectors are required to file their TCS returns with the Income Tax Department. The TCS returns contain the following information in the form prescribed by the Income Tax Department:

- ❑ Collector details (the TAN, Name, Address).
- ❑ The bank where the tax is deposited (like the amount, challan identification number).
- ❑ The collectee details (the PAN, Name, Amount paid, Tax collected at source).

### 19.1.8 Returns

#### Forms and periodicity

The revised forms for e-TCS returns and periodicity thereof prescribed under income tax laws are as follows:

| Financial Year | Form No.  | Particulars                                                                                                                                                                                 | Periodicity                        |
|----------------|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------|
| 2004-05        | Form 27E  | Annual return of collection of tax under Section 206C of Income Tax Act, 1961                                                                                                               | Annual                             |
|                | Form 27B  | Physical control charts containing control totals mentioned in TCS returns furnished electronically. Form 27B in physical form to be submitted along with e-TCS annual return Form 27E.     | With each e-TCS returns Form 27E.  |
| 2005-06        | Form 27EQ | Quarterly return of collection of tax.                                                                                                                                                      | Quarterly                          |
|                | Form 27B  | Physical control charts containing control totals mentioned in TCS returns furnished electronically. Form 27B in physical form to be submitted along with e-TCS quarterly return Form 27EQ. | With each e-TCS returns Form 27EQ. |

## 19.2 Configuring Tally.ERP 9 for TCS

Tally.ERP 9's simple yet powerful TCS feature enables you to record transactions related to Tax Collection at Source with ease. It also helps you generate necessary reports and returns such as Form 27D, e-TCS Forms (Form 27E, Form 27EQ) and Form 27B.

### 19.2.1 Company Setup

Create a company called **Risali Timber Traders**, to understand the TCS feature of Tally.ERP 9.

The completed **Company Creation** screen appears as shown below:

| Company Creation                     |                                                             | Ctrl + M                                                                        |                           |
|--------------------------------------|-------------------------------------------------------------|---------------------------------------------------------------------------------|---------------------------|
| Directory                            | : C:\Tally.ERP9\Data                                        |                                                                                 |                           |
| Name                                 | : Risali Timber Traders                                     |                                                                                 |                           |
| <b>Mailing &amp; Contact Details</b> |                                                             | <b>Company Details</b>                                                          |                           |

Figure 19.7 TCS Nature of Goods Display

*The nature of transaction has to be identified with the respective TCS ledger.*

*Tally.ERP 9 updates the latest rates on its website, [www.tallysolutions.com](http://www.tallysolutions.com) whenever there is a change in the rates of TCS or Surcharge. The latest statutory master file can be imported from the website.*

## 19.3 Creating Masters

The following Masters are required to generate information on the TCS:

- ❑ Party Ledger
- ❑ TCS Ledger
- ❑ Sales Ledger
- ❑ Timber as Stock Item

### 19.3.1 Creating Party Ledger

A new option **Is TCS Applicable** appears when you create a Customer ledger. Once this is set to **Yes**, the **List of Collectee Types** displays to enable you to select the nature of Buyer/ Lessee. Select the appropriate **Nature of the Collectee**.

#### Step 1: Create Customer Ledger

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

- ❑ Create a customer ledger, **Bhima Timbers** under Sundry Debtors.
- ❑ Set **Is TCS Applicable** to **Yes**.
- ❑ In the **TCS Details** screen, select the **Buyer/ Lessee** as **Body of Individuals** as shown below :

| Lower/No Collection Details                                                                          |  | Risali Timber Traders                     |  | Ctrl + M                                                                                                                                                                                                                                                         |  |

Figure 19.10 Ledger Creation TCS Ledger

- Retain the other fields as default and accept the ledger creation screen.

### Practice Exercise

Similarly, create the following Masters:

1. **Sales** Ledger under **Sales Accounts**.
2. **Freight** under **Indirect Expenses**.
3. **HSBC Bank** under **Bank Accounts** with an opening balance of **Rs. 2,00,000**.
4. **Timber** as a **Stock Item** with the unit of Measurement as **MT (Metric Ton)**.

## 19.4 Entering Transactions

### 19.4.1 Creating Sales

*On 9-4-09, sold 250 MT of Timber to Bhima Timbers @ Rs. 1,250/MT with TCS The Freight charges are Rs. 1,500.*

Go to **Gateway of Tally > Accounting Voucherse > F8: Sales**

1. In a **Sales Entry**, on selection of a TCS ledger, the TCS Details screen is displayed as shown:

| TCS Details                             |        |                             |          |                    |

### 19.4.3 Challan Reconciliation

The challan particulars can be reconciled with the payment made in their respective TCS ledgers.

#### Step 1: Reconcile TCS Ledger

Go to **Gateway of Tally > Display > Account Books > Ledger > select TCS Ledger**

| Ledger Vouchers    |             | Risali Timber Traders |         | Ctrl + M                 |          |
|--------------------|-------------|-----------------------|---------|--------------------------|----------|
| Ledger: TCS Ledger |             |                       |         | 1-May-2009 to 8-May-2009 |          |
| Date               | Particulars | Vch Type              | Vch No. | Debit                    | Credit   |
| 8-5-2009           | HSBC Bank   | Payment               | 1       | 8,047.00                 |          |
|                    |             |                       |         | Opening Balance :        | 8,047.00 |
|                    |             |                       |         | Current Total :          | 8,047.00 |
|                    |             |                       |         | Closing Balance :        |          |

Figure 19.18 Ledger Vouchers screen

- Press **Alt+F5** or click on **Challan Reconcile** on the buttons bar

The **TCS Challan Reconciliation** screen appears as shown below :

## 19.5.2 e-TCS Returns

The Income Tax department has introduced the 'Electronic Filing of Returns of Tax Collection at Source Scheme, 2005'. It is applicable to all the deductors wanting to furnish their TCS returns online.

- ❑ It is mandatory for corporate and government deductors to furnish their TCS returns in the electronic form (e-TCS return) from the financial year 2004-2005 onwards.
- ❑ Deductors (other than government and corporates) may file their TCS returns in the electronic or physical form.
- ❑ NSDL National Securities Depository Ltd. has been appointed by ITD (The Income Tax Department) as an e-TCS intermediary to receive on its behalf e-TCS returns from deductors.

Deductors furnishing their e-TCS have to furnish:

- ❑ Form 27B as a control chart.
- ❑ A CD/ Floppy containing the e-TCS annual return (Form 27E).

Tally.ERP 9 allows you to export the ETCS Forms in NSDL compliant formats. The ETCS forms available in Tally.ERP 9 are Form 27E and Form 27EQ. To export ETCS Forms,

Go to **Gateway of Tally > Display > Statutory Reports > TCS Reports > ETCS Forms**

- ❑ In the **Exporting eTCS Forms Printing configuration** screen, enter the required information as shown :

| Exporting eTCS Forms                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                           |                            |                              |                            |  |               |  |         |                 |                            |            |      |          |                    |             |             |                      |                   |             |                               |                |           |            |                  |                   |       |             |               |               |      |              |                    |             |  |  |       |             |  |  |          |          |  |  |           |                |  |  |        |                           |  |  |                                         |  |      |  |

Figure 15.22 Exporting eTCS Forms

- ❑ Press **Y** or **Enter** to export **eTCS Form 27E**

The exported file will be saved in the path specified in the output file name. The file can be validated through NSDL's freely downloadable utility called '**File Validation Utility**'. This can be used to verify whether the ETCS return filed by the deductors conforms to the prescribed format. Similarly, you can export other eTCS forms.

### 19.5.3 Form 27B

Form 27B should be furnished separately for each TCS return. Form 27B contains the control totals of the Amount paid and the Income tax collected at source. The control totals mentioned on Form 27B should match with the corresponding control totals in e-TCS returns.

Form 27B is a physical form to be attached with annual e-TCS returns Form 27E.

Go to **Gateway of Tally > Display > Statutory Reports > TCS Reports > Print Form 27B**

The **Print configuration options** available for **Form 27B** are displayed as shown below:

### Practice Exercise

**ParkView Agency** dealing in modern parking lots, earns its major income by providing the best parking lots in the city. This leads to a collection of TCS from their customers and paying it to the concerned department respectively.

Given below are transactions for the month of April 2009, create a company in the name of ParkView and pass the following transactions :

#### i. Create the following ledgers

| Name of the ledger         | Group Under    | Is TCS applicable | Maintain balance bill by bill | Inven-tory val-ues are affected | Type of Duty/ Tax | TCS Details                                           |
|----------------------------|----------------|-------------------|-------------------------------|---------------------------------|-------------------|-------------------------------------------------------|
| Sheetal Super Bazaar       | Sundry Debtors | Yes               | Yes                           | NA                              | NA                | Company - Resident                                    |
| Parking Lots Lease Income  | Sales A/c      | NA                | NA                            | No                              | NA                | NA                                                    |
| TCS on Park-ing Lots Lease | Duties & Taxes | NA                | NA                            | NA                              | TCS               | Contrac-tors\License\ Lease Relat-ing to Parking Lots |
| IDBI Bank                  | Bank Accounts  | NA                | NA                            | NA                              | NA                | NA                                                    |

#### ii. Create the following transactions

| Date    | Particulars                                                                                                                           |
|---------|---------------------------------------------------------------------------------------------------------------------------------------|
| 10-4-09 | ParkView Agency provided Sheetal Super Bazaar with a 3000 sqft of parking lot on lease for 2 years the invoice was raised for 950000. |
| 5-5-09  | TCS paid to the concerned authority                                                                                                   |

- View the TCS payment challan.
- Reconcile the TCS ledger and view the relevant reports related to TCS.
- Enter the following details
  - i. Challan number as DB 123
  - ii. Date as 5-5-2009
  - iii. Cheque/DD number 566214
  - iv. Bank name as IDBI Bank
  - v. BSR code as XY12

### Points to Remember

- ❑ TCS refers to the collection of tax at source by the seller (collector) from the buyer (collectee/payee) for the trade of goods specified u/s 206C (1) of the Income Tax Act, 1961.
- ❑ The term 'Seller' refers to the Central Government, a State Government, any local authority, Corporation or authority established by or under a Central, State or Provincial Act, any Firm or Co-operative society.
- ❑ The term 'Buyer' refers to a person who obtains goods from any sale, auction, tender, or any other mode.
- ❑ TCS collected shall be paid to the credit of the Central Government within one week from the end of the month in which the collection is made.
- ❑ To ensure proper checks and balances on TCS collections and subsequent credit taken there of by the collectee/payee, the collectors are required to file TCS returns with the Income Tax Department.

## Lesson 20: Excise for Dealers

### Lesson Objectives

On completion of this lesson, you will be able to understand

- ❑ Basic terms related to Excise
- ❑ Enable Dealer Excise in Tally.ERP 9
- ❑ Create Masters and Ledgers related to Excise
- ❑ How to Record Excise transactions for dealers
- ❑ Generate Excise Invoice as per Rule 11
- ❑ Generate and Print Excise related Statutory Reports

Excise duty or Duty of Excise is a tax on goods produced or manufactured in India and intended for consumption in India. The Excise duty is levied at the time of production or manufacturing but for convenience is collected at the time of removal.

It is an indirect tax on the manufacturer or producer which is passed on to the ultimate consumer. The levy and collection of duty of Excise is provided under the authority of the Central Excise Act, 1944, at the rates specified under the Central Excise Tariff Act, 1985. The duty is commonly referred to as the Basic Excise Duty. Certain items like fibre, yarn and so on also attract Additional Excise Duty under the Additional Duties of Excise (Textiles and Textile Articles) Act, 1975.

### 20.1 Basic concepts

The following are some of the basic terms related to Excise.

#### **Excisable Goods**

Excisable goods are goods specified in the schedule under the Central Excise Tariff Act, 1985 as being subject to a duty of excise.

The basic conditions to be satisfied are as follows:

The goods must be:

- a. Movable.
- b. Marketable: The actual sale of goods in the market is not necessary as excise duty is chargeable on manufacture and not on sale.
- c. Specified in the Central Excise Tariff Act.

### Dealer of Excisable Goods

A dealer of excisable goods is a person who is registered under the Central Excise Rules.

Any of the following categories can be applicable to a registered dealer:

1. Depot of a manufacturer or the premises of the consignment agent of the manufacturer or any other premises from where the goods are sold on behalf of the manufacturer.
2. First stage dealer of excisable goods.
3. Second stage dealer of excisable goods.
4. Depot of an importer or the premises of the consignment agent of the importer.
5. First stage dealer of imported goods.
6. Second stage dealer of imported goods.

### First Stage Dealer

A First Stage Dealer is a person who purchases the goods directly from:

- i. The manufacturer registered under the provisions of Central Excise Rules, 2002, or representative of such manufacturer, under cover of an invoice.
- ii. An importer or from the representative of such importer, under the cover of an invoice.

### Second Stage Dealer

A Second Stage Dealer is a person who purchases the goods from a first stage dealer.

### Registration of Dealers

Every Dealer or Importer issuing Cenvatable Invoices should be registered with the jurisdictional Range Superintendent as per the procedure prescribed in Rule 9 of the Central Excise (No. 2) Rules 2001. The registration is valid only for the premises for which it is granted. In cases where the manufacturer or dealer, has more than one premise, it is necessary to obtain a separate registration for each premise.

The registration numbers are PAN based 15 digit alpha numeric. The first part denotes 10 character (alpha numeric) Permanent Account Number issued by Income tax authorities and the second part comprises of a fixed 2 character alpha code which is as follows:

| S.No. | Category                     | Code |
|-------|------------------------------|------|
| 1.    | Central Excise Manufacturers | XM   |
| 2.    | Registered Dealers           | XD   |

This is followed by three character numeric codes – 001, 002, 003, which denotes the number of premises registered by the manufacturer or the dealer.

### **CENVAT Credit**

A manufacturer or producer of final products is allowed to take tax credit known as CENVAT credit on the following payments:

- i. Duty of excise specified in the First and Second Schedule to the Excise Tariff Act (ED).
- ii. Additional duty of Excise leviable under Additional Duties of Excise (Textile and Textile Articles) (AED [T and TA]).
- iii. Additional duty of Excise leviable under Additional Duties of Excise (Goods of Special Importance) (AED [GSI]).
- iv. The National Calamity Contingent duty (NCCD) leviable under Finance Act.
- v. Education Cess on excisable goods.
- vi. Additional Duty leviable under Customs Tariff Act.

A manufacturer of excisable goods can avail of CENVAT credit for duty paid on the inputs purchased and utilise the same for the payment of excise on any final product.

## **20.2 Enabling Dealer Excise in Tally.ERP 9**

The Dealer Excise module in Tally.ERP 9, facilitates complete Excise Accounting for dealers engaged in the trading of excisable goods and desiring to issue cenvatable invoices. It minimises the possibility of erroneous data entry and ensures transparency and better levels of compliance with the statutes. It takes a one-time configuration in Tally.ERP 9 for Dealer Excise features to be activated.

### **20.2.1 Salient Features of Dealer Excise**

The following are the salient features of the excise module:

- i. Simple and user-friendly.
- ii. Easy to setup and use.
- iii. Generates Excise Invoice raised by first and second stage registered dealers to pass on Cenvat Credit.
- iv. Allows Batch-wise Inventory details.
- v. Provides an option to print details of Manufacturer/ Supplier and all other relevant particulars of the corresponding purchase invoice.
- vi. Tracks the item history of excisable goods, right from the instance of purchase till the time of sale/ passing / termination of Cenvat Credit.
- vii. Generates statutory returns and excise related reports such as Form II and Stock Register.
- viii. Provides the flexibility to adjust unassigned Cenvat Credit well within the prescribed lapse period. Monnet Ispat & Energy Ltd.
- ix. Facilitates various Excise duty parameters like BED, AED (GSI), SED, NCCD, AED (T and TA), AED (T and TW) and Education Cess.

## 20.3 Enabling Dealer Excise in Tally.ERP 9

It takes a one-time configuration in Tally.ERP 9 for Excise features to be activated.

Follow the steps given below to enable Excise in Tally.ERP 9 for a new company **Monnet Ispat & Energy Ltd.**

- ❑ Create Company
- ❑ Enable Excise
- ❑ Enable VAT

**Monnet Ispat & Energy Ltd., is dealing in Iron & Steel products such as Hot & Cold Rolled Coils, Sheets etc.**

### 20.3.1 Company Setup

Go to **Gateway of Tally > Alt + F3: Company Info. > Create Company**

- ❑ In the **Company Creation** screen,
  - Specify **Monnet Ispat & Energy Ltd.** as the **Company Name** and **Address details**
  - Select **India** in the **Statutory Compliance** for field
  - Specify the **State, Pin code & Accounts with Inventory** details
  - Specify **Financial Year From & Books beginning from date as 1-4-2009**

The completed **Company Creation** screen is displayed as shown below :

| Company Creation                     |                                                           | Ctrl + M                                                                       |                           |

12. Press **Y** or **Enter** to accept the screen.

## 20.4.2 Creating Ledgers

Create Purchases, Sales and Party ledgers with the required Excise options.

### i. Create Party Ledger

| Ledger           | Under            | Maintain balances bill-by-bill | Excise Details |
|------------------|------------------|--------------------------------|----------------|
| Bhargavan Steels | Sundry Creditors | Yes                            | Yes            |

#### Step 1:

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the Supplier in the **Name** field. E.g. **Bhargavan Steels**.
2. Select **Sundry Creditors** as the group name in the **Under** field.
3. Set **Maintain Balances Bill by Bill** to **Yes** and enter the **Default Credit Period** if any.
4. Set **Inventory Values are affected** to **No**
5. In the **Mailing Details** and **Tax Information** section enter the supplier contact details, Income Tax and the Sales Tax numbers.
6. Enable **Set/Alter VAT Details** to **Yes** to display the **VAT Details** sub screen.

7. In the **VAT Details** screen;
  - ❑ Select the **Registered Dealer** as **Type of Dealer** from the Type of VAT Dealer list.
  - ❑ Enter the **TIN/Sales Tax No.** of the customer e.g. **KHJNN5680A**
8. Enable **Set/Alter Excise Details** to **Yes** to display the Excise Details screen.

Ensure that the **ledger creation** screen appears as shown below:

| Ledger Creation                                   |  | Monnet Ispat & Energy Ltd |                                       | Ctrl + |
|---------------------------------------------------|--|---------------------------|---------------------------------------|--------|
| Name : Bhargavan Steels<br>(alias) :              |  |                           | Total Op. Bal.                        |        |
| Under : Sundry Creditors<br>(Current Liabilities) |  |                           | Mailing Details                       |        |
| Maintain balances bill-by-bill ? Yes              |  |                           | Name : Bhargavan Steels               |        |
| Default Credit Period :                           |  |                           | Address : Plot No. 36/E               |        |
| Inventory values are affected ? No                |  |                           | MIDC Yelahanka                        |        |
|                                                   |  |                           | Bangalore                             |        |
|                                                   |  |                           | State : Karnataka                     |        |
|                                                   |  |                           | PIN Code : 560028                     |        |
|                                                   |  |                           | Tax Information                       |        |
|                                                   |  |                           | PAN / IT No. : AHBGG8550M             |        |
|                                                   |  |                           | Set/Alter VAT Details ? Yes           |        |
|                                                   |  |                           | Set/Alter Excise Details ? <b>Yes</b> |        |
| Opening Balance (on 1-Apr-2009) :                 |  |                           |                                       |        |

Figure 20.9 Ledger Creation — Bhargavan Steels

9. In the **Excise Details** screen,
  - ❑ Enter the **Excise Registration Number** of the supplier. E.g. **AFSDS0058FXD009**
  - ❑ Enter the **Date of Excise Registration** in **Date of Registration** field. E.g. **15-Jun-2002**
  - ❑ Enter the **Range** under which the supplier's company is registered. E.g. **Yeshwanthpur I**
  - ❑ Enter the **Division** under which the supplier's company is registered. E.g. **Division II**
  - ❑ Enter the **Commissionerate** under which the premise of the Supplier's company is registered. E.g. **Bangalore III**
  - ❑ Select the **Default Nature of Purchase** as **Manufacturer** from Nature of Purchase list

*The default type of purchases depends upon the status of the supplier, whether he is a Manufacturer / First Stage Dealer / Importer / Second Stage Dealer/ Agent of Manufacturer/Purchase from Importer.*

The completed **Excise Details** screen appears as shown below :

**Excise Details** Monnet Ispat & Energy Ltd Ctrl + M

Name : Bhargavan Steels  
(alias) :

Under : Sundry Creditors  
(Current Liabilities)

Maintain balances bill-by-bill ? Yes  
Default Credit Period  
Inventory values are affected ?

Excise Details

Excise Registration (ECC) No. : AFSDS0058FXD009  
Date of Registration : 15-Jun-2002  
Range : Yeshwanthpur I  
Division : Division II  
Commissionerate : Bangalore III  
Default Nature of Purchase : **Manufacturer**

Opening Balance ( on 1-Apr-2009) :

Figure 20.10 Excise Details screen

- Press **Ctrl+A** to accept the Excise Details screen.
- Accept the ledger creation screen.

Similarly create a ledger – **Jaykanth Engineering** under **Sundry Debtors** with the necessary Excise details and the default nature of purchase as a **Second Stage Dealer**.

*Tally.ERP 9 allows you to modify the **Nature of purchase** during a voucher entry, if required.*

## ii. Create Sales Ledger

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

| Ledger                  | Under          | Inventory values are affected | Used in VAT Returns | VAT/Tax Class |
|-------------------------|----------------|-------------------------------|---------------------|---------------|
| Sales – Excisable Goods | Sales Accounts | Yes                           | Yes                 | Sales @ 4%    |

Ensure that the completed **Sales – Excisable Goods** ledger appears as shown below:

| Ledger Creation                                                                                                                                                            |  | Monnet Ispat & Energy Ltd |                                                                            | Ctrl +                |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|---------------------------|----------------------------------------------------------------------------|-----------------------|

Figure 20.11 Ledger Creation — Sales - Excisable Goods

- Press **Y** or **Enter** to accept the ledger creation screen.

### iii. Purchase Ledger

| Ledger                      | Under             | Inventory values are affected | Used in VAT Returns | VAT/Tax Class  |
|-----------------------------|-------------------|-------------------------------|---------------------|----------------|
| Purchases – Excisable Goods | Purchase Accounts | Yes                           | Yes                 | Purchases @ 4% |

### iv. VAT Ledger

| Ledger         | Under          | Type of Duty/Tax | VAT/Tax Class  | Inventory values are affected |
|----------------|----------------|------------------|----------------|-------------------------------|
| Input VAT @ 4% | Duties & Taxes | VAT              | Input VAT @ 4% | No                            |

### 20.4.3 Creating Stock Items

In order to enter the transactions for Purchase and Sales, create the Stock items with the unit of measure. This will enable you to raise the Item invoice and get the stock summary with all the item details.

| Name             | Stock Group Name | UOM | Tariff Classification | Set/Alter Excise Details | Valuation Type | Rate Of VAT |
|------------------|------------------|-----|-----------------------|--------------------------|----------------|-------------|
| Hot Rolled Coils | Primary          | MT  | 72271000              | Yes                      | Ad Valorem     | 4%          |

Go to **Inventory Info. > Stock Items > Create**

#### Step 1: Create Stock Item

1. Enter the **Name** of the item as **Hot Rolled Coils**.
2. Specify the **Group** as **Primary**.
3. Define the **Units** as **MT** (Metric Tonnes).
4. In **Tariff Classification** field, select the applicable tariff classification e.g. **72271000** from the **List of Tariff Classifications** (Use **Alt + C** to create **Tariff Classifications**).
5. Enable **Set/Alter Excise Details** to **Yes** to display the **Excise Details** sub screen

| Stock Item Creation |                                    | Monnet Ispat & Energy Ltd                                                                              |                |
|---------------------|------------------------------------|--------------------------------------------------------------------------------------------------------|----------------|
| Name                | : Hot Rolled Coils                 |                                                                                                        |                |
| (alias)             | :                                  |                                                                                                        |                |
| Under               | : <input type="checkbox"/> Primary | <b>Tax Information</b>                                                                                 |                |

*In cases, where the excisable commodity attracts Additional duties of Excise and Special duties of Excise, these can be activated as required from the screen shown.*

9. Press **Y** or **Enter** to accept the screen.

## 20.5 Entering Transactions

According to the provisions mentioned in the Central Excise Rules, 2002, a Selling Dealer is eligible to pass **CENVAT Credit** to the purchasing dealer provided they are registered. Such a sale should be made under the cover of an invoice issued in terms of the provisions of Central Excise.

The following chart shows the flow of purchase and sales between the Manufacturer, Agent of Manufacturer, First Stage Dealer or Second Stage Dealer and the passing of CENVAT Credit by the Selling Dealer.

**i. Purchases from Manufacturer**

Figure 20.22 Supplier's Details screen

5. Press **Enter** to accept the screen.
6. Press **Enter** to accept the nature of purchase. The **Nature of purchase** field is by default set to **Manufacturer** based on the predefinition in the ledger master. You can modify the same depending upon the status of the dealer.
7. Select **Hot Rolled Coils** in the Name of the Item field.
8. Type the **Quantity** as **400**.
9. Specify the **Amount** as **232960** and press **Enter**.
10. The **Stock Item Excise** details screen is displayed.
  - Specify **1** in the RG 23 Entry No. field
  - Accept the Supplier Invoice No. as **BS/101** and Supplier Invoice Date as 10-04-09 (The Supplier Invoice No. & Supplier Invoice Date is defaulted from voucher screen)
  - Specify **12** in the PLA/RG 23 Entry No. field (The PLA RG 23 SI. No. represents the display of this particular transaction in the relevant page of RG 23 D Register)
  - Type the Assessable Value as **Rs. 2,00,000** (Assessable Value [Basic Value of Goods] = Qty x Rate i.e., 400MT X Rs. 500) and press Enter

The completed **Excise Details** subscreen is displayed as shown.

Figure 20.23 Excise Details for: Hot Rolled coils

- The **Excise Duty**, **Education Cess** and **Secondary Education Cess** amounts are automatically calculated on the basis of the configuration in the stock item master.

*However, in some cases though the excise duty is chargeable at a specified rate, the net burden on the buyer may be less than such percentage. In such cases Tally.ERP 9 provides the flexibility to modify the amount of tax.*

- Press **Y** or **Enter** to accept the screen.
11. In the **Accounting Details** screen,
- Select **Purchases – Excisable Goods** in the particulars column, the **VAT/ Tax class** is by default set to **Purchases @ 4%**.

17. Press **Y** or **Enter** to accept the Excise - Purchase Invoice.

## 20.5.2 Excise Invoicing

Tally.ERP 9 allows you to generate and print **Cenvat Invoices** in the prescribed format besides a Non-Cenvatable Invoice. The following mandatory stipulations on the preparation of Cenvat Invoices are met by Tally.ERP 9:

1. Name, Address and Central Excise Registration number of the registered location issuing the invoice, name of the jurisdictional range / Division / Commissionerate and the company's Income Tax Number and Sales Tax Registration Number is pre-printed on the Invoice.
2. The mandatory four copies are prepared and each copy is marked as follows:
  - a. Original copy marked as Original for a Buyer.
  - b. Duplicate marked as Duplicate for Transporter (to be used for availing Cenvat credit).
  - c. Triplicate marked as Triplicate for Central Excise.
  - d. Quadruplicate marked as Quadruplicate for a Registered person.
3. The copies of the invoices issued by a first stage dealer and a second stage dealer are marked as First Stage Dealer and Second Stage Dealer respectively.

4. The dealer is required to issue only one invoice per consignment ,if all the packages in the consignment are despatched in one lot. However, in cases where the consignment is despatched in batches either on the same day or different days or loaded on more than one vehicle, a separate invoice is made for each lot or consignment.
5. Each Cenvat Invoice issued by the location bears a printed serial number, beginning from the 1st of April of the year. The starting serial number as well as formats for recording the excise can be easily intimated to the commissioner, whose jurisdiction the company falls. An acknowledgement of such an intimation can be obtained.
6. Records and Invoice generated through computer are also recognised. The serial number likely to be used in the forthcoming quarter should be intimated to the Assistant Commissioner. A revised intimation is sent when the serial numbers are exhausted.

### 20.5.3 Creating Sales Invoice

**Record the following sales transaction made by Monnet Ispat & Energy Ltd. on the April 15, 2009, to Jaykanth Engineering, Bangalore.**

| Item Description | Quantity | Rate | VAT |
|------------------|----------|------|-----|
| Hot Rolled Coils | 200 MT   | 600  | 4%  |

#### Setup:

- Create a ledger – **Output VAT @ 4%.**

#### Step 1: Create Excise - Sales

Go to **Gateway of Tally > Accounting Vouchers > F8: Sales** > select **Excise - Sales** from the **List of Types**.

1. Press **F2** and change the date to **15-4-09**
2. In **Ref** field, enter the reference number of the transaction
3. The Excise Unit field displays **Monnet Ispat & Energy Ltd.** as selected during voucher type creation.
4. Select **Jaykanth Engineering** in **Party's A/c Name** and press **Enter**.
5. Specify the details of the despatch, if any in the **Despatch Details** screen displayed.
6. The **Date** and **Time** of the consignment is displayed in the **Excise Details** column along with the buyer Excise details.

The completed **Despatch Details Screen** appears as shown below:

| Party Details                                                                                                                                                                                                                                                                                                                                         |          | Monnet Ispat & Energy Ltd |     | Ctrl + M    |  |

Figure 20.34 Excise — Invoice

This Invoice displays the Excise details of the buyer, seller and manufacturer in accordance with the Excise rules. It reveals the Item history, including the details of the purchases with their

respective tariff and duties. This serves as an evidence for the passing of CENVAT Credit to the subsequent dealer/ manufacturer.

It also specifies the manufacturer's name, address and Excise details besides recording the date and time of the removal of goods from the dealer's premises. The Invoice is marked as the First Stage Dealer, depicting the position of the selling dealer and has to be authenticated by the authorised signatory in the relevant space provided in the document.

## 20.6 Excise Reports

Dealers registered with the Central Excise are required to maintain a prescribed register with the proper entries of the consignments received or issued by them.

A dealer registered under Excise Rules are required to submit to the Range Superintendent a quarterly return and other documents for verification namely, the **Stock Register** (earlier referred as RG 23D) and **Form II**.

In Tally.ERP 9, you can generate and print all statutory and excise related forms and report required by a dealer of excisable goods.

### 20.6.1 Excise Stock Register

The registered dealer issuing invoices for cenvatable goods should maintain a stock account as prescribed in the form RG - 23D. The details of the consignments received under the cover of invoice issued in terms of the provisions of Central Excise Rules, 2002 should also be recorded. However, consignments without a Cenvatable Invoice need not be entered.

In respect of any consignment, part of which is sold under Centavable invoice and the other part under the cover of non-cenvatable invoice, then the details of sales under non-cenvatable invoices have also to be entered in the prescribed stock register by making a consolidated entry at the end of the day indicating such quantity and invoice numbers.

Go to **Gateway of Tally > Display > Statutory Reports > Excise Reports > Dealer > Excise Stock Register**

- ❑ Select **Hot Rolled Coils** and press **Enter** to display the stock register.
- ❑ To print the **Stock Register** press **Alt+P**

The printed **Stock Register** is displayed as shown below:

**Monnet Ispat & Energy Ltd**  
 Plot No.36, Air Force Station  
 Yelahanka  
Bangalore

Figure 20.47 Voucher Type Creation Excise – Sales Returns

### Step 1: Create Credit Note

Go to **Gateway of Tally > Accounting Vouchers > Ctrl+F8: Credit Note > select Excise - Sales Returns** from the **List of Types**.

1. Press **F2** and change the date to **25-4-09**.
2. Select **Goods Sold Returned** as the type of **VAT Adjustment** in the **Used for** field and press **Enter**.
3. Select **Jaykanth Engineering** in the **Party's A/c Name**.
4. Press **Enter** to view the **Receipt Details** screen and accept the default details.
5. Select **Hot Rolled Coils** in the **Name of the Item** field and press **Enter**.
6. The **Supplier Details** screen is displayed.
  - Specify the **Sales Invoice Number** as **1** and the date of the invoice appears.

- ❑ Select BS/101 as the **Supplier Invoice No.** from the **List of Purchases**.
- ❑ Type the returned **Quantity** as **5** in the **Quantity Return** column.

Figure 20.49 Supplier Details

- 

10. Select **Output VAT @ 4%** ledger.
11. The **VAT Amount** is displayed automatically.
12. To view the statutory details of the transaction set **Show Statutory Details** to **Yes**
13. In the **Bill-wise Details** screen, select **Agst Ref** as the type of reference and **1** as the **Bill No.**
14. Type the details of the transaction in the **Narration** field.

The completed **Sales Returns** entry appears as shown below:

| Accounting Voucher Creation             |          | Monnet Ispat & Energy Ltd     |          | Ctrl + M    |

### Practice Exercise

1. **Jayanth Industries Pvt Ltd.**, dealing in cold rolled coils, has a bank account in SBI with an opening balance of Rs. 800000.

Given below are the transactions for the month of May 2009. Create Jayanth Industries Pvt Ltd. and pass the following transactions:

*In the F11: Features (Statutory & Taxation Features), Enable **Excise for Dealers** and **VAT** to Yes.*

- Create the following **Voucher types** and select/enter the fields as given in the table:

| Name of Voucher Types | Type of Voucher | Abbr.     | Method of voucher Numbering | Use for Dealer Excise |
|-----------------------|-----------------|-----------|-----------------------------|-----------------------|
| Excise - Purchases    | Purchase        | Ex - Purc | Automatic                   | Yes                   |
| Excise - Sales        | Sales           | Ex- sal   | Automatic                   | Yes                   |
| Excise-Sales Returns  | Credit Note     | Ex-C/Note | Automatic                   | Yes                   |

- Create the following **Ledgers** in the masters and select/ enter the fields as given in the table:

| Name of the Ledger            | Under            | Maintain balances bill-by-bill | Excise Details |
|-------------------------------|------------------|--------------------------------|----------------|
| Vishveshwara Steel Industries | Sundry Creditors | Yes                            | Yes            |
| Ashok Engineers               | Sundry Debtors   | Yes                            | Yes            |

- *In **Excise Details** Screen — Enter **Excise Regn. No.**, **Range**, **Division**, **Commissionerate** and **Select as Manufacturer** for **Default Nature of Purchase**.*
- *In the **Excise Details** Screen — Enter **Excise Regn. No.**, **Range**, **Division**, **Commissionerate** and **Select the Second Stage Dealer** for **Default Nature of Purchase**.*

- Create the following **Ledgers** in the masters and select/ enter the fields as given in the table:

| Name of the ledger          | Under             | Inventory Values are affected | Used in VAT Returns | VAT/Tax Class  |
|-----------------------------|-------------------|-------------------------------|---------------------|----------------|
| Purchases - Excisable Goods | Purchase Accounts | Yes                           | Yes                 | Purchases @ 4% |
| Sales - Excisable Goods     | Sales Accounts    | Yes                           | Yes                 | Sales @ 4%     |

- Create the following **Ledgers** for VAT and enter the fields as given in the table below:

| Name Of the ledger | Under          | Type of Duty/Tax | VAT/Tax Class   | Inventory values are affected |
|--------------------|----------------|------------------|-----------------|-------------------------------|
| Input VAT @ 4%     | Duties & Taxes | VAT              | Input VAT @ 4%  | No                            |
| Output VAT @ 4%    | Duties & Taxes | VAT              | Output VAT @ 4% | No                            |

- Create the following **Units of Measure** and enter the fields as given in the table below:

| Type   | Symbol | Formal Name   | Number of Decimal Places |
|--------|--------|---------------|--------------------------|
| Simple | MT     | Metric Tonnes | 0                        |

- Create the following **Stock Items** and enter the fields as given in the table below:

| Name              | Under   | Units | Excise Details |
|-------------------|---------|-------|----------------|
| Cold Rolled Coils | Primary | MT    | Yes            |

**In Duty Details for: Hot Rolled Coils**

- *Tariff Classification: 74476000*
- *Type of Duty: Basic Excise Duty*
- *Rate of Duty: 16%*
- *Method of Calculation: On Assessable Value*
- *Type of Duty: Education Cess*
- *Rate of Duty: 2%*
- *Method of Calculation: On Duty value*
- *Type of Duty: Secondary Education Cess*
- *Rate of Duty: 1%*
- *Method of Calculation: On Duty value*

**Given below are the transactions :**

1. On 12-5-2009, Jayanth Industries purchased the following items from Vishveshwara Steel Industries (Manufacturer) (Invoice No. 10056).

| Item Description    | Hot Rolled Coils |
|---------------------|------------------|
| Quantity (MT)       | 200              |
| Rate                | 600              |
| Assessable Value    | 1,20,000         |
| Excise Duty @ 15%   | 19,200           |
| Education Cess @ 2% | 384              |
| Total Amount        | 1,39,584         |
| VAT @ 4%            | 5,583.36         |
| Invoice Amount      | 1,45,167.36      |

2. On 20-5-2009, Jayanth Industries sold the following items to Ashok Engineers.

| Item Description | Hot Rolled Coils |
|------------------|------------------|
| Quantity (MT)    | 150              |
| Rate             | 800              |
| VAT              | 4%               |

3. On 22-5-2009, Ashok Engineers returned the following items to Jayanth Industries

| Item Description | Hot Rolled Coils |
|------------------|------------------|
| Quantity (MT)    | 10               |
| Rate             | 800              |
| VAT              | 4%               |

### Points to Remember

- ❑ Excise duty is tax charged on goods manufactured and consumed within India.
- ❑ Goods to be Excisable must satisfy the three basic conditions i.e, it must be movable, marketable and specified in the Central Excise Tariff Act.
- ❑ CENVAT Credit is the set-off of duty paid on inputs used in the manufacture of final products, against the duty liability on such final products.
- ❑ Only the registered dealers are eligible to pass on or avail as the case may be the CENVAT Credit.
- ❑ Tally.ERP 9 permits you to create specific voucher types like Excise-Purchase & Excise-Sales for entering the excise related transactions.
- ❑ Supplier/ Buyer details can be entered during invoice entry.
- ❑ Tally.ERP 9 permits you to generate & print both Cenvatable & Non-Cenvatable Sales Invoice.
- ❑ A Registered Dealer is required to maintain Statutory Reports like Stock Register of the cenvatable goods & Quarterly Return of the Excise Duty paid. Tally.ERP 9 permits you to generate and print these Statutory Reports.
- ❑ Tally.ERP 9 also allows you to make adjustments in the records for the sales return of Cenvatable goods and view its effect in the Statutory Reports.

## Lesson 21: Excise for Manufacturers

### Lesson Objectives

On completion of this lesson, you will learn how to

- ❑ Configure Excise for Manufacturers in Tally.ERP 9
- ❑ Record Excise Purchase and Sales
- ❑ Generate Excise Reports

Excise duty or Duty of Excise is a tax on goods produced or manufactured in India and intended for home consumption i.e, sale in India. The Excise duty is chargeable at the time of production or manufacturing, but for convenience it is charged at the time of removal.

It is basically an indirect tax on the manufacturer or producer which is passed on to the ultimate consumer. The levy and collection of duty of Excise is provided under authority of the Central Excise Act, 1944 at the rates specified under Central Excise Tariff Act, 1985. The duty is commonly referred to as the Basic Excise Duty. Certain items like fibre, yarn and so on also attract Additional Excise Duty under Additional Duties of Excise (Textiles and Textile Articles) Act, 1975 in addition to Basic duty of Excise.

### 21.1 Basic Concepts of Excise Duty

The following are some of the basic terms related to Excise.

#### 21.1.1 Scope and Applicability

Excisable goods means goods specified in the schedule to the Central Excise Tariff Act, 1985 as being subject to a duty of excise.

The basic conditions to be satisfied are,

- ❑ The goods must be movable.

- ❑ The goods must be marketable i.e., saleable in the market as such goods. Actual sale of goods in the market is not necessary as excise duty is chargeable on manufacture and not on sale.
- ❑ The goods must be specified in the Central Excise Tariff Act.

### Who is a Manufacturer ?

Manufacturer is a person who actually manufactures or produces excisable goods, i.e. one that actually brings into existence a new and identifiable product.

### What is Excisable Goods ?

Excisable goods means, goods specified in the schedule to the Central Excise Tariff Act, 1985 as being subject to a duty of excise.

### Types of Excise Duties

As per Excise Act, the various duties of Excise are explained below :

1. **Basic Excise Duty:** This is the duty charged under section 3 of the Central Excises and Salt Act, 1944 on all excisable goods other than salt which are produced or manufactured in India. Basic Excise Duty [also known as Central Value Added Tax (CENVAT)] is levied at the rates specified in Central Excise Tariff Act.
2. **Special Excise Duty:** As per Section 37 of the Finance Act, 1978 Special excise Duty was levied on all excisable goods on which Basic excise Duty was levied under the Central Excises and Salt Act, 1944. Special Excise Duty is levied at the rates specified in the Second Schedule to Central Excise Tariff Act, 1985.
3. **Education Cess on excise duty:** Section 93 of Finance (No. 2) Act, 2004 states that education cess is 'duty of excise', to be calculated on aggregate of all duties of excise including special excise duty or any other duty of excise, but excluding education cess on excisable goods.
4. **Excise duty in case of clearances by EOU:** The EOU units are expected to export all their production. However, if they clear their final product in DTA (domestic tariff area), the rate of excise duty will be equal to customs duty on like article if imported in India.
5. **National Calamity contingent Duty (NCCD):** A 'National Calamity Contingent Duty' (NCCD) has been imposed vide section 136 of Finance Act, 2001 [clause 129 of Finance Bill, 2001, w.e.f. 1.3.2001]. This duty is imposed on pan masala, chewing tobacco and cigarettes.
6. **Duties under other Acts:** Some duties and cesses are levied on manufactured products under other Acts. The administrative machinery of central excise is used to collect those taxes. Provisions of Central Excise Act and Rules have been made applicable for levy and collection of these duties / cesses.
7. **Additional Duty on goods of special importance** - Some goods of special importance are levied Additional Excise under Additional Duties of Excise (Goods of Special Importance) Act, 1957. The 'Additional Duty' is in addition to excise duty. This scheme was introduced based on the suggestion made by the manufacturers to Government, that multiple level taxes and duties should be avoided. Levy and collection of all taxes at one stage by single authority will be convenient for payment and administration. Hence, by agreement between Central and State Governments, it was decided to make a beginning in 1957, by selecting some items where additional duty will be collected instead of sales tax and such additional duty will be distributed

among various States. Revenue from this duty is distributed among State Governments on the basis of percentages given in the second schedule to the Act. Some items covered are textile articles like cotton fabrics, silk and wool fabrics, man-made fibres, terry fabrics, metallised yarn, embroidery; sugar, branded tobacco, pan masala containing tobacco and cigarettes.

8. **Duty on Medical and Toilet preparations:** An duty of excise is imposed on medical preparations under Medical and Toilet Preparations (Excise Duties) Act, 1955.
9. **Additional duty on mineral products** - Additional duty on mineral products (like motor spirit, kerosene, diesel and furnace oil) is payable under Mineral Products (Additional Duties of Excise and Customs) Act, 1958.
10. **Additional Customs Duty commonly known as countervailing Duty (CVD):** Countervailing duty (CVD) is imposed on the Imports.
11. **Special Additional Duty of Customs (Special CVD):** Special CVD is being imposed on items bound under the Information Technology Agreement (except information technology software), and also on specified inputs/raw materials for manufacture of electronics/IT goods.
12. **Additional Duties of Excise (Textiles and Textile Articles) [AED (TTA)]**
13. **Additional Duty of Excise (Tea and Tea Waste) [AED (TTW)]**
14. **Secondary Higher Education Cess**

### 21.1.2 Excise Valuation Methods

Value of the excisable goods has to be necessarily determined to levy the duty on the goods. Under the Central Excise Act, 1944, the following methods of valuation of goods are considered for the assessment of Duty.

1. **Ad valorem/ Transaction Value:** Transaction value means the value of goods which are sold at the time and place of removal and includes in addition to the amount charged as price, any amount that the buyer is liable to pay to, including any amount charged for, or to make provision for, advertising or publicity, marketing and selling, organization expenses, storage, outward handling, servicing, warranty, commission or any other matter.

Transaction value, on each removal of goods, shall be determined on the fulfilment of the following conditions:

- ❑ The goods should be sold at the time and place of removal
  - ❑ Buyer and Assessee should not be related
  - ❑ Price should be the sole consideration for the sale
  - ❑ Each removal will be treated as a separate transaction and 'value' for each removal will be separately fixed.
2. **Ad Quantum:** In case of Ad Quantum, the duty is payable on the basis of certain units Like Weight, Length, volume etc. For Example, Duty on cigarette is payable on the basis of length of the cigarette, duty on Sugar is based on per Kg.
  3. **Value determined on the basis of Maximum Retail Sale Price:** Retail sale price means the maximum price at which the excisable goods in packaged form may be sold to the ultimate consumer and includes all taxes local or otherwise, freight, transport charges, commission payable to dealers, and all charges towards advertisement, delivery, packing, forwarding and the like, as the case may be, and the price is the sole consideration for such sale.

The following factors need to be considered while determining the value on the basis of maximum retail sale price

- ❑ Where, on the packages of any excisable goods, more than one retail sale price is declared, the maximum of such retail sale price shall be deemed to be the retail sale price
- ❑ Where, the retail price, declared on the package of any excisable goods at the time of its clearance from the place of manufacture, is altered to increase the retail sale price, such altered retail sale price shall be deemed to be the retail sale price.
- ❑ Where, different retail sale prices are declared on different packages for the sale of any excisable goods in packaged form in different areas, each such retail price shall be the retail sale price for the purposes of valuation of the excisable goods intended to be sold in the area to which the retail sale price relates.

### 21.1.3 CENVAT Credit

The Government entitles the manufacturer of excisable goods to take credit of Excise duty paid on the inputs or raw materials known as CENVAT Credit. A manufacturer or producer can avail CENVAT Credit on the following duties as specified in the Cenvat Credit Rules, 2002.

- ❑ **Basic Excise Duty** on inputs specified in the First Schedule to Central Excise tariff Act (corresponding CVD on imported goods is allowable).
- ❑ **Special Excise Duty** on goods specified in the Second Schedule to the Tariff Act (corresponding CVD on imported goods is allowable).
- ❑ **Additional Excise Duty** paid under Additional Duties of Excise (Textile and Textile Article).
- ❑ **Additional Excise Duty** paid under Additional Duties of Excise (Goods of Special Importance).
- ❑ **National Calamity Contingent duty** (NCCD).
- ❑ **Education Cess** and Secondary and Higher Education Cess on Excise Duty.
- ❑ **Additional custom duty** leviable under Customs Tariff Act (Spl. CVD)
- ❑ **Education Cess** and Secondary and Higher Education Cess on CVD
- ❑ **Additional Excise Duty** paid under Clause 85 of Finance Bill, 2005 on Pan Masala and Certain other Tobacco products.
- ❑ **Service tax** on input services.
- ❑ **Education Cess** and Secondary & Higher Education Cess paid on service tax. This credit can be utilised only for payment of education cess on the final product or output services.

### 21.1.4 Registration of Manufacturers

Every manufacturer of excisable goods on which excise duty is leviable or persons who desire to issue CENVATABLE invoices under the provisions of the CENVAT Credit Rules, 2001 are required to be registered as per the procedure prescribed in Rule 9 of Central Excise (No. 2) Rules 2001. The registration is valid only for the premises it is granted. Where the manufacturer or dealer, has more than one premise it is necessary to obtain a separate registration for each premises from the respective Range Superintendent having jurisdiction over the premises, whether it be a factory or a depot / branch office desiring to issue CENVAT invoices.

The registration numbers are PAN based 15 digit alpha numeric. The first part denotes 10 character (alpha numeric) Permanent Account number issued by Income tax authorities and the second part comprises of a fixed 2 character alpha code which is as follows:

| Category                                                         | Code |
|------------------------------------------------------------------|------|
| Central Excise Manufacturer<br>(Including registered warehouses) | XM   |
| Registered Dealer                                                | XD   |

This is followed by a three character numeric code - 001, 002, 003 etc., i.e, where a manufacturer has only one factory / dealer's premise / warehouse, the last three character will be 001. If there are more than one factories / dealer's premises / warehouses of such a person holding common PAN for all such premises, the last three characters would be 002, 003 etc.

### 21.1.5 Requirements of Excise Invoice

The Registered Location of a manufacturer is required to issue invoice in the prescribed format containing the following details:

- ❑ Minimum four copies of Invoice are required to be prepared and the copies of the invoice should be marked at the top in the following manner:
  - Original copy should be marked as Original for Buyer
  - Duplicate should be marked as Duplicate for Transporter (to be used for availing CENVAT credit)
  - Triplicate should be marked as Triplicate for Central Excise
  - Quadruplicate should be marked as Quadruplicate for Registered person
- ❑ The dealer is required to issue only one invoice in respect of the consignment wherein all the packages are dispatched in one lot. However, in cases where the consignment is dispatched separately either on the same day or on different days or loaded on more than one vehicle, a separate invoice shall be made out for each lot or consignment.
- ❑ The copies of the invoices issued by a first stage dealer and a second stage dealer shall be marked at the top as First Stage Dealer and Second Stage Dealer respectively.
- ❑ Name, address and Central Excise Registration number of the registered location issuing the invoice, name of the jurisdictional range / Division / Commissionerate and company's Income Tax Number and Sales Tax Registration Number should pre-printed on the Invoice.
- ❑ Only one invoice book of each type shall be used by the registered location.
- ❑ Each CENVAT Invoice issued by the location should bear a printed serial number, beginning from 1st April of the year.

- The serial numbers of the invoices to be used are to be intimated to the respective jurisdictional Assistant Commissioner of Central Excise and obtain a dated acknowledgement of such intimation.
- Records and Invoice generated through computer are also recognized. In that case, the serial number likely to be used in the forthcoming quarter should be intimated to the Asst. Commissioner. As soon as the said serial Nos. are exhausted, a revised intimation may be sent. Such registered Location should also send details of the software used including the format for information of the Asst. Commissioner in case he demands.
- In case of Records and Invoice generated through computer, the serial number likely to be used in the forthcoming quarter should be intimated to the jurisdictional Assistant Commissioner of Central Excise. The details of software used including a format used for information, is also required to be sent to the Assistant Commissioner.

### 21.1.6 Types of Duties and Method of Calculation

| Duties of Excise                | Type   | Method of Calculation            |
|---------------------------------|--------|----------------------------------|
| Basic Excise Duty (BED)         | Excise | on Assessable Value              |
| Special Excise Duty (SED)       | Excise | on Assessable Value              |
| AED (GSI)                       | Excise | on Assessable Value              |
| AED (TTA)                       | Excise | on BED + SED                     |
| AED (TTW)                       | Excise | on BED + SED                     |
| AED (PM&T)                      | Excise | on BED + SED                     |
| NCCD                            | Excise | on BED + SED + AED (GSI)         |
| Special AED                     | Excise | on Quantity                      |
| AED on High Speed Diesel        | Excise | on Quantity                      |
| Educational Cess                | Excise | On Total Excise Duty             |
| SHE Cess on Excise duty         | Excise | On Total Excise Duty             |
| Countervailing Duty(CVD)        | CVD    | on Assessable Value+ BCD         |
| SED of CVD                      | CVD    | on Assessable Value+ BCD         |
| AED (GSI) of CVD                | CVD    | on Assessable Value+ BCD         |
| AED (TTA) of CVD                | CVD    | on CVD + SED–CVD                 |
| AED (TTW) of CVD                | CVD    | on CVD + SED–CVD                 |
| AED (PM&T) of CVD               | CVD    | on CVD + SED–CVD                 |
| NCCD of CVD                     | CVD    | on CVD + SED–CVD + AED (GSI)–CVD |
| Special AED of CVD              | CVD    | on Quantity                      |
| AED on High Speed Diesel of CVD | CVD    | on Quantity                      |

| Duties of Excise            | Type    | Method of Calculation    |
|-----------------------------|---------|--------------------------|
| Educational Cess on CVD     | CVD     | On Total CVD             |
| SHE Cess on CVD             | CVD     | On Total CVD             |
| Basic Custom Duty           | Customs | on Assessable Value      |
| Additional Duty on Customs  | Customs | on BCD                   |
| Educational Cess on Customs | Customs | on Total Customs and CVD |
| SHE Cess on Customs         | Customs | on Total Customs and CVD |
| Special Custom Duty         | Customs | on Current Sub Total     |

### 21.1.7 Time and Mode of Payment of Duty

| S.No | Particulars                                                                              | Periodicity | Due Date                                                                                                                                                                                         |
|------|------------------------------------------------------------------------------------------|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.   | Assesses (Large Units) who are not availing the concession of duty based on turnover     | Fortnightly | On <b>20th</b> of a month for the clearances made between <b>1st</b> to <b>15th</b> .<br>On <b>5th</b> of the subsequent month for clearance made between <b>16th</b> to <b>end of a month</b> . |
| 2.   | Assesseees who are neither Large Units nor availing concession of duty based on turnover | Monthly     | <b>15th</b> of the subsequent month                                                                                                                                                              |
| 3.   | Assesseees availing small scale industries (SSI) concession of duty based on turnover    | Monthly     | <b>15th</b> of the subsequent month                                                                                                                                                              |

*In case of clearances made in the month of **March**, the payment should be made on the **31st** of the same month.*

### 21.1.8 Returns & Timelines

The following Returns are required to be filed under Excise for Manufacturers:

| Form No.                  | Particulars                                                                                                  | Periodicity | Due Date                                               |
|---------------------------|--------------------------------------------------------------------------------------------------------------|-------------|--------------------------------------------------------|
| ER-1                      | Return by Assesses, who are not availing the concession of duty based on turnover (large units) (e>Returns). | Monthly     | On or before 10th of the subse-quent month             |
|                           | Return by Assesseees, who are nei-ther Large Units nor availing con-cession of duty based on turnover.       | Monthly     | On or before 10th of the subse-quent month             |
| Monthly Return for CENVAT | Return by large and Regular units                                                                            | Monthly     | On or before 10th of the subse-quent month (With ER-1) |
| ER-3                      | Return by Assesseees availing small scale industries (SSI) concession of duty based on turnover              | Quarterly   | Within 20days from the close of quarter                |

## 21.2 Configuring Excise in Tally.ERP 9

Tally.ERP 9's simple yet powerful Excise feature enables you to record transactions related to Excise with ease. The Excise functionality in Tally.ERP 9 has the following features:

### Salient Features of Excise in Tally.ERP 9

- ❑ Simple and user-friendly.
- ❑ Easy to setup and use.
- ❑ Allows Multiple Excise units (Manufacturer as well as Dealer) in a Single Company
- ❑ Allows Tariff (HSN) / Commodity Code for Excisable items
- ❑ Facilitates various Excise duty parameters like BED, AED (GSI), SED, NCCD, AED (T and TA), AED (T&TW), Education Cess and so on.
- ❑ Generate Excise Invoice as per Rule 11 of Excise Rules 2001.
- ❑ Allows additional ledgers such as expenses / incomes to form part of Assessable value.
- ❑ Allows calculation of duty for different Items under different valuation methods in a single invoice.
- ❑ Allows recording of Exempt, Export & Special Rate transactions.
- ❑ Facilitates reversal of CENVAT Credit and also full or partial CENVAT Credit on Inputs and Capital Goods/ Service Tax towards Duty payable.
- ❑ Generate and print Excise payment challan in G.A.R. -7 Challan.

- Generate Excise Reports viz., Excise Computation Report, PLA Register, CENVAT Credit Register, ER-1 & ER-3 returns.

### 21.2.1 Enabling Excise in Tally.ERP 9

It's a one time configuration in Tally.ERP 9 for Excise features to be enabled for Manufacturers.

Let us consider the example of **M/s. Metal Craft Engineering Pvt. Ltd.**, who are engaged in the business of manufacturing Hot Rolled Beams, Cold Rolled Channels, Slotted angles and so on.

#### Step 1 : Create Company

Go to Gateway of Tally > Alt + F3: Cmp Info > Create Company/ Alter

- In the **Company Creation/ Company Alteration** screen
  - Specify the **Country, State and Accounts with Inventory** details
  - Enter the other details as shown

The completed **Company Creation** screen is displayed as shown:

| Company Creation                     |                                                                   | Ctrl + M                                                                        |                           |
|--------------------------------------|-------------------------------------------------------------------|---------------------------------------------------------------------------------|---------------------------|
| Directory                            | : C:\Tally.ERP9\Data                                              |                                                                                 |                           |
| Name                                 | : Metal Craft Engineering Pvt Ltd                                 |                                                                                 |                           |
| <b>Mailing &amp; Contact Details</b> |                                                                   | <b>Company Details</b>                                                          |                           |
| Mailing Name                         | : Metal Craft Engineering Pvt Ltd                                 | Currency Symbol                                                                 | : Rs.                     |

Figure 21.5 Serial Number Alteration

- **Name:** Enter the excise invoice book name allowed by the Commissioner of Central Excise for the company/unit, e.g. **MCE/Rule11/Book-1/09-10**  
**MCE** - Denotes **Company Name**.  
**Rule 11:** Denotes that invoice book is maintained as per Rule 11 of Central Excise Rules.

**Book-1:** Denotes the Book Number, which is allowed for the current financial year.

**09-10:** Denotes the financial year.

- **Method of Numbering:** By default **Automatic (Manual Override)** is displayed as the method of numbering.

*It is recommended to use **Automatic (Manual override)** method of numbering to automatically generate serial numbers for Excise Invoices in Tally.ERP 9.*

- **Prevent Duplicates:** By default this field will be set to **Yes**.
- **Starting Number:** Enter the **Starting Voucher Number** which is allowed by the Commissioner of Central Excise. E.g. **101**
- **Width of Numerical part:** Mention the width of the numerical part.
- **Prefill with Zero:** when this option is set to **No** the digits before the invoice number will be blank. If this field is set to **Yes** the invoice number will be prefilled with Zeros based on the width of numerical part e.g. **00001**(where the width of numerical part is set to 5).
- **Restart Numbering:** In this field enter the **Starting Number** as **101** and ensure under Particulars the Type of Period is Yearly
- In this section user can set the dates to restart the voucher number by defining the types of period (Daily, Monthly, Never, weekly or Yearly).
- **Prefix Details:** Here enter the information to be prefixed with voucher number
- **Applicable From:** Enter **1-4-2009** in **Applicable From** field. The date mentioned in this field indicates the date from when the prefix should be displayed along with the voucher number.
- **Particulars:** Enter the information to be prefixed to the voucher number E.g. **MCE/**
- **Suffix Details:** Here enter the information to be suffixed with the voucher number

**Applicable From:** Enter **1-4-2009** in **Applicable From** field. The date mentioned in this field indicates the date from when the suffix should be displayed along with the voucher number.

**Particulars:** Enter the information to be suffixed to the voucher number E.g. **/09-10**

## 21.3 Creation of Masters

Once you have enabled Excise in Tally.ERP 9 in the manner as discussed above, the Excise options will now be available in the ledger masters.

### 21.3.1 Creating Ledgers

Before creating transactions create the following ledger masters in the manner as discussed.

#### i. Create Purchase Ledgers

| Ledger            | Under             | Inventory values are affected | Used In VAT Returns | VAT/Tax Class     |
|-------------------|-------------------|-------------------------------|---------------------|-------------------|
| Purchases @ 4%    | Purchase Accounts | Yes                           | Yes                 | Purchases @ 4%    |
| Purchases @ 12.5% | Purchase Accounts | Yes                           | Yes                 | Purchases @ 12.5% |

To create a **Purchase Ledger**:

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the purchase ledger you wish to create, for e.g., **Purchase @ 4%** Select **Purchase Accounts** as the group name in the **Under** field.
2. Set **Inventory values are affected** to **Yes**.
3. Select **Not Applicable** in **Type of Ledger** field
4. Set the option **Used In VAT Returns** to **Yes** to display the default VAT/Tax Class sub screen.

| Ledger Creation                      |                                                      | Metal Craft Engineering Pvt Ltd | Ctrl           |
|--------------------------------------|------------------------------------------------------|---------------------------------|----------------|
| Name                                 | : Purchase @ 4%                                      |                                 | Total Op. Bal. |
| (alias)                              | :                                                    |                                 |                |
| Notes :                              |                                                      |                                 |                |
| Under                                | : Purchase Accounts                                  | <b>Mailing Details</b>          |                |
| Inventory values are affected        | ? Yes                                                | Name                            | :              |

Figure 21.11 VAT/Tax Class

## 6. Set Use for Assessable Value Calculation to No.

When the option **Assessable Value Calculation (for Excise /VAT)** is set to **Yes**, the Value given against this ledger will be used to calculate the assessable value of the stock item to compute the excise duty or VAT.

Figure 21.12 Purchase Ledger

Similarly, create **Purchase @ 12.5%** under Purchase Accounts.

| Ledger        | Under          | Inventory values are affected | Used In VAT Returns | VAT/Tax Class |
|---------------|----------------|-------------------------------|---------------------|---------------|
| Sales @ 4%    | Sales Accounts | Yes                           | Yes                 | Sales @ 4%    |
| Sales @ 12.5% | Sales Accounts | Yes                           | Yes                 | Sales @ 12.5% |

To create a **Sales Ledger**,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the sales ledger you wish to create, for e.g., **Sales @ 4%**.
2. Select **Sales Accounts** as the group name in the **Under** field.
3. Set **Inventory values are affected** to **Yes**.
4. Select **Not Applicable** in **Type of Ledger** field
5. Set the option **Used In VAT Returns** to **Yes** to display the default VAT/Tax Class sub screen.

8. Press **Enter** to Accept and save.

Similarly, create **Sales @ 12.5%** under Sales Accounts.

### iii. Creating Customer Ledgers

| Ledger                  | Under          | Maintain Balances Bill by Bill | Inventory values are affected | Set/Alter Excise Details |
|-------------------------|----------------|--------------------------------|-------------------------------|--------------------------|
| Simplex Casting Limited | Sundry Debtors | Yes                            | No                            | Yes                      |
| General Fabricators     | Sundry Debtors | Yes                            | No                            | Yes                      |

To create the **Sundry Debtor (Customer)** Ledger,

Go to **Gateway of Tally > Accounts Info > Ledgers > Create**

1. Enter the **Name** of the **Customer** in the Name field i.e., **Simplex Casting Limited**
2. Select the group **Sundry Debtors** in the **Under** field.
3. Set **Maintain Balances Bill by Bill** to **Yes** and enter the **Default Credit Period**, if any
4. Set **Inventory Values are affected** to **No**

5. In **Mailing Details** and **Tax Information** sections enter the supplier contact details, Income Tax and the Sales Tax numbers.
6. Enable **Set/Alter Excise Details** to **Yes** to display the **Excise Details** sub screen.

8. Press **Enter** to Accept and save

*The **Set/Alter Excise Details** option appears for ledgers created under **Sundry Creditors** and **Sundry Debtors** .*

Similarly, create **General Fabricators** under **Sundry Debtors**.

#### iv. Creating Supplier Ledgers

| Ledger                         | Under            | Maintain Balances Bill by Bill | Inventory values are affected | Set/Alter Excise Details |
|--------------------------------|------------------|--------------------------------|-------------------------------|--------------------------|
| Durga Steel Industries         | Sundry Creditors | Yes                            | No                            | Yes                      |
| Beekay Engineering Corporation | Sundry Creditors | Yes                            | No                            | Yes                      |

To Create the **Sundry Creditor (Supplier)** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the Supplier in the **Name** field. E.g. **Durga Steel Industries**.
2. Select **Sundry Creditors** as the group name in the **Under** field.
3. Set **Maintain Balances Bill by Bill** to **Yes** and enter the **Default Credit Period** if any.
4. Set **Inventory Values are affected** to **No**
5. In the **Mailing Details** and **Tax Information** section enter the supplier contact details, Income Tax and the Sales Tax numbers.
6. Enable **Set/Alter Excise Details** to **Yes** to display the Excise Details screen.

8. Press **Enter** to accept and save.

Similarly, create **Beekay Engineering Corporation** under Sundry Creditors

### 21.3.2 Creating Excise Duty Ledgers

| Ledger                        | Under          | Type of Duty/Tax | Duty Head                | Inventory values are affected |
|-------------------------------|----------------|------------------|--------------------------|-------------------------------|
| Basic Excise Duty @ 16%       | Duties & Taxes | Excise           | Basic Excise Duty        | No                            |
| Education Cess @ 2%           | Duties & Taxes | Excise           | Education Cess           | No                            |
| Secondary Education Cess @ 1% | Duties & Taxes | Excise           | Secondary Education Cess | No                            |

### i. Creating Basic Excise Duty Ledger

To create a **Basic Excise Duty** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the excise duty ledger you wish to create, for e.g., **Basic Excise Duty @ 16%**
2. Select **Duties & Taxes** as the group name in the **Under** field.
3. Select **Excise** from the **Type of Duty/Tax** list in the field **Type of Duty/Tax**.
4. In **Excise Accounting Code** field enter the accounting code of **Basic Excise Duty- 00490001**
5. In **Duty Head** field select **Basic Excise Duty** from the **List of Excise Duty Classification**

Figure 21.23 Basic Excise Duty Ledger

10. Press **Enter** to Accept.

**Excise Duty** is calculated on the **assessable value** (Basic Value of Goods plus additional expenses, if applicable).

## ii. Creating Education Cess Ledger

To create a **Education Cess** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the **Education Cess** ledger you wish to create, for e.g., **Education Cess @ 2%**
2. Select **Duties & Taxes** as the group name in the **Under** field.
3. Select **Excise** from the Type of Duty/Tax list in **Type of Duty/Tax** field.
4. In **Excise Accounting Code** field, enter the accounting code of **Education Cess - 00490020**
5. In **Duty Head** field select **Education Cess** from the **List of Excise Duty Classification**

### iii. Creating Secondary Education Cess Ledger

To create a **Secondary and Higher Education (SHE) Cess** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the Secondary and Higher Education Cess ledger you wish to create, for e.g., **Secondary Education Cess @ 1%**
2. Select **Duties & Taxes** as the group name in the **Under** field.
3. Select **Excise** from the Type of Duty/Tax list in the field **Type of Duty/Tax**.
4. In **Excise Accounting Code** field, enter the accounting code of **Secondary Education Cess - 00490006**
5. In **Duty Head** field, select **Secondary Education Cess** from the **List of Duty Heads**

| Ledger Creation                                            |                                    | Metal Craft Engineering Pvt Ltd                                                                                                                             | Ctrl + M                                                                                                                    |

### 21.3.3 Creating CENVAT Ledgers

| Ledger                            | Under          | Type of Duty/ Tax | Excise Account- ingCode | Duty Head                | Percent- age of Calcula- tion | Method of Calculation |
|-----------------------------------|----------------|-------------------|-------------------------|--------------------------|-------------------------------|-----------------------|
| Basic Excise Duty (CENVAT)        | Current Assets | CENVAT            | 00490027                | Basic Excise Duty        | 16%                           | On Assessable Value   |
| Education Cess (CENVAT)           | Current Assets | CENVAT            | 00490028                | Education Cess           | 2%                            | On Total Excise Duty  |
| Secondary Education Cess (CENVAT) | Current Assets | CENVAT            | 00490029                | Secondary Education Cess | 1%                            | On Total Excise Duty  |

To create a **Basic Excise Duty (CENVAT)** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the excise duty ledger you wish to create, for e.g., **Basic Excise Duty (CENVAT)**
2. Select **Current Assets** as the group name in the **Under** field.
3. Select **CENVAT** from the **Type of Duty/Tax** list in the field **Type of Duty/Tax**.
4. In **Excise Accounting Code** field enter the accounting code of **Basic Excise Duty (CENVAT)** - **00490027**
5. In **Duty Head** field, select **Basic Excise Duty** from the **List of Excise Duty Classification**

| Ledger Creation                               |            | Metal Craft Engineering Pvt Ltd                                                                                                    |  | Ctrl + M |

Figure 21.29 Basic Excise Duty (CENVAT) Ledger

10. Press **Enter** to Accept to save

*To avail Cenvat credit, it is recommended to create required duty ledgers under **Current Assets** group with **Type of Duty/Tax** as **CENVAT**.*

Similarly, create **Education Cess (CENVAT)**, **Secondary Education Cess (CENVAT)** under **Current Assets** Group.

### 21.3.4 Creating VAT Ledgers

| Ledger             | Under          | Type of Duty/Tax | VAT/Tax Class      | Inventory values are affected |
|--------------------|----------------|------------------|--------------------|-------------------------------|
| Input VAT @ 4%     | Duties & Taxes | VAT              | Input VAT @ 4%     | No                            |
| Input VAT @ 12.5%  | Duties & Taxes | VAT              | Input VAT @ 12.5%  | No                            |
| Output VAT @ 4%    | Duties & Taxes | VAT              | Output VAT @ 4%    | No                            |
| Output VAT @ 12.5% | Duties & Taxes | VAT              | Output VAT @ 12.5% | No                            |

To create a **Input VAT** Ledger,

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. Enter the **Name** of the input VAT ledger you wish to create, for e.g., **Input VAT @ 4%**.
2. Select **Duties & Taxes** as the group name in the **Under** field.
3. Select **VAT** from the **Type of Duty/Tax** list in the **Type of Duty/Tax** field
4. Select the required **VAT/Tax Class**, for e.g., **Input VAT @ 4%** from the VAT/TAX Class list.

6. Press **Enter** to Accept and save.

Similarly, create **Input VAT @ 12.5%**, **Output VAT @ 4%**, **Output VAT @ 12.5%** under **Current Duties & Taxes** group.

### 21.3.5 Creating Expenses Ledgers

| Ledger          | Under             | Inventory values are affected | Use for Assessable Value Calculation (for Excise / VAT) | Method of Apportion |
|-----------------|-------------------|-------------------------------|---------------------------------------------------------|---------------------|
| Packing Charges | Indirect Expenses | No                            | Yes                                                     | Based on Value      |
| Freight Charges | Indirect Expenses | No                            | Yes                                                     | Based on Value      |
| Labour Charges  | Indirect Expenses | No                            | Yes                                                     | Based on Value      |

1. Enter the **Name** of the expense ledger you wish to create, for e.g., **Packing Charges**
2. Select **Indirect Expenses** as the group name in the **Under** field.
3. Set **Inventory values are affected** to **No**
4. Select **Not Applicable** in **Type of Ledger** field
5. Set the option **Use for Assessable Value Calculation (for Excise /VAT)** to **Yes**

| Method of Apportion                  | : <b>Based on Value</b>   | Based on Value                  |   |                |
| Opening Balance ( on 1-Apr-2009) :   |                           |                                 |   |                |

305

### Based on Value

If **Based on Value** method of apportion is selected, the expenses will be apportioned based on the Value of the Stock item.

For e.g.

**Packing charges** is 1,000

Value of **Item X** is 10,000

Value of **Item Y** is 5,000

Then,

Apportionment of Packing Charges to **Item X**:  $1,000 \times 10,000 / 15,000 = 666.67$

Apportionment of Packing Charges to **Item Y**:  $1,000 \times 5,000 / 15,000 = 333.33$

Assessable Value of **Item X** (10,666.67) = Value of **Item X** (10,000) + Packing Charges (666.67)

Assessable Value of **Item Y** (5,333.33) = Value of **Item Y** (5,000) + Packing Charges (333.33)

### Based on Quantity

If **Based on Quantity** method of apportion is selected, the expenses will be apportioned based on the quantity of the Stock item.

For eg.,

**Packing charges** is 1,000

Quantity of **Item X** is 100 and Value is 10,000

Quantity of **Item Y** is 75 and Value is 5,000

Then,

Apportionment of Packing Charges to **Item X**:  $1,000 \times 100 / 175 = 571.43$

Apportionment of Packing Charges to **Item Y**:  $1,000 \times 75 / 175 = 428.57$

Assessable Value of **Item X** (10,571.43) = Value of **Item X** (10,000) + Packing Charges (571.43)

Assessable Value of **Item Y** (5,428.57) = Value of **Item Y** (5,000) + Packing Charges (428.57).

8. Press **Enter**

9. Press **Enter** to accept and save

Similarly, create **Freight Charges** and **Labour Charges** under **Indirect Expenses** Group.

### 21.3.6 Creating Excise Voucher Types

| Voucher Types         | Type of Voucher | Abbreviate  | Use for Excise | Default Excise Unit     |
|-----------------------|-----------------|-------------|----------------|-------------------------|
| Excise - Purchases    | Purchase        | Ex-Purc     | Yes            | Metal Craft Engineering |
| Excise - Sales        | Sales           | Ex-Sale     | Yes            | Metal Craft Engineering |
| Sales Returns         | Credit Note     | Ex-C/Note   | Yes            | Metal Craft Engineering |
| Purchase Returns      | Debit Note      | Ex-D/Note   | Yes            | Metal Craft Engineering |
| Manufacturing Journal | Stock Journal   | Ex-Stk Jrnl | -              | -                       |

The Excise Voucher Types for **Purchase**, **Sales**, **Sales Returns**, **Purchase Returns** and **Manufacturing Journal** has to be created before creating the invoices.

### i. Creating Purchase Voucher Type

To create the **Purchase Voucher Type**,

Go to **Gateway of Tally > Accounts Info > Voucher Type > Create**

1. Enter the name of the Voucher type in **Name** Field e.g. **Excise - Purchases**
2. Select **Purchase** as the voucher type in **Type of Voucher** Field
3. You may **abbreviate** the Voucher type as per your requirement e.g. **Ex-Purc**
4. Select the appropriate **Method of Voucher Numbering** e.g. **Automatic**
5. Set **Use Advanced Configuration** to **Yes** to specify the advanced settings for the numbering method selected, if required.
6. Set **Use for Excise** to **Yes** to enter Excise Purchase to capture **Assessable Value** and **Excise Duty breakup**.
7. In **Default Excise Unit** field select **Metal Craft Engineering** from the **List of Excise Units**

| Voucher Type Creation              |                                  | Metal Craft Engineering Pvt Ltd |             | Ctrl + M             |

Figure 21.35 Excise Purchase Voucher Type

9. Press **Enter** to accept and save.

- ❑ The **Use for Excise** option will be available in Purchase, Sales, Debit Note and Credit Note Voucher Types, only if the **Excise Feature** is enabled in the **F11 : Statutory & Taxation**.
- ❑ In case, where a company has more than **One Excise Unit**, it is recommended to create **Voucher types** for each **Excise Unit** separately.

Similarly, create **Excise Sales Voucher Type**, **Excise Debit Note** and **Credit Note** Voucher Types.

## ii. Manufacturing Journal Voucher Type

Manufacturing Journal is used to account the issue of raw materials to production floor and for the receipt of finished goods. In Tally.ERP 9, you can create a Manufacturing Journal under Stock Journal or alter the existing Stock Journal

### Alter the Stock Journal

Go to **Gateway of Tally > Accounts Info. > Voucher Types > Alter**

- ❑ Set the option **Use as a Manufacturing Journal** to **Yes**

| Voucher Type Alteration                                                                                                                                                                                                                                                                                                                              |  | Metal Craft Engineering Pvt Ltd                           | Ctrl + M              |

Figure 21.36 Stock Journal Voucher Alteration

You may also create a separate Stock Journal for **Manufacturing Journal** with the option **Use as a Manufacturing Journal**.

### 21.3.7 Creating Tariff Classification

As per the Excise Tariff Act, all the excisable goods are classified under a specific code known as Tariff Classification code, which consists of 8 digits. Out of these eight digits, the first 4 digits denote Chapter and heading and next 2 digits represent sub-heading and the last 2 digits indicate sub-sub heading of the particular article/commodity.

To create a **Tariff Classification**,

Go to **Gateway of Tally > Inventory Info. > Tariff Classification > Create**

1. Enter the name of the **Tariff Classification** e.g. **72221111** in the **Name** field.
2. In **Used For** field select **Excise** from the **list of Tax Type**.

The HSN code refers to **Harmonised System of Nomenclature (HSN)**. It is an internationally standardized system of names and numbers for classifying traded products developed and maintained by the World Customs Organization.

| Tariff/VAT Commodity Creation |                 | Metal Craft Engineering                                                                                                                                                       |          |      |               |     |

Figure 21.37 Tariff Classification

- ❑ The **Tariff Classification** created with the option **Both** will be available during creation of Stock Items, when Excise as well as VAT are applicable.
- ❑ Selecting any one i.e., either **VAT** or **Excise** will restrict display of Tariff classification only for the Stock items for which it is applicable.
- ❑ When the option **VAT** or **Both** is selected, you will be able to enter details of **Schedule Number** and **Schedule Serial Number**.

3. In **Notes** field, enter any additional information

| Slotted Angle - 10mm         | Finished Goods   | Nos | 72221166              | Yes                      | Ad Valorem     | 12.5%       |

#### i. Create Stock Items on MRP

To create a **Stock Item on MRP**,

Go to **Gateway of Tally > Inventory Info. > Stock item > Create**

1. Enter the **name** of the Stock Item i.e., **Iron Bars** in the Name field.
2. Select the **Stock Group Name** as **Raw Materials** in the **Under** field (Use **Alt + C** to create **Stock Group**)

3. Select the **unit of measurement** as **Kgs (Kilograms)** of the stock item in the Units field (Use **Alt + C** to create **Unit of Measurement**)
4. In **Tariff Classification** field, select the applicable tariff classification e.g. **72221111** from the **List of Tariff Classifications**

| Stock Item Creation                  |                                         | Metal Craft Engineering Pvt Ltd                                                                |                 | Ctrl + M     |

5. Enable **Set/Alter Excise Details** to **Yes** to display the **Excise Details** sub screen

| Stock Item Creation |                 | Metal Craft Engineering Pvt Ltd |                |
|---------------------|-----------------|---------------------------------|----------------|
| Name                | : Iron Bars     |                                 |                |
| (alias)             | :               |                                 |                |
| Under               | : Raw Materials | <b>Tax Information</b>          |                |
| Units               | : Kgs           | Tariff Classification           | : 72221111     |
|                     |                 | Set/Alter Excise Details        | ? <b>Yes</b>   |
|                     |                 | Rate of VAT (%)                 | :              |
| Opening Balance     |                 | Quantity                        | Rate per Value |

Figure 21.40 Stock Item Creation

6. In the **Excise Details** Screen

- **Excise Unit Name:** By default, Tally.ERP 9 displays **Metal Craft Engineering** as Excise Unit Name.

- *In Tally.ERP 9, the Excise units whether created for Dealer / Manufacturer are identified as **Godowns**. However, when the option **Maintain Multiple Godowns/Excise Units** is not enabled in **F11: Inventory Features (F2)** Tally.ERP 9 by default, identifies the Default Godown named **Main Location** as the **Excise Unit Name***
- *To create more than one Excise Unit, enable **Maintain Multiple Godowns/Excise Units** in **F11: Inventory Features (F2)**.*

- **Reporting UOM:** Select **Kgs** as **Reporting UOM** (All the reports will display the Stock item details based on the reporting UOM selected).

*As per **Central Excise Act**, the stock items are required to be reported in the prescribed unit of measurements. The Applicable Unit of Quantity for Iron Bars is **Kgs (Kilograms)**. Hence, select **Kgs (Kilograms)** as the **Reporting UOM**.*

- **Set/Alter Duty Details:** Set this field to **Yes** to view the **Duty Details** screen.

## ii. Create Stock Items on Ad Quantum

To create a **Stock Item** on **Ad Quantum**,

Go to **Gateway of Tally > Inventory Info. > Stock item > Create**

1. Enter the **name** of the Stock Item e.g. **Steel Sheets** in the **Name** field
2. Select the **Group Name** e.g. **Raw Materials** in the **Under** field
3. Select the **unit of measurement** e.g. **Kgs (kilograms)** of the stock item in the **Units** field
4. In **Tariff Classification** field select the applicable tariff classification e.g. **72221191** from the **List of Tariff Classifications** (Use **Alt + C** to create **Tariff Classifications**)
5. Enable **Set/Alter Excise Details** to **Yes** to display the **Excise Details** sub screen.
6. In the **Excise Details** Screen
  - **Excise Unit Name:** By default Tally.ERP 9 displays **Metal Craft Engineering** as Excise Unit Name.
  - **Reporting UOM:** Select **Kgs** as **Reporting UOM**. All the reports will display the Stock item details based on the reporting UOM selected
  - **Set/Alter Duty Details:** Set this field to **Yes** to view the **Duty Details** screen.
  - In **Duty Details** screen
    - In **valuation Type** field Select **Ad Quantum Based** from the **List of Valuation Type**
    - Select the **Basic Excise Duty** in the **Type of Duty** field from the **List of Excise Duty Classifications**
    - Specify the **Rate of Duty** as **16%**
    - Select the **Education Cess** as the second duty in the **Type of Duty** field from the List of Excise Duty classifications
    - Specify the **Rate of Duty** as **2%**
    - Select the **Secondary Education Cess** as the third duty in the **Type of Duty** field from the List of Excise Duty classifications.
    - Specify the **Rate of Duty** as **1%**

10. Press **Enter** to accept and save.

*Wherever, **Additional duties of Excise** and **Special duties of Excise** are applicable on the Exciseable Item, the same can be activated as required from the **List of Excise Duty Classifications**.*

#### iv. Creating Stock Item - Finished Goods (Ad Valorem)

Go to **Gateway of Tally > Inventory Info. > Stock item > Create**

1. Enter the name of the **Stock Item** e.g. **Cold Rolled Channels - 10 mm** in the **Name** field.
2. Select the **Stock Group Name** e.g. **Finished Goods** in the **Under** field.
3. Select the **unit of measurement** e.g. **Nos (numbers)** of the stock item in the **Units** field.
4. Enable **Set Components (BoM)** to **Yes** and press enter to view Stock Item Components (BoM) screen
5. In **Stock Item Components (BoM)** screen
  - In **Unit of manufacture** field enter as **1**
  - Under **Item** and **Quantity** field enter the details as shown

**Stock Item Components (BoM)** Metal Craft Engineering Pvt Ltd Ctrl + M

Name : Cold Rolled Channels - 10mm  
(alias) :

Under : Finished Goods  
Units : Nos  
Set Components (BoM) ? Yes

| Item         | Quantity |
|--------------|----------|
| Iron Bars    | 1 Kgs    |
| Steel Sheets | 1 Kgs    |

Components of : Cold Rolled Channels - 10mm  
Unit of manufacture : 1 Nos

|                                                                     |                                                                                                                                                                               | Accept ?<br>Yes or No           |                                                                                                                                                                                                                                                                                                       |          |

Figure 21.54 Stock Item – MRP

10. Press **Enter** to accept and save.

Similarly, create **Slotted Angle - 10mm** in the manner as discussed above.

## 21.4 Processing Transactions

Once the required Party ledgers, Purchase, Sales and Tax Ledgers are created in the manner as discussed above, let us consider the following transactions pertaining to Excise Manufacturing.

### 21.4.1 Purchase of Excisable Goods

#### Example 1:

*On 01/04/09, M/s. Metal Craft Engineering purchased the following Excisable goods from Durga Steel Industries*

| Item Description | Qty (Kgs) | Rate (Rs) |
|------------------|-----------|-----------|
| Iron Bars        | 1000      | 35        |

*The above items are subject to Basic Excise Duty @ 16%, Education Cess @ 2%, Sec. Educational Cess @ 1% and VAT @ 4%.*

### Step 1 : Create Excise Purchase Voucher

To create a **Purchase Voucher**

#### Setup :

- In **F12: Configuration (Purchase Invoice Configuration)**, ensure the option **Use Common Ledger A/c for Item Allocation** is set to **Yes**

Go to **Gateway of Tally > Accounting Vouchers > F9: Purchases**

1. In **Voucher Type** sub form select **Excise - Purchases** as the voucher type
2. Ensure that the **Purchase Voucher** is in **Item Invoice Mode**

*In Tally.ERP 9, **Excise Purchase Transactions** are required to be recorded in **Invoice Mode Only**.*

3. Enter the **Date** as **1-4-2009**
4. In **Supplier Invoice No.** field enter the Invoice No. as **MCE/201**
5. In the **Party's A/c Name** field, select the supplier i.e. **Durga Steel Industries** from the List of Ledger Accounts
6. Select **Manufacturer** in **n Nature of Purchase** field

Figure 21.59 Purchase Voucher

19. Press **Enter** to save and accept.

### Example 2:

*On 03/04/09, M/s. Metal Craft Engineering purchased the following Excisable goods from Beekay Engineering Corporation*

| Item Description | Qty (Kgs) | Rate (Rs) |
|------------------|-----------|-----------|
| Steel Sheets     | 600       | 42        |

*The above items are subject to Basic Excise Duty @ 16%, Education Cess @ 2%, Sec. Educational Cess @ 1% and VAT @ 12.5%.*

*The Duties of Excise payable in the above purchase are claimable as CENVAT Credit.*

**Step 1 : Create Excise Purchase Voucher****Setup :**

In **F12: Configuration (Purchase Invoice Configuration)**,

- Ensure **Use Common Ledger A/c for Item Allocation** is set to **Yes**
- Set **Calculate Tax on Current subtotal** (*else calculations are on Inventory Total only*) to **Yes**

Go to **Gateway of Tally > Accounting Vouchers > F9: Purchases**

1. In **Voucher Type** sub form, select **Excise - Purchases** as the voucher type
2. Ensure that the **Purchase Voucher** is in **Item Invoice Mode**
3. Enter the **Date** as **3-4-2009**
4. In **Supplier Invoice No.** field enter the Invoice No. as **DSI/202**
5. In **Party's A/c Name** field select the supplier i.e. **Beekay Engineering Corporation** from the **List of Ledger Accounts**
6. In **Nature of Purchase** field the option **Manufacturer** is displayed automatically
7. In **Purchase Ledger** field select the ledger **Purchase @ 12.5%** from List of Ledger Accounts, the **VAT/Tax Class** field automatically gets updated with the VAT/Tax class as selected in the purchase ledger
8. In **Name of Item** field select the Stock Item i.e. **Steel Sheets**
9. In **Quantity** field enter the quantity as **600**
10. In **Rate** field enter the rate as **Rs. 42**, the **Amount** will be displayed automatically
11. Select **Duty Ledger** i.e. **Basic Excise Duty (CENVAT)**.

*In order to avail **Cenvat Credit**, create the duty ledgers under **Current Assets** with Duty/Tax type as **CENVAT**.*

12. The **Amount** for **Basic Excise duty (CENVAT)** ledger will be displayed automatically
13. Similarly, select **Education Cess (CENVAT)** and **Secondary Education Cess (CENVAT)** ledger subsequently
14. Select **Input VAT @ 12.5%**, the **Amount** will be displayed automatically
15. Set the option **Show Statutory Details** to **Yes** to view **Statutory Details** screen
  - In **Statutory Details** screen, press **Alt + F1: Detailed** to view details of duty calculation. The **Statutory Details** screen is displayed as shown

## 21.4.2 Manufacturing Excisable Goods

### Example 3:

*On 06/04/09, M/s. Metal Craft Engineering manufactured the following excisable goods*

|                         | Qty (Nos) |
|-------------------------|-----------|
| Hot Rolled Beams - 25mm | 300       |

*To Manufacture 1 Nos of Hot Rolled Beams - 25mm, the following inputs are required at the given proportions.*

| Item Description | Qty (Kgs) |
|------------------|-----------|
| Iron Bars        | 2         |
| Steel Sheets     | 1         |

*Labour Charges of Rs. 1,000/- was incurred during the process of manufacturing.*

### Step 1 : Create Manufacturing Journal Voucher

Go to **Gateway of Tally > Inventory Vouchers > Alt +F7: Stock Journal**

1. Select **Manufacturing journal** from the list of **Voucher Types**
2. Press **F2** and enter the **Voucher Date** as **6-4-2009**
3. In **Name of Product** field, select **Hot Rolled Beams - 25mm** from the **List of Items**. (Tally.ERP 9 automatically updates the components required to manufacture **Hot Rolled Beams - 25mm**, as defined in Bill of Materials of the respective Stock Item).
4. In **Quantity** field, enter **300** as the quantity manufactured (Tally.ERP 9 automatically updates the **Quantity, Rate** and **Amount** of the components used in the manufacture of **Hot Rolled Beams - 25mm**).
5. Select the Ledger **Labour charges** and enter the amount **1000** as the **additional cost** incurred for manufacturing the finished goods.
6. Enter the **Narration**, if required.

The completed **Excise Manufacturing Journal Voucher** is displayed as shown :

Figure 21.62 Manufacturing Journal

7. Press **Enter** to accept and save.

The procedure to create **Manufacturing Journal Voucher Type** is explained in **Creation of Masters** section.

#### Example 4:

On 07/04/09, M/s. Metal Craft Engineering manufactured the following excisable goods

| Item Description            | Qty (Nos) |
|-----------------------------|-----------|
| Cold Rolled Channels - 10mm | 200       |

To Manufacture 1 Nos of Cold Rolled Channels - 10mm, the following inputs are required in the given proportion.

| Item Description | Qty (Kgs) |
|------------------|-----------|
| Iron Bars        | 1         |
| Steel Sheets     | 1         |

Labour Charges of Rs. 1,500/- was incurred during the process of manufacturing.

#### Step 1 : Create a Manufacturing Journal

Go to **Gateway of Tally > Inventory Vouchers > Alt +F7: Stock Journal**

1. Select **Manufacturing journal** from the list of **Voucher Types**
2. Press **F2** and enter the **Voucher Date** as **7-4-2009**
3. In **Name of Product** field, select **Cold Rolled Channels - 10 mm** from the **List of Items**. Tally.ERP 9 automatically updates the components required to manufacture **Cold Rolled Channels - 10 mm** as defined in BOM of finished goods.
4. In **Quantity** field enter **200** as the quantity manufactured. Tally.ERP 9 automatically updates the **Quantity, Rate** and **Amount** of the components used in the manufacture of **Cold Rolled Channels - 10 mm**
5. Select the Ledger **Labour charges** and enter the amount **1500** as the **additional cost** incurred for manufacturing the finished goods.
6. Enter the **Narration**, if required.

The completed **Excise Manufacturing Journal Voucher** is displayed as shown:

| Inventory Voucher Creation                                |          | Metal Craft Engineering Pvt Ltd |                                          | Ctrl + M              |             |

### 21.4.3 Sale of Excisable Goods

As discussed in earlier sections, it is mandatory to generate **Excise Invoice** under **Rule 11 of Excise Rules 2002**, for removal of excisable goods from a factory / warehouse. Such Invoice should be serially numbered and contain the registration number, description, classification, time and date of removal, rate of duty, quantity and value, of goods and the duty payable. Let us consider the following transaction to illustrate the same.

#### Example 5:

**On 10/04/09, M/s. Metal Craft Engineering sold the following excisable goods to Simplex Casting Limited (vide Invoice No. MCE/101/09-10).**

| Item Description        | Qty (Nos) | Rate (Rs.) |
|-------------------------|-----------|------------|
| Hot Rolled Beams - 25mm | 200       | 360        |

*The above goods are subject to Basic Excise Duty @ 16%, Education Cess @ 2%, Sec. Educ. Cess @ 1% and VAT @ 4%.*

### Step 1 : Create a Sales Voucher

To create a **Sales Voucher**

Go to **Gateway of Tally > Accounting Vouchers > F8: Sales**

1. Select **Excise - Sales** as the voucher type from the list of Voucher Types
2. Ensure that the **Sales Voucher** is in **Item Invoice** Mode
3. Enter the **Date** as **10-4-2009**
4. Enter the **Ref** details as **SCL/321**
5. In **Excise Unit** field, **Metal Craft Engineering** is defaulted automatically
6. The **Excise Book Name** and the **Serial No.** is defaulted automatically
7. In **Party A/c Name** field, select **Simplex Casting Limited** from the **List of Ledger Accounts**
8. In **Party Details** sub form,
  - Enter the **Despatch and Order Details**
  - Enter the **Sl.No.** in **PLA /RG-23** Register
  - The **Date** and **Time of Invoice** is defaulted automatically based on the system time and date, the same can be changed as required)
  - The **Date** and **Time of removal** is automatically set by default based on the system time and date (the same can be changed as and when required).
  - The **Buyer Details** are automatically selected by default based on the ledger specifications

| Despatch Details         |                                                                                                                                    |

Figure 21.70 Print Configuration

3. Press **Enter** to print Excise Invoice

The printed **Excise Sales Invoice** as per Rule 11 of Excise Rules is displayed as shown.

Figure 21.71 Printed Excise Invoice

**Example 6:**

*On 16/04/09, M/s. Metal Craft Engineering sold the following excisable goods to General Fabricators (vide Invoice No. MCE/102/09-10).*

| Item Description            | Qty (Nos) | Rate (Rs.) | Total Value | VAT (%) |
|-----------------------------|-----------|------------|-------------|---------|
| Hot Rolled Beams - 25mm     | 100       | 360        | 36,000      | 4%      |
| Cold Rolled Channels - 10mm | 100       | 300        | 30,000      | 12.5%   |

*The above goods are subject to Basic Excise Duty @ 16%, Education Cess @ 2%, Sec. Educ. Cess @ 1%.*

*Additionally, Packing Charges of Rs. 5,000 was incurred during transit and the same is also subject to Excise Duty as applicable on the goods.*

In order to create **Excise Sales Invoice** for Stock Items subject to multiple VAT rates, ensure that **Use Common Ledger A/c for Item Allocation** is set to **No** in **F12: Configuration (Sales Invoice Configuration)**.

**Step 1 : Create Sales Voucher**

Go to **Gateway of Tally > Accounting Vouchers > F8: Sales**

1. Select **Excise - Sales** as the voucher type
2. Ensure that the **Sales Voucher** is in **Item Invoice Mode**
3. Enter the **Date** as **16-4-2009**
4. Enter the **Ref** details as **GEN/332**
5. **Metal Craft Engineering** is defaulted automatically in the **Excise Unit** field
6. **Excise Book Name** and the **Serial No.** field is automatically prefilled based on predefined configurations
7. In **Party A/c Name** field, select **General Fabricators** from the List of Ledger Accounts
8. In **Party Details** sub form,
  - ❑ Enter the **Despatch and Order Details**
  - ❑ Enter the **SI.No.** in **PLA /RG-23** Register
  - ❑ The **Date** and **Time of Invoice** is defaulted automatically based on the system time and date, the same can be changed as required)
  - ❑ The **Date** and **Time of removal** is automatically set by default based on the system time and date (the same can be changed as and when required)
  - ❑ The **Buyer Details** are automatically selected by default based on the ledger specifications

**Example 8:**

*On 22/04/09, M/s. Metal Craft Engineering sold the following excisable goods to Simplex Casting Limited (vide Invoice No. MCE/103/09-10).*

| Item Description            | Qty (Nos) | Rate (Rs.) | Total Value | VAT (%) |
|-----------------------------|-----------|------------|-------------|---------|
| Slotted Angle - 10mm        | 50        | 250        | 12,500      | 12.5%   |
| Cold Rolled Channels - 10mm | 100       | 300        | 30,000      | 12.5%   |

*The above goods are subject to Basic Excise Duty @ 16%, Education Cess @ 2%, Sec. Educ. Cess @ 1%.*

**Step 1 : Create Excise Sales Voucher**

To create a **Sales Voucher**

Go to **Gateway of Tally > Accounting Vouchers > F8: Sales**

1. Select **Excise - Sales** as the voucher type
2. Ensure that the **Sales Voucher** is in **Item Invoice** Mode
3. Enter the **Date** as **22-4-2009**
4. Enter the **Ref** details as **SCL/410**
5. **Metal Craft Engineering** is displayed automatically in **Excise Unit** field
6. **Excise Book Name** and the **Serial No.** field is automatically prefilled based on predefined configurations
7. Select **Simplex Casting Limited** in the **Party A/c Name** field. In **Party Details** screen, enter the required details
8. Select **Domestic** in **Nature of Removal** field
9. Select **Slotted Angle - 10mm** in **Name of Item** field
10. Enter **Quantity** as **50** and **Rate** as **250**, press **Enter** the amount will be calculated automatically
11. In **Accounting Details for** screen, select **Sales @ 12.5%**, the **VAT/Tax Class** is defaulted automatically
12. Similarly, select **Cold Rolled Channels - 10mm** as the second stock item
13. Enter **Quantity** as **100** and **Rate** as **300**, press **Enter** the amount will be calculated automatically
14. In **Accounting Details for** screen, select **Sales @ 12.5%**, the **VAT/Tax Class** is defaulted automatically
15. Select **Basic Excise Duty @ 16%**, the **Amount** will be calculated and displayed automatically.
16. Select **Education Cess @ 2%** and **Secondary Education Cess @ 1%**, the **Amount** will be calculated and displayed automatically
17. Select **Output VAT @ 4%**, the **Amount** will be displayed automatically
18. Set **Show Statutory Details** to **Yes** and press **Enter**
19. In **Statutory Details** screen, press **Alt+F1** to view in detailed mode

#### 21.4.4 Return of Goods

It is mandatory to account for return of excisable goods sold under the cover of Excise Invoice as per rule 11 of Excise Rules 2002 and to precisely maintain excise books & reports. Let us consider the following transaction to illustrate the same.

##### Example 9:

*On 28/04/09, M/s. Simplex Casting Limited returned the following goods to Metal Craft Engineering.*

| Item Description        | Qty (Nos) | Rate (Rs.) | Total Value | VAT (%) |
|-------------------------|-----------|------------|-------------|---------|
| Hot Rolled Beams - 25mm | 10        | 360        | 3600        | 4%      |

*The above goods were sold under Invoice No. MCE/101/09-10 dt. 10/04/09.*

#### Step 1 : Create Credit Note

##### Setup :

In **F11: Features (Accounting Features)**

- ☐ Set **Use Debit/Credit Notes** to **Yes**
- ☐ Set **Use Invoice mode for Credit Notes** to **Yes**

Go to **Gateway of Tally > Accounting Vouchers > Ctrl + F8: Credit Note**

1. Select **Excise - Credit Note** as the voucher type
2. Ensure that the **Credit Note Voucher** is in **Item Invoice Mode**
3. Enter the **Date** as **28-4-2009**
4. Enter the **Ref** details as **SCL/CN/001**
5. **Metal Craft Engineering** is automatically selected by default in the **Excise Unit** field
6. Select **Goods Sold Returned** as the type of **VAT Adjustment** in the **Used for** field and press **Enter**
7. Select **Simplex Casting Limited** in **Party A/c Name** field
8. In **Name of Item** field, select **Hot Rolled Beams - 25mm**
9. Enter the **Quantity** as **10** and **Rate** as **360**
10. In **Accounting Details for** screen, select **Sales @ 4%** and press **Enter**, the **VAT/Tax Class** is automatically selected by default
11. Select **Basic Excise Duty @ 16%**, **Education Cess @ 2%** and **Secondary Education Cess @ 1%** ledgers subsequently and press **Enter**. The **Amount** will be calculated and displayed automatically
12. Select **Output VAT @ 4%**, the **Amount** will be displayed automatically
13. Set **Show Statutory Details** to **Yes** and press **Enter**
14. In **Statutory Details** screen, press **Alt+F1** to view in detailed mode

17. Press **Enter** to accept and save

Similarly, in case of Purchase Returns you can create the required Debit Note Voucher Type and pass the Debit Note Voucher with the returned goods.

### 21.4.5 Availing CENVAT Credit

As discussed earlier, Government entitles the manufacturer of exciseable goods to avail CENVAT credit on Excise duty (Viz., BED, SED, AED, NCCD, Cess etc) paid on the inputs / raw materials.

To record the CENVAT adjustment in Tally.ERP 9, Excise Duty Ledgers are debited and CENVAT Duty Ledgers are credited respectively, in order to nullify the balances in the CENVAT ledgers. Let us consider the following transaction to illustrate the same.

#### Example 10:

*On 30/04/09, M/s. Metal Craft Engineering Pvt. Ltd., availed CENVAT Credit on Duties of Excise paid on purchases, during the month of April 2009.*

*The details of available CENVAT Credit for April 2009 are as follows*

| Duties of Excise                  | Amount (Rs.) |
|-----------------------------------|--------------|
| Basic Excise Duty (CENVAT)        | 9,600        |
| Education Cess (CENVAT)           | 1,200        |
| Secondary Education Cess (CENVAT) | 600          |

### Step 1 : Create Journal Voucher Class

Go to **Gateway of Tally > Accounts info. > Voucher Types > Alter > Journal**

- ❑ Tab down to **Name of Class** field
- ❑ Enter the **Name of Class** as **CENVAT Credit Adjustment** and press **Enter**
- ❑ In **Voucher Type Class** screen, set **Use Class for Excise / CENVAT Adjustment** to **Yes**

| Voucher Type Class             |                                             | Metal Craft Engineering Pvt Ltd | Ctrl + M                 |

### 6. Press **Enter** to accept and save

The **CENVAT** adjustment entry can be passed depending upon the periodicity of payment of Excise Duty to Government by the Manufacturer i.e., on monthly or quarterly basis depending upon the type of manufacturer.

### 21.4.6 Payment of Excise Duty

As per Excise Rules, the Excise duty is payable on a monthly or quarterly basis depending on the Type of manufacturer. In case of a Regular Manufacturer, the Excise Duty is payable on a monthly basis and for Small Scale Industries (SSI), the Excise Duty is payable on a Quarterly basis.

In order to make the payment in respect of Excise duty, it is essential for the Excise unit to ascertain the accurate net duty payable to the government for any given period after adjusting the available CENVAT credit, if any.

Thus, whenever the Excise Duty payments (monthly/quarterly whichever is applicable) are due, the CENVAT adjustment entry is required to be passed at the end of every month/quarter (as the case may be) before the payment entry.

#### Example 11:

*On 04/05/09, M/s. Metal Craft Engineering Pvt. Ltd., paid Excise Duty for the month of April 2009 vide Cheque No.156387.*

*The excise duty details are as follows :*

| Duties of Excise              | Amount (Rs.) |
|-------------------------------|--------------|
| Basic Excise Duty @ 16%       | 18,880.00    |
| Education Cess @ 2%           | 53.60        |
| Secondary Education Cess @ 1% | 26.80        |

#### Step 1 : Creating Payment Voucher

##### Setup :

- In **F12: Configure (Payment Configuration)**, ensure **Use Single Entry mode for Pymt/Rcpt/Contra** is set to **Yes**

Go to **Gateway of Tally > Accounting Vouchers > F5: Payment**

1. Enter the **Date** as **4-5-2009**
2. Press **Alt + L** or click on **L: Excise Helper** button on the Buttons Bar to view Payment Details (**Excise Helper**) screen

## 21.5 Excise Reports

With the help of Tally.ERP 9, you can generate Excise reports, registers and Statutory Challans & Forms in the prescribed formats. Tally.ERP 9 provides the following Excise reports for Manufacturers :

- ❑ Excise Computation
- ❑ Daily Stock Register
- ❑ PLA Register
- ❑ Form ER 1
- ❑ CENVAT Registers

To view Excise Reports,

Go to **Gateway of Tally > Display > Statutory Reports > Excise Reports > Manufacturer**

Figure 21.98 Excise Reports

### 21.5.1 Excise Computation Report

The Excise Computation report displays the complete information on the Excisable transactions made during a particular period. It precisely provides details on how Excise duty is computed on the Assessable value besides indicating the Credit adjustments available for the respective period, if any.

To view **Excise Computation** report

Go to **Gateway of Tally > Display > Statutory Reports > Excise Reports > Manufacturer > Excise Computation**

- ❑ Select **Metal Craft Engineering** from the **List of Excise Units**

### 21.5.5 CENVAT Registers

In Tally.ERP 9, the following CENVAT Registers are available

- ❑ Credit Summary
- ❑ Credit Availed
- ❑ RG23 Part II
- ❑ Annexure 10
- ❑ Abstract

#### Credit Summary

The **CENVAT Credit Summary** displays the details in respect of opening and closing balance of CENVAT credit available for the selected Excise Unit for different types of Stock Item Types.

To view **CENVAT Credit Summary**,

Go to **Gateway of Tally > Display > Statutory Reports > Excise Reports > Manufacturer > CENVAT Registers > Credit Summary**

- In **Selected Excise Unit** screen,
  - **Metal Craft Engineering** is displayed automatically in **Name of Excise Unit** field
  - Select **Any** in **Tariff No.** field
  - Select **Principal Unit** in the **Stock Item Type** field
  - Select **All Items** from the **List of Stock Items**

The screenshot displays the 'Selected Excise Unit' window for 'Metal Craft Engineering Pvt Ltd'. The window is divided into several sections:

- Current Period:** 1-4-2009 to 31-3-2010
- List of Selected Companies:** Metal Craft Engineering Pvt Ltd
- CENVAT Credit Register:**
  - Name of Excise Unit : Metal Craft Engineering
  - Tariff No. : Any
  - Stock Item Type : Principal Input
  - Stock Item Name : All Items
- List of Stock Items:**
  - All Items
  - Hot Rolled Beams - 25mm
  - Iron Bars
  - Steel Sheets

The 'All Items' option is selected in the 'List of Stock Items' section.

Figure 21.118 Abstract

### Points to Remember

- ❑ Excise duty is tax charged on goods manufactured and consumed within India.
- ❑ Goods to be Excisable must satisfy the three basic conditions i.e, it must be movable, marketable and specified in the Central Excise Tariff Act.
- ❑ CENVAT Credit is the set-off of duty paid on inputs used in the manufacture of final products, against the duty liability on such final products.
- ❑ Tally.ERP 9 permits you to create specific voucher types like Excise-Purchase & Excise-Sales for entering the excise related transactions.
- ❑ Manufacturer / Supplier/ Buyer details can be entered during invoice entry.
- ❑ Tally.ERP 9 permits you to generate & print Excise Invoice as per Rule 11 of Excise Rules.
- ❑ Tally.ERP 9 permits you to generate and print Excise Reports and Statutory Returns
- ❑ Tally.ERP 9 also allows you to make adjustments in the records for the sales return of Cenvatable goods and view its effect in the Statutory Reports.

## Lesson 22: Payroll Accounting and Compliance

### Lesson Objectives

On completion of this lesson, you will learn,

- Payroll Accounting & Statutory Features in Tally.ERP 9

The term **Payroll** refers to a series of accounting transactions involved in the process of paying employees for the services rendered after taking all the statutory and non-statutory deductions into account, in conformance with the terms of employment, company policy and the law of the land i.e., payment of payroll taxes, insurance premiums, employee benefits and other deductions.

An efficient payroll system facilitates an error-free, accurate and timely employee payment while ensuring that the employment is well within the valid work permit.

### 22.1 Configuring Payroll in Tally.ERP 9

Payroll in Tally.ERP 9 is easy to use and can handle all the functional, accounting and statutory requirements of the payroll department.

#### 22.1.1 Salient Features of Tally.ERP 9's Payroll

The key features of the Payroll functionality in Tally.ERP 9 are as follows:

- It is fully integrated with accounts to give you the benefits of simplified Payroll processing and accounting
- It has user defined classifications and sub-classifications for comprehensive reporting. This may be related to the employees, employee groups, pay components, departments etc.
- It provides the facility to create user-defined earnings and deductions Pay Heads
- It allows flexible and User-definable criteria for simple or complex calculations
- It allows unlimited grouping of Payroll Masters

- ❑ It supports user-defined production units i.e., attendance/ production/ time based remuneration units
- ❑ It provides a flexible payroll processing period
- ❑ It provides comprehensive Cost Centre as well as employee-wise costing reports
- ❑ It ensures an accurate & timely Salary Processing, Employee Statutory Deductions & Employer Statutory Contributions with the help of predefined processes
- ❑ It provides auto-fill facility to expedite the Attendance, Payroll & Employer Contributions processes.
- ❑ It facilitates an accurate computation and deduction of ESI, EPF, Professional Tax, Gratuity etc.
- ❑ It helps in the generation of Statutory Forms & Challans for EPF & ESI, as prescribed.
- ❑ It allows drill-down facility to voucher level for any kind of alteration.
- ❑ It facilitates computation of arrears pertaining to prior period(s).
- ❑ It helps in tracking employee loan details

### 22.1.2 Enabling Payroll in Tally.ERP 9

It takes a one-time configuration in Tally.ERP 9 for the Payroll functionality to be activated. Create a new company in Tally.ERP 9 and follow the steps given below to enable Payroll.

Let us consider **M/s. Indus Solutions Pvt. Ltd.**, which is engaged in the business of Software services. It is based at Bangalore with the following three major departments:

- ❑ Sales
- ❑ Administration
- ❑ R & D

#### Step 1: Company Setup

Go to **Gateway of Tally > Company Info. > Create Company**

In the Company Creation screen,

- ❑ Select **India** in the field **Statutory compliance for** from the List of Countries provided
- ❑ Type **1-4-2009** as **Financial Year from** date and press **Enter**

The completed **Company Creation** screen is displayed as shown:

**Provident Fund :**

- ❑ **Company Code** : This field denotes the Provident Fund Code of the Company allotted by the Department.
- ❑ **Company Account Group Code** : This field denotes the Provident Fund Group Code of the Company allotted by the Department.
- ❑ **Company Security Code** : This field denotes the Security Code of the Company allotted by the Department.

**Employee State Insurance :**

- ❑ **Company Code** : This field denotes the ESI Code of the Company allotted by the Department.
- ❑ **ESI Branch Office** : This field denotes the nearest ESI office under whose jurisdiction, the company is situated.
- ❑ **Eligibility Amount** : This field denotes the threshold limit, beyond which the Employee will not be eligible for ESI.
- ❑ **Standard Working days (per month)** : This field denotes the consistent Pay Period to be considered for ESI Calculation. If this field is left blank, the calculation is done based on the Calendar days in each month.

- ❑ Press **Enter** to **Accept** the screen and go back to **F11: Statutory & Taxation Features** screen
- ❑ Press **Ctrl+A** to **Accept** the screen

## 22.2 Creating Payroll Masters

Tally.ERP 9's Payroll features require minimal effort for accurate payroll processing. It takes five easy steps to process payroll & generate Payslip in Tally.ERP 9.

Essentially, Payroll involves the calculation of amounts due for an employee on the following basis.

- ❑ On hourly wages
- ❑ Pay on a fixed basis such as certain amount per week, per month and so on
- ❑ Pay to sales persons on commission
- ❑ Reimbursement of expenses such as travel expenses, either as paid by the employee or based on per item rate
- ❑ Pay on number of pieces produced/ manufactured/ sold

It is therefore essential to quantify the following payroll information for the purpose of computation of payments to employees. For this purpose the following Payroll masters are required to be created in Tally.ERP 9 in the manner as discussed:

- ❑ Employee Masters
- ❑ Payroll Masters
- ❑ Pay Heads
- ❑ Salary Details

Figure 22.5 Payroll Cycle

### 22.2.1 Employee Setup

The Employee Master records employee information – department, date of joining, date of leaving, ID number, designation, location, function, employee bank details, statutory details, Passport and Visa details and so on.

## Employee Group Master

Businesses with multiple departments, divisions, functions or activities may create the required employee groups and classify individual employees under a specified group i.e., Production, Sales, Marketing, Stores, Support or a particular group of employees such as managers, supervisors, sub-staff and so on.

To create **Sales** as an **Employee Group**:

Go to **Gateway of Tally > Payroll Info. > Employee Groups > Create**

In the **Employee Group Creation** screen,

1. Select **Primary Cost Category** as the **Category** (You can also create a separate cost category to segregate Employee Cost based on respective categories)
2. Type **Sales** as the **Name** of the Employee Group
3. Select the group as **Primary** (Tally.ERP 9 allows an unlimited grouping of Employee Groups)

The **Employee Group Creation** screen is displayed as shown:

| Employee Group Creation |                         | Indus     |
|-------------------------|-------------------------|-----------|
| Category                | : Primary Cost Category |           |
| Name                    | : Sales                 |           |
| (alias)                 | :                       |           |
| Under                   | : [ Primary             |           |
|                         |                         | Accept ?  |
|                         |                         | Yes or No |

Figure 22.6 Employee Group Creation screen

4. Press **Enter** to **Accept** the **Employee Group Creation** screen

Similarly, create the other Employee Groups such as **Administration** and **R&D**.

## Employee Master

Now that you have created the Employee Groups, create individual Employee Masters, with or without grouping them, under the Employee Group Master.

In Tally.ERP 9, you can record all the necessary information of the employees in the Employee Masters. Tally.ERP 9 also allows you to enter the Statutory, Expat and Contract details of the employees.

To display the options for entering the Statutory, Expat and Contract details, enable these options from the Company Configuration screen as explained below:

Go to **Gateway of Tally > F12:Configure > Payroll Configuration**

Set the following options:

- ❑ **Show Statutory Details to Yes**
- ❑ **Show Passport & Visa Details to Yes**
- ❑ **Show Contact Details to Yes**

The **F12: Payroll Configuration** screen is displayed as shown:

| Payroll Configuration         |                                                                                                                                |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Show Statutory Details        | ? Yes                                                                                                                          |
| Show Passport & Visa Details  | ? Yes                                                                                                                          |
| Show Contract Details         | ? Yes                                                                                                                          |
| Show Deactivated Employees    | ? Yes                                                                                                                          |
| Information in Payment Advice | : Please make the payroll transfer from above account number to the below mentioned account numbers towards employee salaries: |
| Pay Slip Note                 | : This is a Computer Generated Pay Slip and does not require any signature.                                                    |
| Pay Slip Message              | : Happy New Year!!!                                                                                                            |

Figure 22.7 F12: Payroll Configuration screen

- ❑ **Press Enter to Accept**

- ❑ *Tally.ERP 9 allows you to configure the above settings from the **Employee Creation** screen, by pressing **F12: Configure**.*
- ❑ *The information to be printed in the **Payment Advice** is automatically pre-filled in Tally.ERP 9. However, you can also modify the same as per your requirements.*

Create the following Employee Masters

| Employee Name | Department     | Date of Joining |
|---------------|----------------|-----------------|
| Rohit Roy     | Administration | 1-4-2009        |
| Preeti Sinha  | R&D            | 1-4-2009        |
| Atul Sharma   | Sales          | 1-4-2009        |
| Ramesh Arora  | Sales          | 1-4-2009        |

Go to **Gateway of Tally > Payroll Info. > Employees > Create**

In the **Employee Creation** screen,

1. Select the **Primary Cost Category** as the **Category**
2. Type the **Name** of the Employee as **Rohit Roy**
3. Specify the Name of the Employee Group as **Administration** in the field '**Under**'
4. Specify the **Date of Joining** as **01-04-2009**
5. Type the other details of the employee as shown.

| Employee Creation    |                                  | Indus Solutions Pvt. Ltd. |                                    | Ctrl + M                                 |              |

Figure 22.8 Employee Creation screen

6. Press **Enter** to **Accept** the screen

*The **Date of Leaving** and **Reason for Leaving** option will be available only in the **Alteration** mode.*

Similarly, create the Employee Masters for other employees with their respective departments.

### 22.2.2 Payroll Masters

As discussed in the above section, Pay components are computed based on the Payroll Units. Therefore, create the following Payroll masters in Tally.ERP 9:

- Payroll Units
- Attendance / Production Types

## Payroll Units

A payroll unit refers to a unit of measurement based on which pay heads are calculated. Payroll units can be classified into two types viz., Simple Payroll Units and Compound Payroll Units. Simple Payroll Units refer to individual units such as Day, Week, Month, Hours, Pcs, Box, Nos etc., Whereas, Compound Payroll Units refer to Units which are combination of two simple units, i.e., an Hour of 60 Minutes, Month of 26 days, Day of 8 Hrs.

Usually, the Pay components are computed based on a single or compound payroll units. Sometimes an employee may be paid on the basis of a combination of two or more units. For example, an employee is paid a regular salary and an hourly rate for the overtime hours. In this case, the two likely units are **Calendar Month** and **Hours**. In Tally.ERP, you can create simple as well as compound units.

By default, Tally.ERP 9 contains four preset **Calculation Periods** – **Days, Fortnights, Months & Weeks**. However, you can also create new Payroll Units based on your business requirements.

| Name           | Type     | Symbol         |
|----------------|----------|----------------|
| Hours          | Simple   | Hrs            |
| Minutes        | Simple   | Mins           |
| Hrs of 60 Mins | Compound | Hrs of 60 Mins |

### i. Simple Payroll Units

Go to **Gateway of Tally > Payroll Info. > Units (Work) > Create**

In the **Unit Creation** screen,

1. **Simple** is defaulted as the **Type** of Unit
2. Specify **Hrs** as the **Symbol**
3. Type **Hours** as the **Formal Name**
4. Specify **2** as the **Number of Decimal Places**

The completed **Unit Creation** screen is displayed as shown:

Figure 22.9 Simple Unit Creation screen

5. Press **Enter** to **Accept** the **Unit Creation** screen.

Similarly, create **Minutes** as another Simple Unit.

## ii. Compound Payroll Units

Create **Hrs of 60 Mins** as a Compound Unit.

In the **Unit Creation** screen:

1. Press **Backspace** and select **Compound** as the **Type** of Unit
2. Specify **Hrs** as the **First Unit**
3. Enter **60** as the **Conversion**
4. Specify **Mins** as the **Second Unit**

| Unit Creation                                               |            |             | Indus Solutions Pvt. Ltd. |           |
|-------------------------------------------------------------|------------|-------------|---------------------------|-----------|
| Type                                                        | : Compound |             | Current Date              |           |
| Units with Multiplier Factors<br>(example: Kgs of 1000 gms) |            |             | Wednesday, 1 Apr, 2009    |           |
| First Unit                                                  | Conversion | Second Unit | Units                     |           |
| Hrs                                                         | of 60      | Mins        | Mins                      | (Minutes) |

Figure 22.10 Compound Unit Creation screen

5. Press **Enter** to Accept the Unit Creation screen.

### Types of Units:

- **Simple Units** are individual units with no relationship with other units i.e., Hrs, Nos, Pieces and so on.
- **Compound Units** are a combination of two simple units, where the two units have an arithmetical relationship with each other. For example, an Hour of 60 Minutes.

## 22.2.3 Attendance/ Production Types

Attendance/Production Type masters are used to record the nature of attendance/ production i.e., time and work rate. In Tally.ERP 9, you can create Attendance types based on time such as **Present** and **Absent** or based on work based production units such as **Piece productions**, **Sales performance** and so on.

Create the following Attendance Types for M/s. Indus Solutions Pvt. Ltd.,

| Name     | Under   | Attendance/Production Type | Period Type    |
|----------|---------|----------------------------|----------------|
| Present  | Primary | Attendance/ Leave with Pay | Days           |
| Absent   | Primary | Leave without Pay          | Days           |
| Overtime | Primary | Production                 | Hrs of 60 Mins |

### i. Present Attendance Type

Go to **Gateway of Tally > Payroll Info. > Attendance / Production Types > Create**

In the **Attendance Type Creation** screen,

1. Type **Present** as the **Name** of the **Attendance type**
2. Specify the group as **Primary** in the field '**Under**'. By default primary is selected.
3. Select **Attendance/ Leave with Pay** as the **Attendance Type** and the **Period Type** appears as **Days**, by default.

| Attendance/Production Type Creation |                                      | Indus Solutions Pvt. Ltd.                                                                                              |  |
|-------------------------------------|--------------------------------------|------------------------------------------------------------------------------------------------------------------------|--|
| Name<br>(alias)                     | : <b>Present</b>                     |                                                                                                                        |  |
| Under                               | : <b>Primary</b>                     | <div> List of Attendance Types </div>                                                                                  |  |
| Attendance Type                     | : <b>Attendance / Leave with Pay</b> | <div> <b>Attendance / Leave with Pay</b><br/> Leave without Pay<br/> Production<br/> User Defined Calendar Type </div> |  |
| Period Type                         | : <b>Days</b>                        |                                                                                                                        |  |

Figure 22.11 Attendance/ Production Type Creation screen

#### Attendance/Production Types :

- ❑ **Attendance / Leave with Pay** : This Attendance Type is used when the Salary is computed based on the number of days present.
- ❑ **Leave without Pay** : This Attendance Type is used when the Salary is computed number of days absent.
- ❑ **Production** : This Attendance Type is used when the Salary is computed on the basis of units produced.
- ❑ **User Defined Calendar Type** : This Attendance Type is used when the Salary is computed based on the number of days present in a user defined calendar period.

The completed **Attendance Type Creation** screen is displayed as shown.:

| Attendance/Production Type Creation |                      | Indus                 |
|-------------------------------------|----------------------|-----------------------|
| Name                                | : Present            |                       |
| (alias)                             | :                    |                       |
| Under                               | : ■ Primary          |                       |
| Attendance Type                     | : Attendance / Leave | Accept ?<br>Yes or No |
| Period Type                         | : Days               |                       |

Figure 22.12 Attendance/Production Type Creation Screen

4. Press **Enter** to Accept the **Attendance Type** Creation screen.

### ii. Absent Attendance Type

Similarly, create another Attendance Type as **Absent**. Enter **Leave without Pay** in the field **Attendance Type**.

The completed **Attendance Type Creation** screen is displayed as shown:

| Attendance/Production Type Creation |                     | Indus                 |
|-------------------------------------|---------------------|-----------------------|
| Name                                | : Absent            |                       |
| (alias)                             | :                   |                       |
| Under                               | : ■ Primary         |                       |
| Attendance Type                     | : Leave Without Pay | Accept ?<br>Yes or No |
| Period Type                         | : Days              |                       |

Figure 22.13 Attendance/ Production Type Creation screen

□ Press **Enter** to **Accept** the **Attendance Type** Creation screen.

In the same way, create **Overtime** as the **Production Type** with **Production** as the **Attendance Type**.

### iii. Calendar Month

In the **Attendance Type Creation** screen,

1. Type **Calendar Month** as the **Name** of the **Attendance type**
2. Specify the group as **Primary** in the **Under** field.

3. Select **User Defined Calendar Type** as the **Attendance Type** and the **Period Type** appears as **Days**, by default.

| Attendance/Production Type Creation |                                     | Indus Solutions Pvt. Ltd. |
|-------------------------------------|-------------------------------------|---------------------------|
| Name<br>(alias)                     | : Calendar Month                    |                           |
| Under                               | : Primary                           |                           |
| Attendance Type                     | : <b>User Defined Calendar Type</b> |                           |
| Period Type                         | : Days                              |                           |

- Press **Enter** to **Accept** the **Production Type** Creation screen.

#### *Attendance/Production Types details:*

- ***Present Attendance Type** may be used when the pay value is measured on the basis of positive attendance units, i.e. number of days present.*
- ***Absent Attendance Type** may be used when the pay value is measured on the basis of negative attendance units, i.e. number of days absent.*
- ***Production Attendance Type** may be used when the pay value is measured on the basis of units produced, for e.g., number of boxes produced.*
- ***Calendar Month Attendance Type** may be used when the pay value is measured on the basis of positive attendance units (i.e. number of days present) in a user defined calendar period.*

### **22.2.4 Pay Heads**

Pay Heads may be broadly considered as Earnings and Deductions from an employee's point of view. However, these pay heads would still be Expense and Liability from the employer's view point.

Some examples of Earnings Pay Heads are Basic Salary, Dearness Allowance, City Compensatory Allowance, House Rent Allowance, Night Shift Allowance, Uniform Allowance, Sales Commission and so on. Some examples of Deductions pay heads are Employees' Provident Fund (EPF), Employees' State Insurance (ESI), Professional Tax, Income Tax, TDS, Advance (if any).

In Tally.ERP 9, each pay head is to be created as an individual ledger account and grouped under its respective group i.e., all Earnings pay heads under Indirect Expenses group or Direct Expenses group and all Deductions pay heads under Current Liabilities, Current Assets and Duties & Taxes group.

The preset Pay Head types in Tally.ERP 9 are:

1. Earnings for Employees
2. Deductions from Employees
3. Employees' Statutory Deductions
4. Employer's Statutory Contributions
5. Employer's Other Charges
6. Bonus
7. Gratuity
8. Loans and Advances
9. Reimbursements to Employees

The pay heads marked with the above pay head types will be available during payroll processing, and if the Pay Head Type is marked as **Not Applicable**, will not be available. The Salary Payable, PF Payable, ESI Payable ledgers are required to be created, by selecting **Not Applicable** as **Pay Head Type**.

Create the following pay heads in the books of M/s. Indus Solutions Pvt. Ltd.

### I. Earning Pay Heads

Create the following Earnings Pay Heads:

| Pay Head Name        | Pay Head Type          | Under             | Affect Net Salary | Name to Appear in Payslip | Use for Gratuity | Calculation Type      | Calculation Period/ Production Type |
|----------------------|------------------------|-------------------|-------------------|---------------------------|------------------|-----------------------|-------------------------------------|
| Basic Pay            | Earnings for Employees | Indirect Expenses | Yes               | Basic                     | Yes              | On Attendance         | Months                              |
| House Rent Allowance | Earnings for Employees | Indirect Expenses | Yes               | House Rent Allowance      | No               | As Computed Value     | —                                   |
| Conveyance           | Earnings for Employees | Indirect Expenses | Yes               | Conveyance                | No               | Flat Rate             | Months                              |
| Overtime Pay         | Earnings for Employees | Indirect Expenses | Yes               | Overtime Pay              | No               | On Production         | Overtime                            |
| Variable Pay         | Earnings for Employees | Indirect Expenses | Yes               | Variable Pay              | No               | As User Defined Value | —                                   |

#### i. Basic Pay Head Creation

Go to **Gateway of Tally > Payroll Info. > Pay Heads > Create**

In the **Pay Heads** Creation screen,

1. Type **Basic Pay** as the **Name** of the Pay Head
2. Select **Earnings for Employees** in the field **Pay Head Type**.

The **Pay Head Creation** screen appears as shown:

| Pay Head Creation                                                          |                         | Indus Solutions Pvt. Ltd.                                                                                                                                                                                                                                                                                                                                                                                          |  | Total Op. Bal. |
|----------------------------------------------------------------------------|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|----------------|

Figure 22.16 Basic Pay Head Creation – Pay Head Type Selection

- Specify the group as **Indirect Expenses** in the field **Under** and press **Enter**
- Set **Affect Net Salary** to **Yes**
- Specify **Basic** in the field **Name to appear in Payslip**
- Set **Use for Gratuity** to **Yes**
- Select **On Attendance** in the field **Calculation Type** and press **Enter**

*Description of general parameters in Pay Head creation:*

- **Affect Net Salary** – If this option is set to **Yes**, then the Pay Head will appear in the Salary Slip for calculation of Net salary.
- **Name to appear in the Payslip** – If **Affect Net Salary** is set to **Yes**, then the required name for the Pay Head that appears in the Payslip should be specified against this field.
- **Use for Gratuity** – This parameter should be set to **Yes**, for the Pay Head components that will be used for the **Gratuity calculation** (e.g. **Basic** and **DA**).

The **Pay Head Creation** screen with the **List of Calculation** is displayed as shown:

Figure 22.17 Basic Pay Head Creation - Calculation Type

**Calculation Type** refers to the method of computation of pay components. In Tally.ERP 9, there are basically 5 calculation types.

- ❑ **As Computed Value** – This method is used when the pay value is computed based on certain predefined factors i.e., slab rates, pay heads and so on.
- ❑ **As User-Defined Value** – This method is used when the value of pay is not fixed and does not depend upon any pay components.
- ❑ **Flat Rate** – This method is used when the value of the pay heads is fixed for the given month. This calculation type is not dependant upon attendance/production. For example, conveyance of Rs. 700 per month.
- ❑ **On Attendance** — This calculation type depends upon Attendance records and is used along with rate per unit of attendance. For example, Overtime of Rs. 25 per hour.
- ❑ **On Production** — This method is used when the pay value is measured based on work done i.e., pieces or numbers produced/manufactured.

8. Select **Present** in the field **Attendance/ Leave with Pay**.

The **Pay Head Creation** screen with the **List of Attendance Types** is displayed as shown below:

Figure 22.20 Pay Head Creation screen - Calculation Basis Selection

### 11. Press **Enter** to **Accept**

**Calculation Basis** refers to the **periodicity** of the given calculation period.

- **As per Calendar Period** refers to the perpetual calendar month, i.e. if the payroll process is carried out for the month of March, then the attendance records will be entered for 31 days.
- **User Defined** Value refers to the consistent payroll period irrespective of calendar month, i.e. If an employee's salary is based on a standard month of 30 days irrespective of the calendar month, then you can select **User Defined** as the **Calculation Basis** and define the periodicity of the specified period or month.
  - For example, an employee's monthly salary is Rs. 3,000 and the calculation basis is defined as a month of 30 days. If he takes 3 days leave in January (which consists of 31 days), then the salary per day is computed as (Rs. 3000/30 days, i.e. 100). The net salary after deducting the leave salary [i.e. Rs. 300 (3 days x Rs. 100)] amounts to Rs. 2,700.

- **User Defined Calendar Type** refers to the calendar month as defined by the user, i.e. if the payroll process is carried out for the particular month considering 26 days and in some months with 28 days (where the months extends to 5 weeks).

12. Specify the **Months of 26 Days** and press **Enter**

Figure 22.22 Pay Head Creation screen – Rounding Method selection

14. Specify **1** as the rounding **Limit** (The Rounding limit allows the value to be in multiples of the limit specified and is based on the Rounding Method selected)

There are 4 methods of **Rounding Off** in Tally.ERP 9 which are as follows:

- ❑ **Not Applicable** – The decimal points will be taken into consideration, and the amount will not be rounded off.
- ❑ **Downward Rounding** – The decimal points will not be taken in to consideration and the amount will be rounded off to the lower value.
- ❑ **Normal Rounding** – The amount will be rounded off to the nearest currency value.
- ❑ **Upward Rounding** – The amount will be rounded off to the higher value.

The completed **Basic Pay Head Creation** screen is displayed as shown.

Figure 22.25 Pay Head Creation screen with Compute method

#### Computation on details:

- ❑ **On Current Deductions Total** – This calculation type is used when the value of a pay head depends upon the total of the deductions pay heads previously defined.
- ❑ **On Current Earnings Total** – This calculation type is used when the value of a pay head depends upon the total earnings pay heads previously defined.
- ❑ **On Current Sub Total** – This calculation type is used when the value of a pay head depends upon the net totals of earnings and deductions previously defined.
- ❑ **On Specified Formula** – This calculation type is used when the pay head value is computed on the value of one or more pay heads already defined in the pay structure. (Tally.ERP 9 allows the addition and subtraction of pay heads already defined in the pay structure and multiplication and divisions using attendance types. For example, HRA is computed as 40% of the basic salary.)

10. Press **Enter** and the **Compute** sub-screen is displayed

11. In the Sub-screen **Compute**:

- Select **Basic Pay** as the **Add Pay Head** function and press **Enter**

Figure 22.26 Compute sub-screen

The pay head drop-down box contains pay heads already created. If any pay head(s) is a component for the given Pay Head, you may create the required Pay Head by pressing **Alt+C** from the above Pay Head field and make the necessary alterations in the required pay head.

- Select **End of List**

Figure 22.39 Completed Employee's PF @ 12% Pay Head Creation screen

20. Press **Enter** to **Accept** the screen

## ii. Employee's ESI Contribution @ 1.75% Pay Head Creation

Create **Employee's State Insurance (ESI) Pay Head** as discussed.

In the **Pay Head Creation** screen,

1. Type **Employee's ESI Contribution @ 1.75%** as the **Name** of the Pay Head
2. Select **Employees' Statutory Deductions** in the field **Pay Head Type**
3. Select **ESI** in the field **Statutory Pay Type**
4. Specify the group as **Current Liabilities** in the field **Under** and press **Enter**
5. Set **Affect Net Salary** to **Yes**
6. Specify **ESI @ 1.75%** in the field **Name to appear in Payslip**
7. **As Computed Value** appears by default in the field **Calculation Type**
8. Select the option **Normal Rounding** as the **Rounding Method**. Specify **1** as the rounding **Limit** and press **Enter**
9. Select **On Specified Formula** in the field **Compute** and press **Enter**

Figure 22.40 Employee's ESI Pay Head creation screen - Compute On Selection

10. In the **Compute On** Sub-screen, subscreen,

- ❑ Select **Basic Pay** as the **Add Pay Head** function and press **Enter**
- ❑ Select **House Rent Allowance** as the second Pay Head in the **Add Pay Head** Function
- ❑ Similarly, select **Conveyance** and **Overtime Pay** as the **Add Pay Head** function

**Computation On Specified Formula** Indus Solutions Pvt. Ltd. Ctrl + M

Name : Employee's ESI Contribution @ 1.75%  
(alias)

**List of Pay Heads**

Basic Pay  
Conveyance  
Employee's PF Contribution @ 12%  
House Rent Allowance  
**Overtime Pay**  
Variable Pay

Compute : On Specified Formula

| Function     | Pay Head             |
|--------------|----------------------|
| Add Pay Head | Basic Pay            |
| Add Pay Head | House Rent Allowance |
| Add Pay Head | Conveyance           |
| Add Pay Head | Overtime Pay         |

Compute : On Specified Formula  
Specified Formula :  $\{Basic Pay + House Rent Allowance\} + Overtime Pay$

| Effective From | From Amount | Amount Upto | Slab Type  |
|----------------|-------------|-------------|------------|
| 1-Apr-2009     |             |             | Percentage |

Effective From : 1-Apr-2009

Figure 22.41 Employee's ESI Pay Head creation screen - Add Pay Head selection

- Select **End of List** and press **Enter**

*Any income of a regular nature will be subject to ESI calculation viz., Basic Pay, Dearness Allowance, House Rent Allowance, Conveyance, Overtime etc.*

- Specify **1-4-2009** as the **Effective From** date
- The **From Amount** and **Amount Upto** fields are skipped as the amount is already entered in the **Statutory & Taxation** screen
- Select **Percentage** as the **Slab Type** from the **List of Slabs**
- Specify **1.75%** as the **Value Basis Percentage** and press **Enter**

The Pay Head creation screen appears as shown:

| Pay Head Creation                                                                                                                                                                                                                                                                                            |             | Indus Solutions Pvt. ### 22.2.5 Gratuity

Apart from the above Pay Heads, create Gratuity Expenses (Provisional) Account in order to get provisional Gratuity liability report for the employer at any given period.

**Gratuity** refers to the monetary benefit given by the employer to the employee at the end of the employment for the services rendered over a period of employment either by law or otherwise. It is calculated provisionally at the end of each financial period to assess the possible liability of the company towards its employees. A Gratuity Provisional Account is created to capture the details required for the calculation of gratuity. Gratuity is calculated based on select salary components.

The formula used for Gratuity calculation is as follows.

|                                               |   |                                                                                                 |   |                                                                           |

| Latest eligible salary*<br>for Gratuity       | × | Number of days pay<br>eligible for the total<br>months covered in the<br>respective slab period | × | Served period #<br>(in proportionate<br>years) in the<br>respective slabs |
| Number of days in a<br>month to be considered |   |                                                                                                 |   |                                                                           |

- \* **Eligible salary** refers to the sum of pay heads covered in the employee's latest pay structure, for the relevant period. The pay heads must be set to **Yes** for **Use for gratuity** and the Gratuity ledger should be part of the pay structure.
- # **Served period** is computed from the date of joining to the end date of calculation period. Served period may be proportionate such as 11 years 10 months and 5 days.
- When Served period covers more than one slab, the total of calculation of all slabs will constitute the gratuity provisional amount of the employee.

### Gratuity Pay Head Creation

| Ledger                          | Pay Head Type | Under                               |
|---------------------------------|---------------|-------------------------------------|
| Gratuity Expenses (Provisional) | Gratuity      | Provisions<br>(Current Liabilities) |

In the **Pay Head Creation** screen,

1. Type **Gratuity Expenses (Provisional)** as the **Name** of the Pay Head
2. Select **Gratuity** in the field **Pay Head Type**. The **Slab Rate details for Gratuity Calculation** screen are displayed.
3. In the **Gratuity Calculation** subscreen, specify the following details:
  - Specify **Gratuity Days of a Month** as **26**
  - Enter **1** and **60** (months) in the **From** and **To** fields under the **Number of Months** column
  - Specify **0** in the field **Eligibility days for Gratuity Calculation per year**
  - Similarly, select **61** and **120** in the **From** and **To** fields
  - Specify **15** in the **Eligibility days for Gratuity Calculation per year** field
  - Press **Enter** to accept **121** in the field **From**
  - Specify **15** in the field **Eligibility days for Gratuity Calculation per year**

The **Slab Rate Details for Gratuity** calculation screen is displayed as shown.

| Slab Rate details for Gratuity Calculation |     |                                                    |
|--------------------------------------------|-----|----------------------------------------------------|
| Gratuity Days of a Month                   |     | : 26                                               |
| Number of Months                           |     | Eligibility days for Gratuity Calculation per year |

| 121                                        | 0   | 15                                                 |
|                                            |     |                                                    |

Figure 22.45 Slab Rate Details for Gratuity Calculation screen

4. Press **Enter** to **Accept** the screen

**Gratuity parameter details:**

- ❑ **Gratuity days of a Month** – The number of days per calendar month varies from 28 to 31. In this case, you can apply a consistent period of 26 days (excluding 4 Sundays) for all employees irrespective of their month of leaving. It can also be fixed by law.
- ❑ **Number of months From and To** – This represents the months until which the eligible days are applicable in the Slab system, beginning from the date of joining.
- ❑ **Eligibility days for Gratuity Calculation per year** – This refers to the Number of days' pay given as gratuity for the entire slab. If the slab period has not ended, then the slab is applied based on the number of months covered in the previous slab. If the number of days eligible is zero (0), then the eligible days mentioned in the next slab are considered.

5. Specify the group as **Provisions (Current Liabilities)** in the field **Under** and press **Enter**

The completed **Gratuity Expenses (Provisional) Pay Head Creation** screen is displayed as shown.

| Pay Head Creation                                                                                                                                                                                                                                                                               |  | Indus Solutions Pvt. 6. Press **Enter** to **Accept** the screen.

### 22.2.6 Salary Details Setup

The Salary Details masters contain information on the Employee Group/ individual employee pay structure, comprising both earnings and deductions pay components for the applicable period.

Businesses having a common pay structure for a particular department or division or set of employees can define salary details for an employee group and classify individual employees under the specified group to inherit the parent pay values. The Employee Group master prefills the parent group values to the individual employee masters created under them. It reduces the possibility of erroneous data entry and expedites data entry. This categorisation also helps in generation of Group-wise reporting.

Pay structure constituting the Pay Heads and basis of calculation should be similar for the employees falling under the same group, but pay values need not be same.

Tally.ERP 9 also allows you to set up individual employee salary details with all parameters applicable for Employee groups. The individual employee masters with separate pay structure are usually created on a case-to-case basis.

To define **Salary Details** for employees,

Go to **Gateway of Tally > Payroll Info. > Salary Details > Create**

| Administration | # Primary      | Primary Cost Category |
|----------------|----------------|-----------------------|
| Atul Sharma    | Sales          | Primary Cost Category |
| Preeti Sinha   | R & D          | Primary Cost Category |
| Ramesh Arora   | Sales          | Primary Cost Category |
| R & D          | Primary        | Primary Cost Category |
| Rohit Roy      | Administration | Primary Cost Category |
| Sales          | Primary        | Primary Cost Category |

Figure 22.47 List of Employee Groups/ Employees screen

1. Select **Rohit Roy** from the **List of Employees** and press **Enter**  
In the **Salary Details** screen,
  - ❑ The **Effective date** is entered as **01-04-2009** by default based on the **Date of Joining** entered in the Employee Master
  - ❑ Select **Basic Pay** as the **Pay Head** from the **List of Pay Heads**
  - ❑ Specify **7,000** as **Rate**
  - ❑ The **Attendance units**, **Pay Head Type** and **Calculation Type** appear by default, based on the pay head definitions.

The **Salary Details Creation** screen is displayed as shown:

| Salary Details Creation               |           |          |        |                        |                  |             |

Figure 22.49 Completed Salary Details screen

Tally.ERP 9 allows you to modify the pre-defined Slab rates, by pressing **F12: Configure** and setting the option **Allow to Override Slab Percentage** to **Yes**.

In case a revision in pay structure is required for any subsequent period, define the latest pay structure by specifying the relevant **Effective from** date.

Similarly, create the pay structure for the other employees as per the details given in the following table:

| Pay Head                            | Preeti Sinha               | Atul Sharma | Ramesh Arora |
|-------------------------------------|----------------------------|-------------|--------------|
| Basic Pay                           | 12,000                     | 20,000      | 18,000       |
| House Rent Allowance                | 40%                        | 40%         | 20%          |
| Conveyance                          | —                          | 2,500       | 2,000        |

Salary Details for **Ramesh Arora** can be created similar to the Salary Details creation for **Rohit Roy**. Since Ramesh Arora and Atul Sharma work for Sales Department, we may create the Salary Details for the Sales Group and inherit the same for the Employees (Ramesh Arora and Atul Sharma).

### Salary Details creation for Sales Group

Go to **Gateway of Tally > Payroll Info. > Salary Details > Create**

1. From the **List of Group / Employees** select **Sales**
2. Select the **Pay Heads** from the **List of Pay Heads** which are applicable to this group.
3. Leave the **Rate** field empty if there is no standard rate.

The completed Salary structure for the **Sales** Group is as shown.

| Salary Details Creation |                                                                                                                                                                                                                   | Indus Solutions Pvt. Ltd. |     |                                                                                                                                                                                                                                                     | Ctrl + M                                                                                                                                                 |                                                                                                                                         |

Figure 22.50 Completed Salary Details for Sales Group

The Pay structure created above can be inherited for all the employees belonging to Sales Group. This feature helps in eliminating the repetitions while creating the Salary Details and expedites the pay structuring process.

To define the **Salary Details** for **Mr. Ramesh Arora** belonging to **Sales Group**, follow the steps given below:

Go to **Gateway of Tally > Payroll Info. > Salary Details > Create**

1. From the **List of Group / Employees** select **Ramesh Arora** and press **Enter**
2. Select **Copy From parent Value** from the **Start Type** options under **Pay Head**

The **Salary Details Creation** screen appears as shown:

| Salary Details Creation      |          |      |     |                                        |                  |             |

Figure 22.51 Salary details Creation – Copy From Parent Value

**Start Type Details:**

- **Copy From Parent Value** will copy the pay structure from the **Group** to which the Employee belongs. This will help you to save time in creating the Salary Details for large number of Employees.
- **Start Afresh** will allow the user to start selecting the Pay Head from the List of pay Heads already created.

3. The **Pay Structure** (comprising of **Earning & Deductions** pay heads) defined for **Group** is prefilled automatically.
4. Enter the values for each Pay Head for **Ramesh Arora** as per the details mentioned earlier.
5. Press **F12: Configure**, set the option **Allow to Override Slab Percentage** to **Yes**, since the **HRA** calculation percentage is **20%**.

The **Salary Details Configuration** screen is displayed as shown.

| Salary Details Configuration |                                     |      |     |                        |                       |                                                                  | Indus Solutions Pvt. Ltd. |  | Ctrl + M |  |

Similarly, you can create the Salary Details for **Atul Sharma**.

## 22.3 Processing Payroll in Tally.ERP 9

Typically, Payroll Processing comprises of the following activities :

- Recording of Attendance (on time / work)
- Processing Payroll Vouchers
- Payment of Salaries

There are three types of Payroll Vouchers namely Attendance Voucher, Payroll Voucher and Payment Voucher, which are by default preset in Tally.ERP 9 to record above Payroll transactions. Payroll Vouchers are used for the purposes of operating your payroll and also records the attendance of the employees for a given period. These vouchers are basically used to input information pertaining to Payroll processing.

### 22.3.1 Attendance Vouchers

An Attendance Voucher is used to record employees' attendance data, based on Attendance/ Production types (i.e., present or absent days, overtime hours and so on).

An Attendance Voucher allows you to record the attendance/ production units for employees. Tally.ERP 9 gives you the flexibility to enter the attendance records through a single attendance voucher for a payroll period, or through multiple attendance vouchers as and when required within a payroll period. You also have the option of recording one attendance/ production voucher per employee per day or collectively for a month or any other variation thereof for all the employees.

In Tally.ERP 9, the auto-fill facility (**Alt+A**) is used to prefill the required Attendance/Production types data for the selected employee group/ employee for the specified period.

#### Example 1:

*On 30th April, 2009 the attendance records of Indus Solutions Pvt. Ltd., displayed the following details :*

| Attendance/ Production Types | Rohit Roy | Preeti Sinha | Atul Sharma | Ramesh Arora |
|------------------------------|-----------|--------------|-------------|--------------|
| Present Days                 | 26        | 18           | 20          | 22           |
| Overtime hours               | 720 Mins  | -            | 360 Mins    | -            |

In the above scenario, separate attendance vouchers are required to be entered for recording **Present** days and **Overtime** hours.

Go to **Gateway of Tally > Payroll Vouchers**

1. Press **Ctrl+F5** for **Attendance Voucher**

The **Attendance Voucher Creation** screen is displayed as shown:

| Absent         | Primary        | Days           |
|----------------|----------------|----------------|
| Calendar Month | Primary        | Days           |
| Overtime       | Primary        | Hrs of 60 Mins |
| <b>Present</b> | <b>Primary</b> | <b>Days</b>    |

Figure 22.57 Attendance Auto Fill with List of Attendance Type

- Specify the **Default Value to Fill** as **0**
- Press **Enter** to accept the screen

- When **Auto fill** option is used, separate Attendance vouchers are required to be passed for recording attendance on **Work** and **Production**. However, if attendance voucher is passed by manually selecting the employees, then in such cases, you may record attendance on **Work** as well as **Production** in the same Attendance Voucher.
- If **Absent** is opted as **Attendance Type**, then the negative attendance of the employees needs to be recorded. This method help minimise data entry time.

6. Employees pertaining to the respective **Employee Groups** are displayed automatically

Figure 22.60 Completed Attendance Voucher Screen

10. Press **Enter** to accept the completed Attendance Voucher screen

Days with **Loss of Pay (LOP)** are treated as a **Deductible** with respect to the **Earnings Pay Head type** and as a **Payable** with respect to the **Deductions Pay Head type**. For example, **LOP** is deducted from the Basic salary (Earnings Pay Head) and Canteen expenses (Deductions Pay Head) are treated as a payable.

In the same way, create an Attendance Voucher for **Overtime hours**.

The completed **Attendance Voucher for Overtime Hours** is displayed as shown.

Figure 22.61 Attendance Voucher Screen - Overtime

- Press **Enter** to accept

*You can also record **Overtime in hours**, provided the **Unit of Measurement** for the Payroll unit is defined as **Hrs**.*

After creating the Attendance Voucher, you can change any attendance value for a particular employee, if required, in the Voucher Alteration mode.

### 22.3.2 Payroll Vouchers

A payroll voucher is used to record all employee-related transactions. It enables you to compute all the values for the respective Pay Heads (Earnings and Deductions).

The calculations are made on the basis of the definitions specified in the pay head masters, pay structure and attendance entries. In Tally.ERP 9, you can pass payroll vouchers manually for individual employee as well as for the entire group/ organisation by using the Auto Fill facility (**Alt+A**).

In Tally.ERP 9, the disbursement of salaries can be effected in any of the following modes.

- ❑ **Direct Remittance** – in cash or by cheque
- ❑ **Bank Transfer** – a direct transfer is made to an employee's bank account and the list of disbursement is printed separately.

### I. Cash (or Direct) Remittance

#### Example 2:

*On 30th April, 2009, Indus Solutions Pvt. Ltd., processes Payroll for all the employees and entitled the following employees for Variable Pay.*

| Particulars  | Rohit Roy | Preeti Sinha | Atul Sharma | Ramesh Arora |
|--------------|-----------|--------------|-------------|--------------|
| Variable Pay | 1500      | -            | 1000        | -            |

Go to **Gateway of Tally > Payroll Vouchers**

1. Press **Ctrl+F4** for **Payroll Voucher**
2. Press **F2**, specify the date as **30-4-2009** and press **Enter**
3. Press **Alt+A** (Payroll Auto Fill) to prefill employee payroll details
4. In the **Employee Filters** screen,
  - ❑ Select **Salary** in the **Process for** field

| Employee Filters           |                                | Process List     |
|----------------------------|--------------------------------|------------------|

Press **Alt+S** to pass the above voucher in the Voucher mode.

## II. Bank Transfer

Bank transfer refers to disbursement of Salaries directly into the Employee Bank Accounts by intimating the Bank through Payment advice. Tally.ERP 9 facilitates processing salaries through Bank transfer with the help of predefined Salary process.

### Example 3:

**On 31st May, 2009 Indus Solutions Pvt. Ltd., disbursed Salaries payable for the month of May 2009 through Bank Transfer. The attendance records displayed the following details :**

:

| Attendance/Production Types | Rohit Roy | Preeti Sinha | Atul Sharma | Ramesh Arora             |
|-----------------------------|-----------|--------------|-------------|--------------------------|
| Present Days                | 25        | 20           | 26          | 21                       |
| Overtime Hours              | -         |              |             | 120 Min<br>(2hr x 60min) |

*On 31st May 2009, Indus Solutions Pvt. Ltd., processes Payroll for all the employees and entitled the following employees for Variable Pay.*

| Particulars  | Rohit Roy | Preeti Sinha | Atul Sharma | Ramesh Arora |
|--------------|-----------|--------------|-------------|--------------|
| Variable Pay | 500       |              | -           | 1200         |

### Step 1 : Create Attendance Voucher

Create Attendance Vouchers for **Present days** and **Overtime hours** for May 2009 as per the details given in the above table.

The completed **Attendance Voucher for Present days** is displayed as shown:

| Attendance Voucher Creation |                            | Indus Solutions Pvt. Ltd. |       | Ctrl + M              |                       |
|-----------------------------|----------------------------|---------------------------|-------|-----------------------|-----------------------|
| Attendance No. 3            |                            |                           |       | 31-May-2009<br>Sunday |                       |
| Employee Name               | Attendance/Production Type |                           | Value | Unit                  |                       |

Figure 22.73 Completed Payroll Voucher

7. Press **Enter** to accept

After passing the above entry, the salaries payable for the month of May 2009 are transferred to the Salary Payable Ledger, at the time of payment of salaries, the amount is reversed.

### 22.3.3 Payment of Salaries (Salary Disbursement)

In Tally.ERP 9, Payment voucher can be used to effect salary disbursement to employees. The payment voucher for the salaries payable may be passed through regular payment voucher or automated using the preset Salary Payment process available in Tally.ERP 9 for error free data input during Payroll Payment entry with the help of Auto Fill facility.

#### Example 4:

**On 31st May 2009, Indus Solutions Pvt. Ltd., paid the salaries due for the month of May 2009.**

Before passing the payment voucher, necessary Bank Accounts should be created. To make the Salary payment, follow the steps given below:

Go to **Gateway of Tally > Accounting Vouchers**

1. Press **F5** for **Payment Voucher**
2. Press **F2**, specify the date as **31-05-2009** and press **Enter**
3. Press **Alt+A** (Payroll Auto Fill) to prefill employee payroll details
4. In the **Employee Filters** screen,
  - ▣ Select **Salary Payment** in the **Process for** field as shown.

| Employee Filters           |                                | Process List             |

Figure 22.76 Payment Voucher

## 7. Press **Enter** to accept

If a partial payment of salaries is made to a particular group of employees, then generate a separate payroll voucher for their payables and pass a separate payment entry based on the settlement. However, Tally.ERP 9 also allows you to modify the payment amount to the Employees. The unpaid salary will remain as outstanding in the Salary payable account and can be auto-filled in the payment voucher as and when the actual payments are made.

- ❑ If any cash disbursements are made prior to the payment voucher entry, after using the **Auto-Fill** facility, select the unpaid salaries and enter zero (0) in the amount payable.
- ❑ If salaries are disbursed by cheque, select individual employee in the **Auto Fill Employee Filter** and print the cheque for the payment voucher. In such cases, a separate payroll payment entries for each employee has to be made.

## 22.4 Accounting for Employer PF Contributions

The Employees' Provident Funds and Miscellaneous Provisions Act is a social security legislation which administers provident fund, family pension and insurance to employees. The Act covers three schemes namely, PF (Provident Fund scheme), EPS (Employees' Pension Fund Scheme), EDLI (Employees Deposit Linked Insurance scheme).

Under the Employees' Provident Fund scheme, both the employees and employer contribute to the fund at the rate of 12% of the basic wages, dearness allowance, cash value of food concession and retaining allowance (if any), payable to employees per month. The rate of contribution is 10% in the case of following establishments:

- ❑ Any covered establishment with less than 20 employees
- ❑ Any sick industrial company as specified in the relevant section of Sick Industrial Companies (Special Provisions) Act, 1985 and which has been declared as such by the Board for Industrial and Financial Reconstruction
- ❑ Any establishment which has at the end of any financial year accumulated losses equal to or exceeding its entire net worth and
- ❑ Any establishment engaged in manufacturing of (a) jute (b) Breed (d) coir and (e) Guar gum Industries/ Factories.

The Contribution payable by the Employer is not allowed to be deducted from the wages of the employee. However, the employer has to deduct employee's share from their Salaries and pay the same in EPF scheme. The deduction can be only from the wages pertaining to a period for which contribution is paid. However, if there is an accidental omission, the amount can be recovered later.

Out of employer's contribution of 12% or 10%, the Employer's contribution of 8.33% is diverted to Employees' Pension Scheme and the balance is retained in the EPF scheme. On retirement, the employee gets his full share plus the balance of Employer's share retained to his credit in EPF account.

Once an establishment is covered under PF, all its departments and branches wherever they are situated are also covered.

### i. Employees' Pension Scheme :

As discussed above, the employer's contribution of 8.33% is diverted to the fund of Pension Scheme and the balance 3.67% (1.67%, if the contribution is 10%) is credited in employee's name in Provident Fund account. The contribution of 8.33% is on maximum salary of Rs. 6,500. However, if the some employers are paying contribution on salary in excess of Rs. 6,500, the excess contribution will be credited to Provident Fund account and not to Pension scheme.

### ***Benefits under the Scheme***

Members will get pension on superannuation or retirement from service and upon disablement during employment. Family pension will be available to widow/widower for life or till he/she remarries. In addition, children will be entitled to pension, upto 25 years of their age. In case of orphans, pension at enhanced rate is available upon death of widow/widower or ceasing payment of widow

pension. Benefit of pension to children or orphan is only restricted for two children/orphans. If the person is unmarried or has no family, pension is available to nominee for a specified period.

## **ii. Employees Deposit Linked Insurance Scheme :**

The purpose of the scheme is to provide life insurance benefits to employees who are already covered under PF/EPS. The employer has to pay contribution equal to 0.50% of the total wages of employees. In addition, administrative charges of 0.1% of total wages. The employee does not have to contribute any amount to the scheme. The salary limit for coverage of employees is same as that of Provident Fund.

### ***Benefit to nominee of employee***

In case of death of an employee during employment, his nominee or family member gets an amount equal to average balance in the Provident Fund Account of the deceased employee during last 12 months.

As discussed earlier, the statutory features viz., EPF & ESI etc., are required to be configured in **F11: Statutory & Taxation** Features. In this section, we will discuss, recording of transactions related to computation and contribution of Provident Fund.

### **Example 5:**

***On 30th April, 2009 M/s. Indus Solutions Pvt. Ltd., processed Provident Fund contributions for the month of April 2009 and paid the amount in full to EPFO.***

### ***The same is accounted as shown :***

In Tally.ERP 9, follow the steps given below to process Employer contribution towards Provident Fund:

- ❑ Create Employer PF Contribution Masters
- ❑ Alter/Modify Salary Details
- ❑ Processing Employer PF Contribution
- ❑ Processing PF Admin Expenses
- ❑ Payment of Provident Fund

## **22.4.1 Creating Employer PF Contribution Masters**

In Tally.ERP 9, Employer contribution towards Employees' Pension Fund (Employees' Pension Scheme), Provident Fund, Admin Charges and other PF related ledgers are required to be created separately for appropriate Accounting and reporting. Create the following ledgers in Tally.ERP 9,

1. Employer Contributions Pay Head
2. Employer PF Admin Charges

3. PF Payable Ledger
4. PF Admin Expenses Ledger

### I. Employer Contributions Pay Head

| Pay Head Name        | Pay Head Type                      | Statutory Pay Type      | Under             | Affect Net Salary | Calculation Type  |
|----------------------|------------------------------------|-------------------------|-------------------|-------------------|-------------------|
| Employer EPS @ 8.33% | Employer's Statutory Contributions | EPS Account (A/c No.10) | Indirect Expenses | No                | As computed value |
| Employer EPF @ 3.67% | Employer's Statutory Contributions | PF Account (A/c No.1)   | Indirect Expenses | No                | As computed value |

#### i. Employer Contribution EPS @ 8.33% Pay Head Creation

Go to **Gateway of Tally > Payroll Info. > PayHeads > Create**

In the **Pay Heads** Creation screen,

1. Type **Employer EPS @ 8.33%** as the **Name** of the Pay Head
2. Select **Employer's Statutory Contributions** in the field **Pay Head Type**
3. In **Statutory Pay Type** field, select **EPS Account (A/c No. 10)** as shown

Figure 22.77 Employer EPS @ 8.33% Pay Head Creation

Figure 22.87 EDLI Admin Charges Pay Head Creation

4. Specify the group as **Current Liabilities** in the field **Under** and press **Enter**
5. Set **Affect Net Salary** to **No**
6. In the **Computation Info** screen,
  - ❑ **On PF Gross** is selected in the **Compute** field, by default
  - ❑ Specify **1-4-2009** as the **Effective From** date
  - ❑ The **From Amount** column is automatically skipped, assuming it to be zero. Enter **6500** in the **Amount Upto** column
  - ❑ Select **Percentage** as the **Slab Type** from the **List of Slabs**
  - ❑ Specify **0.01%** in the **Value Basis** field and press **Enter**

The completed **EDLI Administrative Charges @ 0.01% Pay Head Creation** screen is displayed as shown.

### III. PF Payable Ledger

To process the **Employer PF Contribution**, create **PF Payable** Ledger as explained below:

| Ledger     | Pay Head Type  | Under               |
|------------|----------------|---------------------|
| PF Payable | Not Applicable | Current Liabilities |

Go to **Gateway of Tally > Payroll Info. > Payheads > Create**

1. Type **PF Payable** in the **Name** field
2. In the **Pay Head Type** field select **Not Applicable**
3. Specify the Group as **Current Liabilities** in the **Under** field and press **Enter**

The completed **PF Payable** Ledger creation screen is displayed as shown:

| Pay Head Creation                                                                       |  | Indus Solutions Pvt. Ltd. |
|-----------------------------------------------------------------------------------------|--|---------------------------|
| Name : PF Payable                                                                       |  | Total Op. Bal.            |
| (alias) :                                                                               |  |                           |

4. Press **Enter** to accept.

#### IV. PF Admin Expenses Ledger

To process the Employer Other Charges (PF Admin, EDLI Contribution and EDLI Admin expenses), create PF Admin Expenses Ledger as explained below:

| Ledger            | Under             |
|-------------------|-------------------|
| PF Admin Expenses | Indirect Expenses |

Go to **Gateway of Tally > Accounts Info. > Ledgers > Create**

1. In the **Name** field type **PF Admin Expenses**
2. Specify the group as **Indirect Expenses** in the field **Under** and press **Enter**

The completed **PF Admin Expenses** Ledger creation screen is displayed as shown:

| Ledger Creation                    |                     | Indus Solutions Pvt. Ltd.                                                  |  | Ctrl           |
|------------------------------------|---------------------|----------------------------------------------------------------------------|--|----------------|
| Name                               | : PF Admin Expenses |                                                                            |  | Total Op. Bal. |

### 22.4.2 Salary Details setup

Once the required Employer Contribution Pay Heads and Admin Expenses ledgers are created, the salary details of the Employee should be altered to constitute the Employer Contribution pay head ledgers for automatic calculations based on the monthly payments made to the Employees.

#### Create / Alter Salary Details Master

To update the salary details Master of the Employees, follow the steps given below,

Go to **Gateway of Tally > Payroll Info. > Salary Details > Alter**

1. Select the **Rohit Roy** one by from the **List of Groups / Employees**
2. Add the Pay Heads **Employer EPS @ 8.33%** and **Employer EPF @ 3.67%**

The completed **Salary Details** screen is as shown:

| Salary Details Alteration             |                                     | Indus Solutions Pvt. Ltd. |        |                                    |                       | Ctrl + M                                                         |

Figure 22.91 Salary Details Alteration Screen

Similarly, include Employee Contribution Pay Heads in the Salary Details Masters of other employees.

While, including the Employer Contribution Pay Heads in the Salary Details master, the order of precedence in which the Pay Heads are included must on the basis of their calculation criteria i.e.,

- ❑ **Earning Pay Heads**
- ❑ **Deduction Pay Heads**
- ❑ **Professional Tax or Income Tax Pay Heads (if any)**
- ❑ **Employee PF Contribution Pay Heads**
- ❑ **Employer PF Contribution Pay Heads**
- ❑ **Gratuity** (Gratuity is calculated on Basic Pay + DA, hence Gratuity Pay Head can be sequenced in the Salary details of an Employer in any order after Earnings Pay Heads).

*It is necessary to include **Employer Contribution Pay Heads** (i.e., **Employer PF** and **Employer Pension Fund** Pay Heads in the **Salary Structure** of the Employee, to automate the Computation of Employer PF Contribution on the basis of payments made to Employees.*

### 22.4.3 Processing Employer PF Contribution

In Tally.ERP 9, you are required to process Employer PF Contributions, PF Admin Charges separately and make the payment towards PF comprising of Employees' PF Contribution, Employer PF Admin Expenses through a combined challan.

Follow the steps explained below to process Provident Fund.

#### Step 1: Create Payroll voucher

##### Go to Gateway of Tally > Payroll Vouchers

1. Press **Ctrl+F4** for **Payroll Voucher**
2. Press **F2**, specify the date as **30-04-2009** and press **Enter**
3. Press **Alt+A (Payroll Auto Fill)** to automate the employee payroll details
4. In the Employee Filter subscreen,
  - ❑ Select **PF Contribution** from the **Process List** drop down as shown

| Employee Filters           |                       | Process List     |
|----------------------------|-----------------------|------------------|
| Process for                | PF Contribution       | ESI Contribution |
| From (blank for beginning) | 1-4-2009              | PF Contribution  |
| To (blank for end)         | 30-4-2009             | Salary           |
| Cost Category              | Primary Cost Category |                  |
| Employee/Group             | All Items             |                  |
| Payroll Ledger             |                       |                  |

Figure 22.92 Employee Filters - Process List Selection

*Tally.ERP 9 provides the following predefined processes that will help in processing Payroll transactions:*

- ❑ **ESI Contribution** : This process is selected to automate computation of Employer ESI Contribution.
- ❑ **PF Contribution** : This process is selected to automate computation of Employer PF Contribution
- ❑ **Salary** : This process is selected to automate computation of Salaries payable to Employees.

- Specify **1-4-2009** and **30-4-2009** in the **From** and **To** Date fields respectively
- Select **Primary Cost Category** in the **Cost Category** field
- Select **All Items** as **Employee/ Group** field (To process, for a particular group / Employee select the respective Employee / group, as required)
- Select **PF Payable** Ledger from the list of Ledger Accounts drop down in the **Payroll Ledger** field as shown

| Employee Filters                                                                                                                                                                                                                                                                                                                                                         |  | Indus Solutions Pvt. ## 22.4.5 Payment of Provident Fund

In Tally.ERP 9, once process for Employee and Employer contributions to Provident Fund is implemented in the manner as discussed in earlier sections, the total amount payable to EPFO is accumulated separately in three Ledger Accounts, PF Payable Account (Employer Contributions), Employee PF Contributions and the PF Admin Charges Ledger. At the time of making payment to EPFO, a payment voucher is required to be passed.

### Example 7:

**On 30th April, 2009 M/s. Indus Solutions Pvt. Ltd., made the payment in respect of EPF, EDLI Admin Expenses, EDLI Contribution and PF Admin Charges for the month of April 2009.**

To process the payment of Provident Fund, follow the steps given below:

### Step 1 : Create PF Payment Voucher

Go to **Gateway of Tally > Accounting Vouchers**

1. Press **F5** for **Payment Voucher**
2. Press **F2**, specify **30-04-2009** as the **Voucher Date** and press **Enter**
3. Press **Alt+A (Payroll Auto Fill)** to prefill PF details
  - Select **PF Challan** in the **Process for** field from the **Process List** screen

| Employee Filters           |                                | Process List             |

## 22.5 Accounting for Employer ESI Contributions

ESI Contribution refers to the amount payable to the Corporation by the Principal Employer in respect of Employees and comprises of the amount payable by the employee as well as the employer.

The employer is required to calculate and remit ESI Contributions comprising of employers' share plus employees' share on or before 21st of the subsequent month in respect of salaries of the related month. The Principal Employer should pay Employer's share of contribution @ 4.75% in respect of every employee whether employed directly or through immediate employer. And the Employee's share @ 1.75% has to be recovered by making deduction from their wages for the respective salary/wages period.

In case, if the employee is drawing upto Rs. 70/- as daily average wage, he is exempt from payment of his share of contribution. However, the employer has to pay employer's share of 4.75% of the Salary payable to the employees.

As discussed earlier, the statutory features viz., EPF & ESI etc., are required to be configured in **F11: Statutory & Taxation** Features. In this section, we will discuss, recording of transactions related to computation and contribution of Employee State Insurance.

### Example 8:

*On 1st June 2009, the list of new joiners with their Salary details are given below:*

| Employee Name | Department     | Date of Joining |
|---------------|----------------|-----------------|
| Tamanna       | Administration | 05-6-2009       |
| Dinesh        | Sales          | 08-6-2009       |

*The Salary details for the above new employees is listed in the table below:*

| Pay Head                            | Tamanna                        | Dinesh |
|-------------------------------------|--------------------------------|--------|
| Basic Pay                           | 9,000                          | 10,000 |
| House Rent Allowance                | 40%                            | 40%    |
| Conveyance                          | 800                            | 700    |
| Overtime Pay                        | —                              | —      |
| Variable Pay                        | User — defined                 |        |
| Gratuity Expenses (Provisional)     | Only for reporting purpose     |        |
| Employee's PF Contribution @ 12%    | Applicable based on Slab Rates |        |
| Employee's ESI Contribution @ 1.75% | Applicable based on Slab Rates |        |
| Profession Tax                      | Applicable based on Slab Rates |        |

*The Attendance details for the month of June 2009 are given as shown:*

| Attendance/ Production Types | Rohit Roy | Preeti Sinha | Atul Sharma | Ramesh Arora | Tam-anna | Dinesh |
|------------------------------|-----------|--------------|-------------|--------------|----------|--------|
| Present Days                 | 26        | 24           | 26          | 20           | 17       | 18     |
| Overtime hours               | 120 Min   |              |             | 600 Min      |          |        |

*The same is accounted as shown:*

Create the above employees and their Salary details and then process the Salaries, PF Contributions for the month of June 2009, in the manner as discussed in the earlier chapters. In Tally.ERP 9, follow the steps given below to process Employer contribution towards Employees' State Insurance:

- ❑ Create Employer ESI Contribution Masters
- ❑ Alter/Modify Salary Details
- ❑ Processing Employer ESI Contribution
- ❑ Payment of ESI

### 22.5.1 Creating Employer ESI Contribution Masters

In Tally.ERP 9, Employer and Employee's contribution towards Employees' State Insurance (ESI) are required to be created separately for appropriate Accounting and reporting. Create the following ledgers in Tally.ERP 9:

- ❑ Employer Contribution Pay Head
- ❑ ESI payable Ledger

#### I. Create Employer ESI Contribution @ 4.75% Pay Head

| Pay Head Name        | Pay Head Type                      | Statutory Pay Type       | Under             | Affect Net Salary | Calculation Type  |
|----------------------|------------------------------------|--------------------------|-------------------|-------------------|-------------------|
| Employer ESI @ 4.75% | Employer's Statutory Contributions | Employee State Insurance | Indirect Expenses | No                | As Computed Value |

Go to **Gateway of Tally >Payroll Info >Pay Heads >Create**

In the **Pay Heads** Creation screen,

1. Type **Employer ESI @ 4.75%** as the **Name** of the Pay Head
2. Select **Employer's Statutory Contributions** in the field **Pay Head Type**
3. Select **Employee State Insurance** in the **Statutory Pay Type** field from the **Employer's Statutory Contributions** drop down

| Pay Head Creation                 |                                      | Indus Solutions Pvt. Ltd.              |            | Total Op. Bal. |
|-----------------------------------|--------------------------------------|----------------------------------------|------------|----------------|
| Name                              | : Employer ESI @ 4.75%               |                                        |            |                |
| (alias)                           | :                                    |                                        |            |                |
|                                   |                                      |                                        |            |                |

| Calculation Type                  | : As Computed Value                  |                                        |            |                |
| Calculation Period                | : Months                             |                                        |            |                |
| Rounding Info                     |                                      |                                        |            |                |
| Rounding Method                   | : <b>Not Applicable</b>              |                                        |            |                |
| Opening Balance (on 1-Apr-2009) : |                                      |                                        |            |                |

Figure 22.109 Pay Head Creation - Employer ESI

4. Specify the group as **Indirect Expenses** in the **Under** field and press **Enter**
5. Set **Affect Net Salary** to **No** and press **Enter**
6. In the **Calculation Type** and **Calculation Period** fields, **As Computed Value** and **Months** are defaulted automatically based on the **Statutory Pay Type** selected.
7. Select **Normal Rounding** as the **Rounding Method** and **1** as the rounding **Limit** and press **Enter**
8. In the **Computation Info** screen,
  - Select **On Specified Formula** in the **Compute** field and press **Enter**
  - In the **Compute** subscreen,
    - Select **Basic Pay** as the **Add Pay Head** function and press **Enter**
    - Select **House Rent Allowance** as the second Pay Head in the **Add Pay Head Function**
    - Similarly, select **Conveyance** and **Overtime Pay** in the **Add Pay Head** function

The **Compute** sub-screen will appear as shown:

Figure 22.110 Employer ESI Pay Head Creation – Compute sub-screen

- 

- ❑ Specify **1-4-2009** in the **Effective From** date field and press **Enter**, the **From Amount** column is automatically skipped, assuming the amount to be **zero**
- ❑ The **Amount Upto** field is skipped and automatically defaulted with the amount specified in the **Payroll Statutory Details** screen in **F11: Statutory & Taxation**
- ❑ Select **Percentage** in the **Slab Type** field
- ❑ Specify **4.75%** as the **Value Basis Percentage** in the **Value Basis** field and press **Enter**

| Pay Head Creation                                                                                                                                                                                                                                                                                           |  | Indus Solutions Pvt. ## II. Create ESI Payable Ledger

Create ESI Payable Ledger as explained below:

| Ledger      | Pay Head Type  | Under               |
|-------------|----------------|---------------------|
| ESI Payable | Not Applicable | Current Liabilities |

Go to **Gateway of Tally > Payroll Info. > Pay Heads > Create**

1. Type **ESI Payable** in the **Name** field
2. In the **Pay Head Type** field select **Not Applicable**
3. Specify the group as **Current Liabilities** in the **Under** field and press **Enter**

The completed **ESI Payable Ledger** creation screen is displayed as shown:

| Pay Head Creation                                                                                                                           |  | Indus Solutions Pvt. Ltd. |

### 22.5.2 Salary Details setup

Once the required Employer Contribution Pay Heads are created, the salary details of the Employees should be updated to constitute the Employer Contribution pay head ledgers for automatic calculations based on the monthly payments made to the Employees.

#### Create / Alter Salary Details Master

To update the salary details for the Employees, follow the steps given below:

Go to **Gateway of Tally > Payroll Info. > Salary Details > Alter**

1. Select **Rohit Roy** from the **List of Groups / Employees**
2. Tab down to the last line and select **Employer ESI @ 4.75%** Pay Head from the **List of Pay Heads**
3. Press **Enter** to select **End of List**

The completed **Salary Details Alteration** screen is as shown:

| Salary Details Alteration              |                                     | Indus Solutions Pvt. Ltd. |        |                                    | Ctrl + M              |                                                                  |

4. Press **Enter** to Accept

While, including the Employer Contribution Pay Heads in the Salary Details master, the order of precedence in which the Pay Heads are included on the basis of their calculation criteria i.e.,

- ❑ **Earning Pay Heads**
- ❑ **Deduction Pay Heads**
- ❑ **Employee PF Contribution Ledgers**
- ❑ **Professional Tax or Income Tax Ledger (if any)**
- ❑ **Employer PF Contribution Ledgers**
- ❑ **Employer ESI Contribution Ledgers**
- ❑ **Gratuity** (Gratuity is calculated on Basic Pay + DA, hence Gratuity Pay Head can be sequenced in the Salary details of an Employer in any order).

*It is necessary to include **Employer ESI Contribution Pay Head** in the **Salary Structure** of the Employees, to automate the Computation of Employer ESI Contribution on the basis of payments made to Employees.*

Similarly, include **Employer ESI @ 4.75%** Pay Head in the Salary details of all other Employees.

### 22.5.3 Processing Employer ESI Contribution

In Tally.ERP 9, you can process Employer ESI Contributions and make the payment towards ESI comprising of Employees' and Employer's ESI Contribution through a challan. To process the ESI Contribution for June 2009, follow the steps given below:

#### Example 9:

*On 30th June, 2009 M/s. Indus Solutions Pvt. Ltd., processed Employer ESI Contribution for the month of June 2009.*

#### Step 1: Create Payroll Voucher

Go to **Gateway of Tally > Payroll Vouchers**

1. Press **Ctrl+F4** for **Payroll Voucher**
2. Press **F2**, specify the date as **30-06-2009** and press **Enter**
3. Press **Alt+A (Payroll Auto Fill)** to prefill employee payroll details
4. In the **Employee Filters** subscreen,
  - Select **ESI Contribution** from the **Process List** as shown:

| Employee Filters           |                                | Process List            |
|----------------------------|--------------------------------|-------------------------|
| Process for                | : <b>ESI Contribution</b>      | <b>ESI Contribution</b> |
| From (blank for beginning) | : <b>1-6-2009</b>              | PF Contribution         |
| To (blank for end)         | : <b>30-6-2009</b>             | Salary                  |
| Cost Category              | : <b>Primary Cost Category</b> |                         |
| Employee/Group             | : <b>[ All Items</b>           |                         |
| Payroll Ledger             | :                              |                         |

Figure 22.115 Payroll Autofill - ESI process selection

- Specify **1-6-2009** and **30-6-2009** in the **From** and **To** Date fields respectively
- Select **Primary Cost Category** as **Cost Category** field

- ❑ Select **All Items** in the **Employee/ Group** field
- ❑ Select **ESI Payable** Ledger in the **Payroll Ledger** field as shown:

Figure 22.117 Completed ESI Voucher

6. Press **Enter** to accept

- The **Employer ESI contribution** will be computed automatically upon selection of **ESI Contribution Process** during Payroll Voucher Entry. However, only for employees those who meet the criteria of monthly earnings not exceeding the prescribed limits will be subject to ESI Contribution.
- In the same way while processing Salaries, the **Employees ESI Contribution** will also be computed based on the Eligibility amount prescribed in **F11: Statutory & Taxation Features**.

### 22.5.4 Payment of ESI

In Tally.ERP 9, once process for Employee and Employer contributions to Employee's state Insurance is implemented in the manner as discussed in earlier sections, the total amount payable to ESIC comprising of Employee's Contribution as well as Employer's contribution to ESI is accumulated separately in ESI Payable Ledger. At the time of making payment to ESIC, a payment voucher is required to be passed.

**Example 10:**

*On 30th June, 2009 M/s. Indus Solutions Pvt. Ltd., processed the payment of ESI for the month of June 2009.*

To process the payment of ESI and generate ESI Challan, follow the steps given below:

**Step 1 : Create ESI Payment Voucher**

Go to **Gateway of Tally > Accounting Vouchers**

1. Press **F5** for **Payment Voucher**
2. Press **F2**, specify the date as **30-06-2009** and press **Enter**
3. Press **Alt+A (Payroll Auto Fill)** to prefill employee payroll details
4. In the **Employee Filters** subscreen,
  - Select **ESI Challan** from the Process List as shown:

| Employee Filters           |                                | Process List             |

## 22.6 Payment of Professional Tax

The Professional Tax is applicable to those individuals or professionals in India who are involved in any profession or trade. The state government of each state governs and administers the levy and collection of Professional Tax in the respective State. The state is empowered with the responsibility of structuring as well as formulating the professional tax criteria for the respective state. Professional tax is charged on the incomes of Individuals, profits of business or gains in vocations as per the list II of the Indian Constitution.

In India, the professional tax slabs are different for all the states in India and some of the states have formulated different professional tax slabs for men, women and the senior citizens of the respective states. The rates depend upon profession, years in the profession and the amount of income or turnover and so on. In Karnataka, the professional taxes are leviable as follows:

| S.No | Salary or wage earners whose salary or wage or both, as the case may be, for a month is, | Tax Amount       |
|------|------------------------------------------------------------------------------------------|------------------|
| (a)  | less than Rs.5000                                                                        | Rs. 0 Per month  |
| (b)  | not less than Rs. 5,000 but less than Rs.8,000                                           | Rs. 60 Per month |
| (c)  | not less than Rs.8,000 but less than Rs.10,000                                           | Rs.100 Per month |
| (d)  | not less than Rs.10,000 but less than Rs.15,000                                          | Rs.150 Per month |
| (e)  | Rs. 15,000 and above                                                                     | Rs.200 Per month |

### 22.6.1 Processing Professional Tax Payment

In Tally.ERP 9, creation of **Professional Tax** Ledger is discussed in detail in the **Creation of Masters** chapter and the procedure to process **Professional Tax Deduction** from Employee Salaries is discussed in detail in **Processing Payroll in Tally.ERP 9** Chapter. In this section, we will discuss recording of transactions related to payment of Professional Tax.

#### Example 11:

*On 30th April, 2009 M/s. Indus Solutions Pvt. Ltd., made payment of Professional Tax for the month of April 2009.*

*The same is accounted as shown :*

#### Step 1: Create Payment Voucher

Go to **Gateway of Tally > Accounting Vouchers**

1. Press **F5** for **Payment Voucher**
2. Press **F2**, specify the date as **30-04-2009** and press **Enter**
3. Press **Alt+A (Payroll Auto Fill)** to prefill employee payroll details
4. In **Employee Filters** screen,
  - Select **Professional Tax Payment** from the **Process List**
  - Specify **1-4-2009** and **30-4-2009** in the **From** and **To** date fields respectively

- Specify **30-4-2009** in the **Voucher Date** field (This field is prefilled, if the voucher date is specified during Voucher Entry)
- Select **Primary Cost Category** in the **Cost Category** field
- Select **All Items** in the **Employee/ Group** field
- Select **HDFC Bank** in the **Bank / Cash Ledger** field

| Disburse Employee Filters                                                                                                                                                                                                                                                                                                                                                                                                                                     |       | Indus Solutions Pvt. Figure 22.129 Completed Profession Tax Payment Voucher

5. Press **Enter** to Accept.

Similarly, process the Professional Tax payments for other months.

- The creation of **Professional Tax** Pay Head is discussed in detail in **Creation of Masters** section.
- The procedure to process **Professional Tax Deduction** from Employee Salaries is discussed in detail in **Processing Payroll in Tally.ERP 9** section.

## 22.7 Generating Payroll Reports

Payroll Reports help you to ascertain the payroll expenses for a specified month or for year-to-date (YTD) transactions for a particular employee/ group along with the Attendance and Production details. You can also view the statutory forms required for Provident Fund and Employee State Insurance. In Tally.ERP 9, the Payroll reports can be broadly categorized into two viz.,

- Payroll Reports
- Payroll Statutory Reports

### 22.7.1 Payroll Reports

In Tally.ERP 9, you can generate the following Payroll related reports.

**Chart showing Payroll Reports in Tally.ERP 9**

Figure 22.130 Payroll Reports in Tally.ERP 9

We will discuss each report in detail in the coming sections as explained below :

## Payslip

A Payslip refers to a document issued to an employee, which itemises each component of his/ her earnings and deductions and the net amount paid for a given pay period. It provides particulars on how the net amount has been arrived at i.e., how much money has been earned and how much tax / deductions have been made.

## Display Payslip

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Payslip > Single Pay Slip**

- Select the required Employee and press **Enter**

The **Payslip** for the selected employee displays as shown:

Pay Slip

Figure 22.132 Payslip F12: Configuration screen

Some of the options in **F12: Configuration** screen, are by default set to **Yes** viz., **Show Employee Details, Show Attendance/Production Details, Show Attendance/Production Groups, Remove Zero Entries for Attendance/Production also** based on the **Payroll Features / Payroll Statutory features** enabled during voucher entry.

The **F12: Configuration** options in Payslip are explained as follows:

- **Show Vertical Payslip** – Set this option to **Yes** to view / print the Payslip in vertical format, i.e. align Deductions pay heads below Earnings pay heads
- **Show Employee Details** – Set this option to **Yes** to display employee information as entered in the employee master
- **Show Passport Details** – Set this option to **Yes** to display an employee's passport details
- **Show Visa Expiry Date** – Set this option to **Yes** to display an employee's visa expiry date
- **Show Attendance/Production Details** – Set this option to **Yes** to display Attendance/Production information
- **Show Attendance/Production Groups** – Set this option to **Yes** to display the grouping of the Attendance/Production data as defined during the creation of **Types**

The **F12:Configuration** options in Payslip are explained as follows:

- ❑ **Display Attendance/Production Type in Tail Units** – For compound units used in Attendance/Production Type, set this option to **Yes**, to display the value of the Attendance/Production details in the Tail unit. If this option is set to **No**, the Production units will display in primary units
- ❑ **Show Year To Date values** – Set this option to **Yes** to display the cumulative value of Attendance/Production records and Earnings /Deductions for any given period
- ❑ **Show Gross Salary** - Set this option to **Yes** by setting the ‘**Show Year To Date values**’ to **No**, to view Gross Earnings and Deductions for any given period
- ❑ **Remove Zero Entries** – Set this option to **Yes** to remove the Earnings/ Deductions components with Zero value from the Payslip
- ❑ **For Attendance/Production also** – Set this option to **Yes** to remove Attendance/ Production records with zero values from the Payslip

Figure 22.135 Detailed Payslip

The voucher number, date and the number of attendance or payroll records are displayed as shown in the screen above. This is very useful where multiple attendance/payroll vouchers are entered for the same payroll period. You can drill down to the voucher level for reference or to effect an alteration by pressing **Enter** on the required record.

- **Period Button** – By default, the Payslip for the current month displays. However, you can change the period by pressing **F2: Date** and defining the required date. This button can be used to display multiple period payroll information to view/print a consolidated Payslip.
- **Employee Button** – From the existing Payslip of an employee, you can toggle between employees by pressing **F4: Employee**.

### Printing Payslip

- Press **Alt+P** from the **Payslip** screen, the **Printing Payslip** screen appears

### Printing Multiple Payslips

Tally.ERP 9 allows you to print Payslips for all the employees at once in each separate page, by using Multi-Payslip option. You may print multiple Payslips of all the of employees or employees in a particular group / department for the selected period.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Payslip > Multiple Pay Slip**

In the **Employee Filters** screen,

- In the **Name of Category** field select the required **Payroll Category**
- In the **Name of Employee Group** select the required **Employee Group** from the **List of Employees / Groups**
- Press **Alt+P** to Print Multiple Pay Slip

In the **Printing Payslip** screen,

- Press **Backspace** and enable the options as required

The **Printing Configuration for Multi-Payslip** displays as shown.

### Mailing Payslip Configurations

- **Email Server** – Name of the SMTP mail server should be specified.
- **From** - In the From field is prefilled with the name of your Company as specified in the Company Creation screen. You can change the same if you want some other name to be displayed.
- **From E-mail Address** is pre-filled with the Company's email address as filled during the Company Creation.
- **Authentication User Name** and **Password** field should be filled if your SMTP Server needs Authentication for sending emails.
- **Use SSL** - This is set to **Yes** for the servers using the Secured Socket Layer protocol for extra security reasons.
- **Format** - you can select from format in which the Payslip should be viewed by the mail recipient.
- **Resolution** - appropriate resolution for the Emailed Payslip can be selected in this field.
- **To E-Mail Address** - this will be selected automatically if the email address is provided in the Employee Master. Or else, you need to specify the same at the time of emailing.
- **CC To (if any)** - If you want the Payslip to be marked to some other email address that can be specified here.
- **Subject** - specify the Subject of email to be seen by the user.
- **Additional Text (if any)** - This will appear in the body of the email that is sent.
- **Information Sent** - The option to send the Email as an Attachment or as a direct view can be selected here.

□ Press **Enter** to Email the Payslip

*If you want to use the Gmail's (Google Mail) SMTP service for emailing Payslip,*

- Enter **Gmail's SMTP server name: port no.** (viz. *smtp.gmail.com:465*)
- Provide your **Gmail User name and Password** against **Authentication User Name and Password**
- Set Use **SSL to Yes**

*All other settings will be same as shown above.*

The emailed **Payslip** when viewed from the mail box of the employee is as shown:

This is computer generated payslip and does not require any signature

## Pay Sheet

A Pay Sheet is a columnar report which displays the Group/Department-wise employees' break-up of earnings and deductions for the selected month.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Pay Sheet**

In the **Employee Filters** screen,

- In the **Name of Category** field select the required **Payroll Category**
- In the **Name of Employee Group** select the required **Employee Group** from the **List of Employees / Groups**

The **Pay Sheet** displays as shown:

| PaySheet              |           |            |                      |              |              | Indus Solutions Pvt. Ltd. |             |           |                  |                  |            | Ctrl + M                  |

Figure 22.145 Pay Sheet

You can further configure the Pay Sheet to display the net amount, column subtotals, Category/Group subtotals, user-defined payslip names, Employee names and sort it by Employee number in the **F12: Configure**.

The **F12: Configuration** from the Pay Sheet screen displays as shown:

| Configuration                          |                    | Appearance       |  |
|----------------------------------------|--------------------|------------------|--|
| Appearance of Pay Head Types           | : <b>All Items</b> | <b>All Items</b> |  |
| Show 'Net Amount' Column               | ? <b>Yes</b>       | Deductions       |  |
| Show Column SubTotals                  | ? <b>Yes</b>       | Earnings         |  |
| Remove Zero Entries                    | ? <b>Yes</b>       |                  |  |
| Show Payslip Names for Ledgers         | ? <b>Yes</b>       |                  |  |
| Include Employee Groups & Categories   | ? <b>Yes</b>       |                  |  |
| Show Category/Group Total              | ? <b>Yes</b>       |                  |  |
| Show Grand Total                       | ? <b>Yes</b>       |                  |  |
| Show Attendance Details                | ? <b>No</b>        |                  |  |
| Display Production Types in Tail Units | ? <b>No</b>        |                  |  |
| Format                                 | : <b>Detailed</b>  |                  |  |
| Show Employee Number                   | ? <b>No</b>        |                  |  |
| Show Employee Designation              | ? <b>No</b>        |                  |  |
| Expand all levels in Detailed Format   | ? <b>Yes</b>       |                  |  |
| Appearance of Names                    | : <b>Name Only</b> |                  |  |
| Sorting Method                         | : <b>Default</b>   |                  |  |

Figure 22.146 F12: Configuration

The **F12 :Configuration** options in the Pay Sheet are explained as follows.

- ❑ **Appearance of Pay Head Types** – Set All Items to view Deductions and Earnings.
- ❑ **Show Net Amount Column** – Set this option to **Yes** to display the Net Payable Column.
- ❑ **Show Column SubTotals** – Set this option to **Yes** to display the subtotals of Earnings/Deductions pay head columns.
- ❑ **Remove Zero Entries** – Set this option to **Yes** to eliminate Earnings/ Deductions pay heads with Zero values.
- ❑ **Show Payslip Names for Ledgers** – Set this option to **Yes** to display the Name defined in the Appear in Payslip field in the pay head master.
- ❑ **Include Employee Groups & Categories** – Set this option to **Yes** to display Category-wise/ Group-wise pay sheet. If this option is set to No, the Pay Sheet will appear Employee-wise.
- ❑ **Show Category/Group Total** – Set this option to **Yes** to display Category and Group-wise columnar pay head totals.
- ❑ **Show Grand Total** – Set this option to **Yes** to display the sum of all pay head columns appearing in the report.
- ❑ **Show Attendance Details** - Set this Option to **Yes** to display the Attendance for the Employees
- ❑ **Display Production types in Tail Units** - Set this Option to **Yes** to show the Overtime details in minutes.
- ❑ **Format** – Select Detailed mode to view Pay Sheet information of employees with their respective category and group. Select Condensed mode when only sum totals are required for each category and group.
- ❑ **Show Employee Number** – Set this option to **Yes** to display employee numbers.
- ❑ **Show Employee Designation** - Set this Option to **Yes** to show the designation for employees.
- ❑ **Expand all levels in Detailed Format** – Set this option to **Yes** to expand all levels and display Employee details.
- ❑ **Appearance of Names** – Select the appropriate name style to appear in the paysheet (viz., Alias (Name), Alias only, Name (Alias), Name only).
- ❑ **Sorting Method** – Sort the Pay Sheet either by Alphabetical increasing / decreasing, Employee number or by the Default method.

- Set the **F12: Configuration** screen as shown:

| Configuration                          |                      |                           | 780.00   | 150.00 |

Figure 22.154 Printed Pay Sheet 1B

While printing the Pay Sheet, you can choose to **Increase the Line Height** (for each employee line) if you want to create space for the employee's signature or to affix a stamp. Such a Pay Sheet can also be used as a salary disbursement register.

- Press **Alt+P** to print Pay Sheet and set the **Increase Line Height for Signature/ Stamp?** field to **Yes**

The printed **Pay Sheet** with space for signature/ stamp is as shown.

You can also **Email** or **Export Pay Sheet Report** in the manner as discussed in **Payslip** Section. The navigation steps for Emailing, Exporting Pay Sheet is similar to as explained in **Payslip** Report.

### Payroll Statement

A Payroll Statement is a columnar report which displays Group/Department-wise employees' break-up of selected earnings or deductions, for a specified month or period.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Payroll Statement**

- Select the required pay head and press **Enter**

The **Payroll Statement** for **Basic Pay** Earnings Head for the month of April 2009 is as shown:

| Payroll Statement     |  | Indus Solutions Pvt. Ltd. | Ctrl + M  |

Figure 22.158 F12: Configuration

The **F12: Configuration** options in **Payroll Statement Report** are as follows:

- ❑ **Remove Zero Entries** – Set this option to **Yes** to remove Earnings/ Deductions pay head information with Zero values.
- ❑ **Show Payslip Names for Ledgers** – Set this option to **Yes**, to view the names of pay heads as specified in the **Name to Appear in Payslip** field in the Pay Head master creation.
- ❑ **Include Employee Groups & Categories** – Set this option to **Yes** to display Category and Group-wise Employee information.
- ❑ **Show Category/Group Total** – Set this option to **Yes**, to display Category and Group-wise Totals.

- ❑ **Show Grand Total** – Set this option to **Yes**, to display the sum of all the pay head columns in the report.
- ❑ **Format** – Select the **Detailed** mode to view payroll information of employees with their respective categories and groups. Select the **Condensed** mode when only sum totals are required for each category and group.
- ❑ **Show Employee PF Account Number** – Set this option to **Yes**, to display the Provident Fund Account number of an employee.
- ❑ **Show Employee I.T. PAN** – Set this option to **Yes**, to display the Income Tax Permanent Account Number (PAN) of an employee.
- ❑ **Show Employee Bank Details** – Set this option to **Yes**, to display the Bank Account Number of an employee
- ❑ **Show Employee Number** – Set this option to **Yes**, to display the Employee Number of an employee.
- ❑ **Show Employee ESI Number** – Set this option to **Yes**, to display the State Insurance Number of an employee.
- ❑ **Show Employee Passport Details** – Set this option to **Yes**, to display an employee's passport details.
- ❑ **Show Employee Visa Expiry Date** – Set this option to **Yes**, to display an employee's visa expiry date.
- ❑ **Expand all levels in Detailed format** – Set this option to **Yes**, to expand all levels and display Employee details.
- ❑ **Appearance of Names** – Select the appropriate name style to appear in the Payroll Statement (Alias (Name), Alias only, Name (Alias), Name only).
- ❑ **Sorting Method** – Sort the Payroll Statement using Alphabetical (Decreasing), Alphabetical (Increasing), Bank details, Employee IT Pan Number, Employee Number, ESI Number, PF Account Number, Passport details or by the default method.

The **Employee PF Account Number, IT PAN Number, ESI Number, Passport Details, Visa Expiry Date** options will be available in **F12: Configure** only when the options, **Show Statutory details** and **Passport & Visa details**, are set to **Yes** in **F12: Payroll Configuration**.

The **Payroll Statement** with the above Configurations will appear as shown:

| Payroll Statement            |                   |                         | Indus Solutions Pvt. Ltd. | Ctrl + M  |

## Payment Advice

A Payment Advice is an intimation letter containing the details of employees with their bank account numbers issued to the banker to transfer a specified sum (salaries earned) to the employees' bank accounts.

As discussed earlier, the contents of the Payment Advice can be altered in **F12: Payroll Configuration** as per the employer's requirements.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Payment Advice**

The **Printing Configuration** for **Payment Advice** displays as shown:

| Printing Payment Advice                                                  |                       |                                                           |
|--------------------------------------------------------------------------|-----------------------|-----------------------------------------------------------|

Figure 22.162 Printed Payment Advice

- ❑ The **Payment Advice** will be available only when the Salaries are processed through **Bank Transfer** and a **Payment voucher** is passed for the salaries payable for a given month/period.
- ❑ You can also **Email** or **Export Payment Advice** in the manner as discussed in Payslip Section.

## Payroll Register

A Payroll Register is a month-wise transaction summary report which displays the number of payroll vouchers passed during a particular month. Additional information can be appended into the Payroll Register, by inserting a new column with the required voucher type i.e., Attendance, Journal, Purchases, Sales and so on.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Payroll Register**

The **Payroll Register** displays as shown:

| Payroll Register      |                                                                                 | Indus Solutions Pvt. Ltd. |              | Ctrl + M |  |

You can further drill down to transaction level, by selecting the required transaction and pressing **Enter**.

### Employee Pay Head Breakup

An Employee Pay Head Breakup report is a columnar report which displays the Group/Department-wise employees' breakup of a selected earnings or deductions pay head for a specified month/period. This report also displays the opening balance, debit and credit transactions and the closing balance for a specified period.

This report is also beneficial in tracking loan outstanding and instalments deducted till date or for any specified period.

Go to **Gateway of Tally > Display > Payroll Reports > Statements of Payroll > Employee Pay Head Breakup**

- Select the **required Pay Head** from the **List of Pay Heads** and press **Enter**

The **Employee Breakup of Pay Head** for **Basic pay** screen displays as shown:

| Employee Breakup of Pay Head |                                                                               | Indus Solutions Pvt. Ltd. |        | Ctrl + M           |

## Attendance Register

An Attendance Register is a month-wise transactions summary report which displays the number of attendance vouchers passed during the month. You can append additional information by inserting a new column with the required voucher type, i.e. Payroll, Journal, Purchases, Sales and so on.

Go to **Gateway of Tally > Display > Payroll Reports > Attendance Register**

The **Attendance Register** displays as shown:

| Attendance Register |  | Indus Solutions Pvt. Ltd.                                            |  | Ctrl + M     |  |
|---------------------|--|----------------------------------------------------------------------|--|--------------|--|
| Particulars         |  | Attendance<br>Indus Solutions Pvt. Ltd.<br>1-Apr-2009 to 30-Jun-2009 |  |              |  |
|                     |  | Transactions                                                         |  |              |  |
|                     |  | Total Vouchers                                                       |  | (cancelled ) |  |
| April               |  |                                                                      |  | 2            |  |
| May                 |  |                                                                      |  | 2            |  |
| June                |  |                                                                      |  | 2            |  |

| November            |  |                                                                      |  |              |  |
| December            |  |                                                                      |  |              |  |
| January             |  |                                                                      |  |              |  |
| February            |  |                                                                      |  |              |  |
| March               |  |                                                                      |  |              |  |
| Grand Total         |  |                                                                      |  | 6            |  |

Figure 22.177 Attendance Register

- Press **F12: Configure** and set the **Appearance of Names** and the **Periodicity to use** as shown

The **F12:Configuration** options in **Attendance Register** are as follows:

| Configuration       |                    | Periodicity    |
|---------------------|--------------------|----------------|
| Appearance of Names | : <b>Name Only</b> | 4 Week Month   |
| Periodicity to use  | : <b>Monthly</b>   | Daily          |
|                     |                    | Fortnightly    |
|                     |                    | Half Yearly    |
|                     |                    | <b>Monthly</b> |
|                     |                    | Quarterly      |
|                     |                    | Weekly         |
|                     |                    | Yearly         |

Figure 22.178 F12: Configuration for Attendance Register

Tally.ERP 9 allows you to drill down to the voucher register, from the Attendance Register screen for any kind of verification.

The **Voucher level** screen **from Attendance Register** displays as shown:

| Voucher Register                |                         | Indus Solutions Pvt. Ltd. |                           | Ctrl + M     |               |
|---------------------------------|-------------------------|---------------------------|---------------------------|--------------|---------------|
| List of All Attendance Vouchers |                         |                           | 1-Jun-2009 to 30-Jun-2009 |              |               |
| Date                            | Particulars             | Vch Type                  | Vch No.                   | Debit Amount | Credit Amount |
| 30-6-2009                       | Atul Sharma - Present   | Attendance                | 5                         |              |               |
| 30-6-2009                       | Ramesh Arora - Overtime | Attendance                | 6                         |              |               |

Figure 22.179 Attendance Voucher Register

You may further drill down to voucher level, by pressing **Enter** on the required transaction.

## 22.7.2 Expat Reports

Expat Reports provide information about regular as well as contractual employees, working abroad on a short/ long tenure or on assignment. They capture all the relevant information in respect of passport, visa and contract details along with the date of joining, the issuing country and the expiry date. In Tally.ERP 9, the following Expat reports are available.

- ❑ Passport Expiry
- ❑ Visa Expiry
- ❑ Contract Expiry

### Passport Expiry Report

The Passport Expiry Report provides information on the passport details of employees, such as passport number, country of Issue, passport expiry date and other details such as the employee's date of joining and email id.

Go to **Gateway of Tally > Display > Payroll Reports > Expat Reports > Passport Expiry**

The **Passport Expiry Report** displays as shown:

| Passport Expiry Report |                 | Indus Solutions Pvt. Ltd. |                 |                      | Ctrl + M <span>✕</span> |

Figure 22.180 Passport Expiry Report

- ❑ Press **F12: Configure** to configure additional options

The **F12: Configuration** screen appears as shown:

| Configuration          |             |
|------------------------|-------------|
| Show All Employees     | ? Yes       |
| Show Employee Number   | ? No        |
| Appearance of Names    | : Name Only |
| Sorting Method         | : Default   |
| Show Employee Email ID | ? No        |

Figure 22.181 F12: Configuration screen

**The F12: Configurations in Passport Expiry Report are**

- ❑ **Show All Employees** – Set this option to **Yes**, to view the passport details of all employees. It includes information on expired and unexpired passport details. If this option is set to **No**, Show Expiry in days will be available.
- ❑ **Show Expiry in days** – Set this option to **Yes**, to enter the expiry days. When **Show All Employees** and **Show Expiry in days** options are set to **No**, Tally.ERP 9 filters only those employee passport details, which are nearing the expiry date. If this option is set to **Yes**, **Expiry in next n days** will be available.
- ❑ **Expiry in next n days** – Set this option to **Yes**, to get the passport expiry details for the next specified number of days. On entering the number of days, Tally.ERP 9 filters the employee passport details which are likely to expire within the specified period (number of specified days). If this option is left blank, the report will denote the current date (last date of voucher entry).
- ❑ **Show Employee Number** – Set this option to **Yes**, to display the employee number of employees in the report.
- ❑ **Appearance of Names** – Select the appropriate name style to appear in the Passport Expiry Report (Alias (Name), Alias only, Name (Alias), Name only).
- ❑ **Sorting Method** — Sort employee details based on Employee Number, Passport Expiry Date (Ascending/Descending), or by the default method.
- ❑ **Show Employee Email Id** – Set this option to **Yes**, to view the email ids of employees.

**Button Functions in a Passport Expiry Report:**

- ❑ **F2: Change Period** – Allows you to change the period of the report.
- ❑ **F5: Employee Wise** – Allows you to display the Employee-wise Passport Expiry report.
- ❑ **F7: Employee Filters** – This option (**Ctrl+F7**) allows you to display the Passport Expiry Report for a particular Cost Category with the required Group or Employee.

Similarly **Visa Expiry** and **Contract Expiry** reports can be generated.

### 22.7.3 Payroll Statutory Reports

In Tally.ERP 9, you can display, print statutory forms and reports for Provident Fund (EPF), Employee State Insurance (ESI) and Professional Tax (PT) in the prescribed format as required by the statutes. The following Statutory reports are available in Tally.ERP 9 :

Figure 22.182 Payroll Statutory Reports in Tally.ERP 9

You can view Payroll Statutory reports either from Statutory Reports menu or Payroll Reports menu i.e., **Gateway of Tally > Display > Statutory Reports > Payroll Reports** or **Gateway of Tally > Display > Payroll Reports > Statutory Reports**

### **Provident Fund Reports**

As discussed, the following Provident Fund Reports are available in Tally.ERP 9:

- Computation report
- Form 5
- Form 10
- Form 12A
- Monthly Statement
- Form 3A
- Form 6A
- E-Return

In this section, we will generate each of the above forms / report and understand the purpose and information to be furnished.

#### **i. Computation Report**

The PF Computation Report provides the summary of Amount Payable and amount paid in respect of PF for a given period comprising of Employer Contributions, Employee Deductions and Employer's Other charges, if any. To view PF Computation Report, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Computation**

- Press **F2** and specify the period as **01-04-2009** to **30-06-2009** and press **Enter**

The **Payroll Statutory Computation Report** appears as shown:

| Payroll Statutory Computation      |  | Indus Solutions Pvt. Ltd. |  | Ctrl + M        |  |

You can further drill down to **Employee Breakup** of Pay Head report and from their to Employee Vouchers and so on, by pressing **Enter** on the required ledger from the above screen.

## ii. Form 5

As per the Employees' Provident Funds Scheme, 1952 [para 36 (2)(a)], a return is required to be submitted in Form 5 within 15 days of the following month detailing the list of Employees qualifying for membership to the Employees' Provident Fund for the First time during every month.

Form 5 is a monthly Returns to be submitted with the details of any new employee covered under EPF. In Tally.ERP 9, you can generate Form 5 in the prescribed format containing the details of the new joiners in the organisation for the selected month. To generate the PF Form 5 for the month of June 2009, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > Form 5**

In the **Payroll Statutory Print Configuration** screen,

- ❑ Specify **01-04-2009** and **30-04-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category**, **Employee/Group** and **Sorting Method**

- Specify **07-05-2009** in the **Date** field

The completed **Payroll Statutory Print Configuration** screen is as shown:

| Payroll Statutory Print Configuration |                                      |                        |                                         |

the Factory/Establishment

Figure 22.188 PF Form 5

In our case study, there are two new employees joined during the month of June 2009 and thus Form 5 contains the details of the above employees.

### iii. Form 10

As per the Employees' Provident Funds Scheme, 1952 [para 36 (2)(a) & (b)], a Return is required to be submitted in Form 10 within 15 days of the following month detailing the list of members leaving service during the month.

Form 10 is a monthly Return to be submitted with the details of employees leaving the organisation. In Tally.ERP 9, on resignation or retirement or expulsion of any employee, the date of leaving is required to be specified in the Employee master of such employee. The **Date of Leaving** option in the Employee Master appears, in alteration mode. The Form 10 will contain the details of Employees for whom the date of leaving is specified in the Employee Master.

You can generate Form 10 in the prescribed format containing the details of the employees resigned for the selected month. To generate the PF Form 10 for the month of August 2009, follow the steps given below.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > Form 10**

In the **Payroll Statutory Print Configuration** screen

- ❑ Specify **01-09-2009** and **30-09-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category, Employee/Group** and **Sorting Method**
- ❑ Specify **10-10-2009** in the **Date** field

The completed **Payroll Statutory Print Configuration** screen is as shown:

Figure 22.190 Printed Form 10

#### iv. Form 12A

As per the Employees' Provident Funds Scheme, 1952 [para 36(1)] and the Employees' Pension Scheme 1995 [para 20(4)] and the Employees' Deposit Linked Insurance Scheme, 1976, a consolidated Statement of dues and remittance is required to be submitted by 25th of the following month to which the dues relate.

You can generate Form 12A in the prescribed format containing the details of the amount of contribution, amount of contribution remitted and the date of remittance in respect of EPF, Pension Fund and EDLI Contribution for the selected month. To generate the PF Form 12A for the month of August 2009, follow the steps given below.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > Form 12A**

In the **Payroll Statutory Print Configuration** screen

- ❑ Specify **01-04-2009** and **30-04-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category, Employee/Group** and **Sorting Method**
- ❑ Specify the **Name & Address of the Bank**
- ❑ Set **Include VPF Account** to **No**
- ❑ Specify **0** in the **Number of Contract Employees** field
- ❑ Press **Enter** to accept **0** in **Number of Rest (Temporary Employees)** field

The completed **Payroll Statutory Print Configuration** screen is as shown.

### vi. Form 3A

As per the Employees' Provident Funds Scheme, 1952 [para 35 & 42] and the Employees' Pension Scheme 1995 (Para 19), a Form (Member's Annual Contribution Card) showing month wise recoveries towards EPF and Pension Fund in respect of a member for one financial year is required to be furnished by the employer before 30th April of the following year.

Form 3A is an annual contribution card to be furnished for each employee in separate sheet to EPFO. To print Form 3A, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > Form 3A**

In the **Payroll Statutory Print Configuration** screen

- ❑ Select **Primary Cost Category** in the **Cost Category** field
- ❑ Select **All Items** in the **Employee/Group** field
- ❑ Specify **01-03-2009** and **28-02-2010** in the **From** and **To** fields respectively
- ❑ Set **Include VPF Account** to **No**
- ❑ Select the Employee Name in the **Sorting Method** field
- ❑ Specify **28-02-2010** in the **Date of Printing** field

The completed **Payroll Statutory Print Configuration** screen will appear as shown:

| Payroll Statutory Print Configuration |                       |                   |                                           |

The next page will contain the Contribution Card in Form 3A for the next employee.

## vii. Form 6A

As per the Employees' Provident Funds Scheme, 1952 [para 43] and the Employees' Pension Scheme 1975 [para 20], a Form (Consolidated Annual Contribution Statement) providing annual contributions of each member of the establishment is required to be submitted by 30th April.

Form 6A is vital form for compiling the annual Provident Fund statement of a subscriber. In Tally.ERP 9, you can generate Form 6A in the prescribed format. To print Form 6A follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > Form 6A**

In the **Payroll Statutory Print Configuration** screen

- ❑ Specify **01-03-2009** and **28-02-2010** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category**, **Employee/Group** and **Sorting Method**

The completed **Payroll Statutory Print Configuration** screen will appear as shown:

| Payroll Statutory Print Configuration                                                                                                                                                                       |                       |                     |                                         |

### viii. E-Return

In Tally.ERP 9 , you can also generate **PF Form 3A** in **.xls** format for e-filing purposes.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Provident Fund > E-Return**

In the **Exporting Form 3A Configuration** screen

- ❑ Select **Default (All Languages)** in **Language** field
- ❑ Select **Excel (Spreadsheet)** in **Format** field
- ❑ Specify the **Export Location**
- ❑ Specify **Output File Name** as **Form 3A.xls**
- ❑ Specify **Output Sheet Name** as **Form 3A**
- ❑ Set **Yes** in **Update Existing file, Excel (Spreadsheet) Formatting, with Colour** to **Yes**
- ❑ Specify **01-03-2009** and **28-02-2010** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category, Employee/Group** and **Sorting Method**

The completed **Exporting Form 3A Configuration** screen will appear as shown:

| Exporting Form 3A                          |                           |

| <div>Export ?</div> <div>Yes or No</div>   |                           |

Figure 22.200 E-Return

- ❑ Press **Enter** to Export the file

The exported file (E-Return) will be placed in the default Tally.ERP 9 directory.

## Employee's State Insurance Reports

As discussed, the following ESI Reports are available in Tally.ERP 9:

- ❑ Computation Report
- ❑ Form 3
- ❑ Monthly Statement
- ❑ Form 5
- ❑ Form 6

In this section, we will generate each of the above forms / report and understand the purpose and information to be furnished.

### i. Computation Report

The ESI Computation Report provides the summary of Amount Payable and amount paid in respect of ESI for given period comprising of Employer Contributions and Employee Deductions. To view ESI Computation Report, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Computation**

- ❑ Press **F2** and specify the period as **01-06-2009** to **30-06-2009** and press **Enter**

You can further drill down to Employee Breakup of Pay Head report and from their to Employee Vouchers and so on, by pressing **Enter** on the required ledger from the above screen.

## ii. Form 3

As per Regulation 14, a declaration form in Form 3 is required to be filed for every Half Yearly stating the list of Employees whose remuneration is not exceeding Rs. 10,000/- per month. To generate ESI Form 3, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Employee State Insurance > Form 3**

In the **Payroll Statutory Print Configuration** screen,

- ❑ Specify **1-04-2009** and **30-09-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category, Employee/Group** and **Sorting Method**
- ❑ Select the required **Gender** from the List of Gender field
- ❑ Type **Bangalore** in the **Place** field

- Specify **10-10-2009** in the **Date of Printing** field
- Type the **Designation** details of the person submitting the declaration form

The completed **Payroll Statutory Print Configuration** screen will appear as shown:

| Payroll Statutory Print Configuration                                                                                                                                                                                                                                                                                                      |                       |                     |                                        |

Figure 22.206 Printed Form 3

### iii. Monthly Statement

The ESI Monthly Statement provides a summary of Employee wise monthly ESI Employee Deductions and Employer Contribution amount. To print ESI Monthly Statement, follow the steps given below:

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Employee State Insurance > Monthly Statement**

In the **Payroll Statutory Print Configuration** screen,

- Specify **01-06-2009** and **30-06-2009** in the **From** and **To** fields respectively
- Select the required **Payroll Category**, **Employee/Group** and **Sorting Method**

The completed **Payroll Configuration Print screen** will appear as shown:

| Payroll Statutory Print Configuration                                                                                                                                                                                                                                           |                       |                   |                                         |

#### iv. Form 5

As per Regulation 26, a Return of Contribution in Form 5 is required to be submitted to the appropriate Branch Office within 42 days of the expiry of the contribution period (i.e, 12th May or November 11th of each year). Such return of contribution should be prepared in quadruplicate and submitted separately for the main Code Number and each sub-code number.

The employer may make compliance from the parent unit and submit only one return in respect of all the branches or may make compliance through their Branch Offices/ Sales Offices separately in the Regions where such offices are located.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Employee State Insurance > Form 5**

In the **Payroll Statutory Print Configuration** screen

- ❑ Specify **01-04-2009** and **30-09-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category**, **Employee/Group** and **Sorting Method**
- ❑ Select the required **Display Employee Name Style** in **Appearance of Employee Names** field
- ❑ Specify **Bangalore** in the **Place** Field
- ❑ Specify **30-09-2009** in the **Date of Printing** field
- ❑ Type the name of the Signatory in the **Authorised Signatory Name** field
- ❑ Type the **Designation** details of the signing authority
- ❑ In the **Residential Address** field provide the Home Address of Authorised Signatory

The completed **Payroll Statutory Print Configuration** screen for ESI Monthly Statement is as shown:

## Professional Tax Reports

As discussed earlier, Professional Tax is applicable to those individuals or professionals in India who are involved in any profession or trade. The state government of each state governs and administers the levy and collection of Professional Tax in the respective State. The state is empowered with the responsibility of structuring as well as formulating the professional tax criteria for the respective state. Professional tax is charged on the incomes of Individuals, profits of business or gains in vocations as per the list II of the Indian Constitution.

In India, the professional tax slabs are different for all the states in India and some of the states have formulated different professional tax slabs for men, women and the senior citizens of the respective states. The rates depend upon profession, years in the profession and the amount of income or turnover and so on.

In Tally.ERP 9, based on the Slab Rates defined in the Professional Tax Ledger, the Professional Tax Report is generated, capturing the amount of Professional Tax deducted under each slab rate.

### i. Professional Tax Computation Report

The Professional Tax Computation Report provides the summary of Amount deducted as Professional Tax in accordance with the Slab rates applicable for the particular state, from the Earnings of the Employees exceeding the prescribed threshold limits.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Professional Tax > Computation Report**

- From the **List of Ledgers** drop down, select **Professional Tax** and press **Enter**, the Payroll Statutory Print Configuration screen appears
- In the **Payroll Statutory Print Configuration** screen,
  - Specify **01-06-2009** and **30-06-2009** in the **From** and **To** fields respectively
  - Select the required **Payroll Category, Employee/Group** and **Sorting Method**
  - Type **Bangalore** in the **Place** field
  - Specify **30-06-2009** in the **Date of Printing** field

The completed **Payroll Statutory Print Configuration** screen will appear as shown:

## ii. Professional Tax Statement

The Professional Tax Statement provides the summary of Employee wise Gross Wages paid, No. of Working Days and the amount of Professional Tax deducted during the selected period. To generate the Professional Tax Statement for a month,

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Professional Tax > Statement**

- ❑ From the **List of Ledgers** drop down, select **Professional Tax** and press **Enter**, the Payroll Statutory Print Configuration screen appears
- ❑ In the **Payroll Statutory Print Configuration** screen, specify **01-06-2009** and **30-06-2009** in the **From** and **To** fields respectively
- ❑ Select the required **Payroll Category, Employee/Group** and **Sorting Method**

The completed **Payroll Statutory Print Configuration** screen will appear as shown:

| Payroll Statutory Print Configuration |                       |                   |                                           |

Figure 22.220 Printed Professional Tax Statement

You can view **PT Computation Report** from **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Computation** menu, detailing Professional Tax collected and paid during a given period in the manner as discussed in **Provident Fund Computation Report** section.

## Gratuity Report

The Gratuity Report displays the provisional liability of an employer towards his employee in respect of gratuity payable at the time of cessation of employment either by resignation, death, retirement or termination.

The Gratuity Summary Report displays the gratuity amount payable in accordance with the pay components and formulae defined in the ledger master, as discussed earlier. In Tally.ERP 9, the Gratuity amount is calculated proportionately for eligible days in a year to the extent of completed months of service.

You can view Gratuity Report either from Statutory Reports menu or Payroll Reports menu i.e., **Gateway of Tally > Display > Payroll Reports > Statutory Reports** or **Gateway of Tally > Display > Statutory Reports > Payroll Reports**.

Go to **Gateway of Tally > Display > Payroll Reports > Statutory Reports > Gratuity Report**

The **Gratuity Report** for the Employees eligible for Gratuity will appear as shown:

Figure 22.221 Gratuity Summary Report

In order to ascertain the **Gratuity** payable amount, set **Use for Gratuity** to **Yes** in the Pay Head master (i.e. Basic Pay, Dearness Allowance etc.)

**Button Options in the Gratuity Report:**

- ❑ **F4: Change Currency** – Allows you to display the report in any other foreign currency other than base currency.
- ❑ **F5: Employee Wise** – Allows you to display the Employee-wise Gratuity report.
- ❑ **F7: Employee Filters** – This option (**Ctrl+F7**) allows you to display the Gratuity report for a particular Cost Category with the required Group or Employee.

The above report displays the details of all employees' along with the Date of Birth, Date of Joining and the Gratuity Eligible Salary, besides commenting on the total Gratuity liability as on date. Press **F12: Configure** to configure for additional options

| <u>Configuration</u>            |             |
|---------------------------------|-------------|
| Show Employee Number            | ? Yes       |
| Show Date of Birth              | ? Yes       |
| Show Zero Valued Employees also | ? <b>No</b> |

Figure 22.222 F12: Configuration screen

Tally.ERP 9 allows you to drill down to the **Gratuity Details report** from the above display.

- ▣ Select the required employee and press **Enter**

The **Gratuity Details** screen displays as shown:

Figure 22.223 Gratuity Details Report

*Once the employee is deactivated (i.e., when the date of leaving is filled in the Employee master), Tally.ERP 9 stops computing Gratuity for the deactivated employee. If the tenure of service of such an employee falls below the eligible slab for gratuity calculation, he/she will not be entitled for any gratuity amount. However, in cases where the tenure of service is spread over more than one eligible slab(s), he/she will be entitled to the sum total of all the slabs.*

### Points to Remember

- ❑ Payroll is the process of maintaining records of all employees' salaries.
- ❑ The Payroll function in Tally.ERP 9 facilitates accurate and timely employee payments.
- ❑ The Attendance/Production Type is used to record attendance and production data.
- ❑ Salary components constituting Pay Structures are called Pay Heads.
- ❑ Gratuity is a monetary benefit paid by an employer to an employee, at the end of the employment, for the services rendered over the period of employment.
- ❑ Attendance voucher is a voucher type used to record attendance, over-time, leave or production details.
- ❑ Payroll voucher is used to record employees' payroll related transactions.
- ❑ Payslip is a document, issued to an employee, that itemises each component of his/her earnings and deductions.
- ❑ Pay Sheet is a matrix report with details of pay heads pertaining to employees.
- ❑ Payroll Statement helps to generate reports for specific pay heads.
- ❑ Attendance Sheet displays information relating to employees' attendance or production data.
- ❑ Gratuity Summary Report calculates the liability of a company in terms of gratuity.
- ❑ Expat Report provides comprehensive information about employees who are abroad, on short/ long-term assignments.
